## Pro and Con Scrutiny of A Tax Bill

(Ed. Note: Normally Robert Kahn's "Pro and Con" column appears on the Sun's Editorial Page. But this week he came up with a mass of material, so important that we felt it should be given the space it deserves.)

(By now most of us have received our property tax bill. You probably didn't have time to peruse the fine print showing a tax comparison of the various areas.)

(But Kahn has. Directly beneath is a chart showing a breakdown of the various tax rates for Central County communities. Then, of course, our learned columnist has a few choice comments of his own about the tax structure. We think you'll find all of this not only informative and revealing, but very interesting.)

### A COMPARISON OF PROPERTY TAXES FOR FOUR AREAS Based on a house assessed at \$5,000—indicating approximate market value of \$20,000

Type of Tax	Lafayette	Orinda	Pleasant Hill	Walnut Creek
Elementary School	158.85	155.75	161.55	161.55
High School	118.55	119.00	118.55	118.55
Unified School Dist.			262.75	
Junior College	20.80	20.80	20.80	20.80
Special School Levies	.20	.15	.15	.15
<b>Total SCHOOL TAXES</b>	<b>298.40</b>	<b>295.70</b>	<b>283.70</b>	<b>301.05</b>
Basic County Tax	117.25	117.25	117.25	117.25
Fire Protection	50.40	54.40	43.10	43.10
Sanitary District	28.50	28.50	28.50	28.50
Mosquito Abatement	1.25	1.25	1.25	1.25
Cemetery District	1.40			1.40
East Bay M.U.D.	10.00	10.00	10.00	10.00
Rapid Transit	4.20	4.20	4.20	4.20
Recreation District			23.10	
Library (building)	3.75		5.00	
Basic City Taxes				47.50
Bay Area Pollution	.50	.50	.50	.50
Flood Control	10.00	10.00	10.00	10.00
Hospital District			8.45	8.45
<b>TOTAL TAX BILL</b>	<b>\$525.65</b>	<b>\$512.80</b>	<b>\$535.05</b>	<b>\$573.20</b>

By ROBERT KAHN

As a Halloween "trick or treat" the County Tax Collector sent out property tax bills.

Only about half the people in this area actually see their tax bill—in the case of the other half the bill goes to the mortgage holder and the payments are included "painlessly" in the monthly payments.

There continues to be a feeling on the part of many people that there are just two kinds of taxes—county taxes and city taxes.

Let's study the table.

I have grouped at the top the various taxes that go for education—because this represents over half of your property taxes. You will note that it is different in each area. Lafayette, Orinda and Walnut Creek have separate elementary and high school districts. Pleasant Hill is part of a "unified school district"—which means that both elementary and high schools are in the same district. All four areas are in the junior college district which covers the entire county.

For this 25 percent of your taxes you get police protection (in unincorporated areas), road construction and maintenance, welfare services, a county hospital, a district attorney, assessment and tax collection service, parks (we hope!), planning (always controversial), a public health department, supervision of weights and measures—and many other items including an always-controversial Board of Supervisors and a citizen-protecting Grand Jury.

But now we must look at the dozen or so other agencies that put their hand in your pocket each year through the tax bill. These are the agencies that nobody ever watches. Few, if any, people attend the meetings of the governing bodies. In some cases you may not even recognize their names. In at least one case, the East Bay Municipal Utility District, it appears that they are trying to hide the fact they are a tax-supported agency with elected representatives. Their trucks have an emblem plus the words "pure water." Their most recent bill suggests that you make the check payable to "East Bay Water."

Fire protection is by individual districts or through county districts (controlled by the Board of Supervisors). The tax shown includes both operations and bond retirement and service, if any.

The sanitary district is uniform in the example—but all of the area covered by The Sun is not in the district.

Mosquito abatement is one of the lesser districts that just goes on its own way. However, such districts, despite the few pennies a month that they cost, should always be reviewed. For example, when the mosquito problem in the county got under control (and the control has been excellent) and the possibility existed to drop the tax rate a bit, the district took the other alternative of extending their services without prior voter approval to such items as fly control. Although the cemetery district doesn't cost much either, only \$1.40 a year in Lafayette and Walnut Creek (and Alamo) to the family with a \$20,000 home, I think there is a real question about the wisdom of having to pay taxes to provide a cemetery.

Rapid transit is currently in the news and there is little reason to dwell on it—except to point out that within the next 10 years the \$4.20 cents will grow greatly.

Only Pleasant Hill, in our example, has a park and recreation district. This has done a major job for Pleasant Hill residents—but the fact that \$23.10 goes into this district is one of the reasons why Pleasant Hill can operate without a city tax rate.

Library taxes for Lafayette and Pleasant Hill represent the decision of citizens to build new library buildings. All of the operating cost comes out of the county tax funds.

Walnut Creek levies a basic city tax. Pleasant Hill could—but has decided they do not need additional funds. Lafayette and Orinda are unincorporated and so cannot have city taxes. In cities such as Walnut Creek the State controls the maximum tax rate—\$1 per \$100 of assessed valuation (Walnut Creek could thus increase the tax in our example to \$50). There are a few minor special purposes that can raise the maximum tax over \$1—and there can always be the cost of retiring bonded indebtedness that has been approved by two-thirds of the voters.

Bay Area Pollution is the smallest item—and includes both air and water pollution.

Flood control varies with the area—and in many cases with the facilities provided. Flood control costs, particularly the costs of improvements, are especially hard to allocate.

## Three Injured In Rear Ender On Highway 24

By CONNIE PIKE

A downpour Tuesday afternoon left Highway 24 flooded and covered with debris for several hours west of Orinda and resulted in at least one accident on that road.

Westbound traffic lanes were impassable west of Orinda owing to boulders and mud in two of the lanes, the California Highway Patrol reported. Eastbound lanes were flooded.

At 4:31 p.m. the road west of Orinda to the tunnel was closed, with traffic diverted to Camino Pablo, Orinda, and the San Pablo Dam Road. But by 6:50 p.m. the Division of Highways had cleared the road and normal traffic was resumed.

ORINDA TOPPED the list in rainfall with 1.43 inches. Lafayette recorded 1.2 inches. Danville 1.06 and Walnut Creek .95.

The accident occurred west of the Charles Hill Road overcrossing about 5:30 p.m. when a westbound car driven by Leslie Berzevich, 50, of 6325 Fairmount Street, El Cerrito, struck the rear of a car driven by Betty R. Goldhagen, 39, of 3168 Condit Road, Lafayette.

CHP officers said both drivers and a passenger, Helen B. Berzevich, 50, were taken to Herick Hospital with moderate injuries. Berzevich was treated

and released, and Mrs. Berzevich was reported in good condition at the hospital with a shoulder injury.

MRS. GOLDHAGEN was transferred to Merritt Hospital, where she was treated and released.

Traffic was reported tied up for more than an hour and a half in both directions.

Rain and wet conditions will hold up construction on the tunnel road, it was reported by Resident Engineer Irwin W. Black, particularly at the western portal of the third tunnel.

Minor alterations in drainage plans will be needed, he said, which have been pointed up by the storm. He stressed the need to observe the 35-mile speed limit and said there has been an average of one accident a week on the stretch of road.

"In wet weather it is extremely hazardous," he said.

THE CENTRAL county area appears to have gotten by well, Victor Sauer, director of the department of public works, said. Storm damage was minor, although crews worked during Tuesday night making repairs.

Sauer said creek beds and drainage ditches had already been cleared, forestalling flood damage, and noted the work will be started even sooner next year.

Homeowners in the vicinity of Reliez Station Road and the Sacramento Northern right of way, Lafayette, called in protests of muddy conditions where the Central Contra Costa Sanitary District is laying a sewer trunk line.

Mt. Diablo Boulevard, Lafayette, turned to mud in some areas, particularly at entrances to side streets adjoining the current street work. The paving contractor continued to spread crushed rock along the unpaved curb lanes to enable cars to move adequately.

Although the rainfall was heavy, officials said it drained well and conditions returned quickly to normal.

## Orinda Awarded First Place in Downpour

Orinda was distinguished this week with the heaviest rainfall in the central county, with 1.43 inches Tuesday.

Day	High	Low	Rain
Friday	70	34	.04
Saturday	62	39	
Sunday	61	41	.44
Monday	60	48	.51
Tuesday	63	53	1.43
Wednesday	65	37	.07
Thursday	65	39

## Report Based on School District Boundaries

MIRAMONTE STUDENT BOARD—Members of the Miramonte High "Student Advisory Board" check over a list of "cases" handled by the Board so far this year at the Orinda High School. The Board serves as a student-to-student counseling body handling campus student department activity. Board "justices," seated, left to right, Georgina Smith, Nancy Alvarez, Ken Germann, Mike Yedidia, chief justice; standing, Phil Kenney, John Ronald, and dean of boys Robert Callan, faculty advisor.

## Advisory Board Members Named

Chief Student Justice Mike Yedidia of the Miramonte High School Student Advisory Board has announced the board membership for the current 1963-64 school year. Representatives chosen from each of the high school's classes make up the panel.

Student Advisory Board members for the current school year: Nancy Allen and Ken Germann are senior members; Nancy Alvarez and Kent Alm, juniors; Madeleine Le Protti and John Ronald, sophomores; and Georgia Smith and Phil Kenney, freshmen.

The board functions as a "counseling group" rather than a punitive student court. Justices discuss campus department problems with individual students and attempt to resolve differences in a satisfactory manner, student-to-student.

Miramonte dean of boys Robert Callan explains that, "The Student Advisory Board system is a joint student body-administration effort to work closely together and maintain the type of spirit that continues to reflect the basic attitude of Miramonte pupils."

Student behavior problems that do not fall into the realm of the Advisory Board's function are dealt with directly by the teaching staff, Callan reports. In all cases, the final authority for action on pupil department rests with the principals and deans.

The Advisory Board system encourages self-discipline, Callan says.

## Real Estate To Build New Luxury Motel

Clyde R. Gibb, well known real estate enterpriser of Lafayette, has announced that he will build a new 100-room Thunderbird Lodge in Oakland's Jack London Square.

"The decision to go ahead with this project is another vote of our confidence in the continuance of the growth and importance of the whole bay area," said Gibb.

Design of the project is by James Rector Lucas, prominent Orinda architect.

## Parents to Be Warned

County school bus officer Herbert Lessley told Orinda School District trustees and an audience of parents 12-year-old David Liu had been warned twice not to cross busy Moraga Highway when leaving his school bus.

Lessley said driver Bobby Thompson had so warned the boy, and that the relief man driving the bus when the boy was struck by another car Oct. 21 knew the bus route, but did not know the children's stops.

CALIFORNIA Highway Patrolmen said the driver of the car, Jean Breaugtan, was not negligent and the boy was at fault in leaving the bus at the wrong stop.

Mrs. C. T. Liu, mother of the boy, told The Sun the burden of proof lies with the Acalanes High School District transportation office, headed by Axel Rasmussen.

She said David had been warned only to be careful when leaving the bus, along with other students. He was not singled out for special warning, she said.

David is reported in good condition at Kaiser Hospital, Walnut Creek, where he is recovering from two broken legs and a broken collarbone.

NO FURTHER action on the case will be taken by the CHP or the Department of Motor Vehicles, Lessley said. He suggested the school district form a punitive policy against students who disobey traffic safety rules.

Parents objected the bus should not have made the stop on the east side of the highway near Camino Encinas, since no passengers were to get off there.

Rasmussen said the boy who left the bus with David lives there, only to be told that was not true, that he lives on the west side of the street.

But, parents said, he's been getting off on the wrong side for three years. District Superintendent Joseph Sheaff said in body should get off there—that it is not a scheduled stop.

Rasmussen said if that is true, he'd see a stop was put to it. BOARD president J. Gordon

## 'Minimum Service Level' Is Comparison Basis

By JANE PUTNAM

(Editor's note: The following is a condensation of the Orinda Incorporation Study accepted by the Orinda Association October 25. The 50-page, objective report was prepared by a nine-man committee. It took over eight months to compile. For residents who would like to peruse the entire study, there are three copies available in the Orinda library.)

PURPOSE OF the report was to make an objective, fact finding study of the incorporation of Orinda. It was completed without any cost to the Orinda Association. County officials aided.

Association President Harry Fledderman named the committee March 7, 1963. Walter Treanor was chairman. Members were Vic Kingston, John T. Banister, Clarence Beitz, John Buchanan, James Keating, Charles Legge, Don Manuel and Sam Weed.

TERRITORY INVOLVED was the Orinda Union School District. Assessed taxable land value in the district is \$13,065,970. Total valuation (land and improvements) is \$41,249,875.

Level of services, present and future, was compared whenever possible to the present "minimum service level."

FOUNDATION FIGURES were based on an estimated population of 23,202 with a projected annual city budget of \$505,000.

Taxes to the county or special districts would not be reduced by the act of incorporation.

The State does disburse certain state revenues, from its general and special funds, to incorporated areas, without imposition of additional direct taxes. The city council also has the power to raise additional revenues within the city boundaries.

CITY SERVICES fall into three categories: obligatory, optional, and administrative/supervisory. Many of these are now performed by the county. A city could contract for their continuance.

Services which a city must perform (not including special districts) are the following, now being performed by the county: 1. Planning and zoning of land and building use.

2. Police protection and law enforcement.

3. Street construction and maintenance.

4. Building regulation and inspection.

5. Enactment of local laws and legislation within the police powers of the local government.

THE REPORT delves into these services, as now performed by the county, and projects examples of how they might be handled by a city.

For example, there are 99 miles of road subject to county maintenance, which costs in a normal year \$171,196. This breaks down to \$2,100 per mile of primary road and \$1,600 per mile of secondary road.

Last year alone, for the 1962-63 winter, storm repairs to roads was approximately \$275,000. For the 1960-61 winter, only \$500 was spent on this item.

"Should Orinda become incorporated it would appear essential that there be a budgeting program set up to provide for contingencies of this nature."

ADDITIONAL SERVICES which a city may provide include hospitals, cemeteries, refuse collection, sewage disposal, street lighting, parks and playgrounds and 16 others are listed.

ADMINISTRATIVE OFFICIALS required for a city are: five city councilmen, clerk, treasurer, chief of police and mayor. Optional offices are city manager, city attorney, superintendent of streets, civil engineer and stenographic and clerical personnel.

Office space, as well as other expenses for the city's administration are shown in the study. The committee studied costs of general government of 10 cities "similar" to Orinda. The general government expenses for these cities ranged from a high of \$424,339 (37% of total expenditures) by Walnut Creek to a

low of \$28,191 (29.58% of total expenditures) for Los Altos Hills.

ANNUAL COST of operating an incorporated Orinda can be approximately \$505,000, with the following distributions:

General government, \$134,000; Public Safety and police, \$135,000; Public Works, \$171,000 (storm damage and capital projects), \$60,000; Miscellaneous, including ambulance, parks, etc. \$5000.

THREE SOURCES of city revenues are: subventions (such as gasoline taxes); Federal State and County revenues (emergency flood relief, etc.); and revenues which the city itself

## Incorporation Report to Be Discussed Soon

Orinda citizens are invited to attend a meeting about incorporation to be held by the Civic Affairs Committee Monday at 8 p.m. in the Orinda School. A recently completed incorporation study report will be the subject under discussion.

"This report was the result of several months of intensive investigation," said Civic Affairs Committee Chairman Charles A. Legge, "and it is now pending before the board of directors of the Orinda Association."

Chairman Legge stressed that the meeting will be an opportunity for Orinda residents to ask questions and express opinions on the incorporation study.

Walter Treanor, chairman of the committee which made the study, will present the committee findings and summarize the incorporation study. There will also be other members of the committee present to answer questions from the floor.

"The report is an important subject for the community," said Chairman Legge, and urged all residents to attend the meeting.

In case any interested party desires to study the report independently, copies have been placed in the Orinda Library, or can be obtained from any member of the Orinda Association.

may raise (i.e. property taxes, business and professional licenses, fines, etc.).

The study touches on each phase of the sources, amounts of revenues required to meet the costs of operating a city.

PROCEDURES FOR INCORPORATION are outlined by the committee. This doesn't mean it is advocating such a move. It is submitted because of the impact of TIMING.

"Incorporation after February 1 of any year would be dangerous, because the county would cease performing services the following June 30 and

## Suburbia Scribblings

By MARIE MONAHAN

### One For The Money . . .

**SOME TRICK.** All Treat; Bill Fiset's Hallowe'en column in the Trib last week . . . Denise Detloff, for one, was still chuckling four days later.

Reports roundabouts, from Sleepy Hollow to Warford Mesa, indicate everyone was on Best Sunday School Behavior, but after all, we don't have to go to extremes, do we? I mean, a little of the Happy Medium would be better.

There weren't so many adults dropping in for drinks around town under the pretext of chaperoning their Small Fry. And if they did, they didn't linger as long, like till 2 a.m. or later . . .

**FOR A FEW YEARS** there, I was sure we (adults) were going to take this holiday away from the kids. Maybe we've spoiled the fun & excitement of the big night. I didn't see one soaped window, darn it; but smashed eggs & tomatoes I can do without, thanks. Mainly because it's a waste of good food. Come to think of it, we didn't see any of those either. Which is GOOD.

There are still a few streets around town famous for free-loading & merrymaking adults on Hallowe'en Night. But if the youngsters made as much Whoopie, they'd never hear the end of it!

Let's give Hallowe'en back to the kids on a happy medium basis. Kids, like Ten & Under, for Trick & Treating . . . & parties w/old-fashioned flavor & fun for the older ones . . . Perhaps dances at the various schools w/proceeds to be split by both UNICEF & AFS. Next year, Hallowe'en falls on a Friday night so it's something to think about & perhaps plan for now.

**WHEN** it comes to good old-fashioned spirit, the Jim Hupp's house was the hit of the neighborhood. The kids all had a turn bobbing for apples; something some of them had never had a try at before.

**INEZ & Bill Maeshner** covered a lamp post in their driveway w/a white sheet & the effect really spooked the small fry. . . . Ditto the Ed O'Reillys across the street who fashioned Ghostie in their front yard.

**Proudest Pop, GrandPOP** that is, in the Orinda School's traditional costume parade was School superintendent Joseph Sheaff who led onto the field w/his tiny granddaughter Kate in tow . . . Elaine Moore, out shopping, pointed rather wistfully that she "missed the school parade" now that her youngsters were grown & I'll admit we were tempted to "go see" except that it meant skipping our 2 1/2 yr. old tyke's nap. & after all, we need it even more than SHE does . . .

**Collector's Item:** The cartoon in LOOK, Nov. 5 issue, showing a gruesomely masked matron serving a drink to her tiger-faced husband: "Do you realize that this is the first time we've done anything on Hallowe'en in fifteen years?"

**HORROR OF HORRORS:** The horrid hunchback who showed up snarling at our door & speared a gumdrop from the trick & treat tray w/a hooked arm (a clotheshanger protruding his suit sleeve). We learned later it was Jim Davison having the time of his life & chaffeurage about a dozen neighborhood moppets around the area. Also, it's his one chance a year to stock up on Bubble Gum.

**AND** that wasn't Hermione Gingold at the Theodore Howes' . . . It was just neighbor Ted teaming a blonde curly wig to a face mask that could launch a thousand quips. Which he did.

**AND** that Dalmatian dog riding between a Gypsy & a Shiek down El Toyonal was Sylvia Cox w/husband Bob & English houseguest en route to a costume party . . . & the John Cronin's contemporary house at the end of Miramonte Rd. looked like Hernando's Hideaway last Sat. for the mixed-up motley crew of costumed couples for the masquerade event they hosted.

**INFLATION NOTE:** Fruit Cocktail stamped 21 cents per can you could have "on sale" last week at Lucky's at 4 cans for 89. You don't need MSG to figure that out.

Overheard at the Allegro Ball: "Never mind the rhythm, dear. Just dance." And w/Russ Morgan's marvelous music, who cares?)

### Two For The Show . . .

**SHADES OF THE** old Absurdia In Suburbia Show put on years ago by the former Orinda Mothers' Club! That's what we were reminded of watching the marvelous Corn that grew out of Orinda Country Club's "Orinda FOOLIES" last Saturday nite.

It was a delightful show, a gasser; Turned & Timed just right. In fact, the finale left you laughing & still wanting more.

**Charles Townsend**, a skilled M.C. w/a rare & easy repartee, introduced a little social satire into his seemingly spontaneous lines when he did a bit of integrating the golfers w/the tennis players; Golfer: "It wasn't that he didn't like tennis players & he really didn't mind having them around but now honestly, would you want your daughter to marry one?"

**CHORUS GIRLS** there were too: Orinda Dollies of '63 doing their kneesies & high kicks were Wanda Jaekle, Barbara Rieser, Betty Slattery, Barbara Snook, Jackie Brokaw, Ruth MacIntyre, Marge Goetz, Jean Grey, Harriet Ainsworth, Tony Snook, Pat Woodard, Mary Alice Townsend & Pat Anderson.

How loud the laughter: Golfer Earl Cunha bugging (hogging?) the mike; Art Comerford bouncing a tennis ball; Dick Rieser sporting a waaaaaarpd tennis racket; Art Lundblad portraying "Composite Peat" (correction, "Pete" who excelled in all sports & sang so in a little ditty dressed to all fours (four sports).

**Paul Mouser** at the Piano (/the combo) mouthing "You're doing FINE" to wife Nancy as she pantomimed through some Helen Kane paces w/the hoop-boop-de-doops. She was so terrific the crowd called her back for an encore!

**EVERYBODY** WAS THERE . . . except the 134 people too late w/their reservations . . . Arlene & Bud Coburn were celebrating their Grandparenecy (a boy for their son & wife) & told of TV'ing the new wee Coburn on the closed circuit at Alta Bates Hospital the past two days.

**GORDON MARTIN** arrived not in a wheelbarrow but in a pair of Lederhosen, the better to be seen in at the long-running party in Danville hosted by former Orindans. The George Redmonds . . . they've built a gorgeous new home there & christened it by calling their snow buddies to come in "after ski" clothes . . . Jerry & Lois Pixley (he played the banjo in the Foolies combo) were also arrivals from the Redmonds' as were the Robert Fields, Ralph Hills & George Krusis.

A long-running ruffle from collar to hemline on Jeri Clement's white silk . . . husband Al a big hit as Drummer Boy in the show's combo that also included Don Anderson on the Boom bass, better known as the Gut Bucket in jazzier circles . . . & after Harry Mason's music men packed up their instruments at 2 A.M., the Combo took over to play for the late-stayers til' 3 o'clock in the morn.

**THE** Cal Golds, Al Allens in cozy conversation . . . Millie & Cec Cutting cutting a rug to a twist tune . . . Libby Brock in a sleek & sleeveless smoky blue velvet . . . A flirty flounce on George Walker's cute frock.

**The Jay Meyers, Jack Berards** in a dance floor huddle . . . Bobbie Rieser (the former ice-skating champ a real hooper in the chorus line) eye-catching in a shirred black chiffon w/a ruffled rumba skirt . . . Bill Calhoun, our Extra Extrovert, leading the waiting audience in salon, salon songs . . .

**FRONT ROW** seat for Ruth & Russ Gilwee . . . Fran & Tom Connelly telling of progress on their new home as Las Cascades. They're currently apartment dwellers & remark "Quelle Difference!"

**Ed Bergen** deserves accolades as the show's script writer & methinks Chas. Townsend missed his calling: A modern Day Will Rogers. . . .

## Rotary Club Hears Don Mulford Speak

The Orinda Rotary Club met Wednesday at the Mike Lynn Restaurant and heard Assemblyman Don Mulford of Berkeley speak on the role of the businessman in politics and government.

"People in all walks of life, and especially businessmen, should take more interest in government," said Assemblyman Mulford. "There is an ever expanding role of government in private enterprise," he continued, "and it is up to the voting public to determine whether or not they want this trend to continue."

Citing the Tuesday election in San Francisco as an excellent example of getting out the vote, Mulford stressed that it is the duty and privilege of every person to cast his ballot in elections.

Stan Massie presided over the meeting, and Charles Ivy was program chairman for the day.

The next Rotary Club meeting will feature Navy Captain Perry H. Brandes on "Veterans Day in America."

## Hats Off To...

## United Crusade Chrmn. Captains & Workers . . .

**AMERICAN BEAUTIES**, all around, please, for the ladies who volunteered during the recent United Crusade drive.

Working closely with Marian Devin, Orinda coordinator from the County Volunteer Bureau, were four chairmen: Vinnie Gilbert and Libby Brock joined forces to organize the north side of the Crossroads while Babs Massie and Helen Brown recruited captains and workers for the southside of town.

**THE FIVE WOMEN** are well-known for their consistent willingness and past endeavors both in scouting circles and philanthropic work. All, too, have previously served the Crusade campaign as workers and captains.

**CAPTAINS** to be commended are Grace Hanks, Donna Stoy, Cynthia Smith, Gail Odenthal, Ann Wood, Clemie Horning, Nancy Funsten, Janet Brueuner, June Harlander, Marina Jones, Barbara Van Sickle, Kay Ratchliff and Van Holmgren.

More to bestow bouquets on are Laurie Patterson, Kay Patton, Jan Eames, Pat MacDonald, Priscilla Nelson, Virginia Hart, Betty Reed, Liz Thompson and Jane Jacobus . . . and Vee Warner, community chairman in Moraga.

Funds collected locally for United Crusade are disbursed to 27 non-profit agencies in the county which use over \$500,000 annually, (most of which comes from the United Crusade Bay Area Funds.) In the Oakland-Richmond region, over 183 agencies benefit from the one big drive. M.M.

**ATTENDING MAYOR'S CONFERENCE**—Mr. and Mrs. Howard Gardner (left), 37 Irving Lane, Orinda, and Mr. and Mrs. Richard Carpenter, El Cerrito, board the Japan Air Lines jetliner "Yoshino" enroute to Kobe, Japan. The two men are attending the 13th biennial Japan-American conference of mayors and chamber of commerce presidents in Kobe this week. Gardner is American secretary to the conference. —Japan Air Line Photo

**SERVICE PROJECT**—Girl Scouts of Troop 923 plant trees at Camino Pablo School, Moraga, as one of their service projects. Shown are Cyndee Prescott, assistant leader Mrs. Jack Prescott, Barbara Phillips, Janis Shellhorn, and Michelle Laurin. In rear are Mrs. James Terrell, troop leader, and Jane Ure. Lending a helping hand is school custodian Harry Wedgewood. —Sun photo

## Moragans Ask Meeting With PO Regional Chief

Directors of the Moraga Valley Community Club have asked the regional post office department for a meeting to discuss the two post offices which they believe are "splitting the community."

R. J. Kostyrka, club president, said copies of pertinent memoranda and a report have been sent to Regional Director Raymond R. Holmquist in San Francisco.

The report, "The Splitting of Moraga," vividly documents how a Federal postal facility is being used to split Moraga into two parts—Moraga and Rheem Valley—against the wishes of Moraga residents, Kostyrka said.

For seven years the community club has held that a single post office at Moraga, with Rheem Valley converted to a classified station of Moraga, would result in better postal service for Moraga, without splitting the community into two parts by the use of a post office promoting the interests of a land developer, he concluded.

### JAYWALKERS

Traffic accidents took the lives of 2780 paywalkers in the United States last year, reports the National Automobile Club.

## Orinda Girl's Drawing Shown In Magazine

Susan Jelley, 8 1/2, has contributed art work which appears as a full-color drawing in the November issue of Jack and Jill magazine, the children's monthly published by the Curtis Publishing Company. Susan's drawing is of a large roasted turkey.

The artist, who lives at 5 Estabuen Drive, Orinda, will receive a framed Jack and Jill "Certificate of Merit" signed by the publisher. The published art work was selected from many hundreds of drawings submitted by youngsters all over the United States and throughout the world.

It appears as a highlight in the special feature, "The Drawing Page."

## Vashell Estate Left to Wife

An estate of \$372,069 was left by Paul (Pete) Vashell of Orinda, who died May 27 at the age of 65. Vashell was an electrical contractor and lived at 4 Vashell Way for 27 years.

As a former member of the wonder team at St. Mary's during the 20's, Vashell went on to become a basketball coach at St. Mary's in Vallejo. He was past president of the Orinda Lions Club.

The estate was left to his wife, Gladys.

### College Treasurer

Bonnie Palmer, 50 Scenic Dr., Orinda, has been elected treasurer of the freshman class at Lewis and Clark.

Miss Palmer is the daughter of Mr. and Mrs. Walter E. Palmer and was student body treasurer at Miramonte High.

## Family of the Week

**SIGWORTHS**—Shown here is the Sigworth family, Harrison and wife Mary, two oldest sons Dwight and Harry, and, seated on the floor, Edwina and Fred. —Tealcraft photo

## The Sigworth Circle...

**INDUSTRIOUS**, interesting and independent describes the family of Harrison and Mary Sigworth of Orinda.

When something needs doing on their lovely large property up the road at Casa Vieja (Spanish for "Old House"), the Sigworths have only to call on their own family circle. For the boys have their own particular "specialties" (the knowledge for which they acquired at their busy father's side or elbow).

And if someone misplaces a paint brush or a hammer, 6-year old Edwina's "specialty" is called upon. The youngest child in the family, she has an infallible faculty for remembering things everyone else has forgotten and keeps track of even the tiniest item or detail for the family.

Six years ago, the Sigworths settled themselves into the big old house (circa 1875) that stands high on the hill overlooking the intersection of Glorietta Boulevard and Moraga Highway. As purchasers of the big house, a smaller one (now a complete 3-bedroom manège that was formerly a stable and garage house) and sizable surrounding acreage, the Sigworths started learning the lore of "Landowners" at an early age. Both houses were remodeled with Harry and his scout friends doing most of the work, from wiring to walls, from car-

entry to kitchen remodeling. After the Victorian farmhouse and the smaller one were suitably finished and rented, the Sigworths moved into their new house built on the same property. Then in 1961 "Harry," who works for Standard Oil of California, was appointed to a Sloan fellowship at Stanford. He became a weekend commuter to Orinda from the Palo Alto campus, relaxed in his research studies knowing his home and family were in the well-trained hands of his three sons.

**A GRADUATE** of Cal Tech, it was 15 years later (as a Sloan fellow) that he received his M.B.A. at Stanford. He is president of the San Francisco Chapter of Society for Advancement of Management, a vice-president of the Society of Automotive Engineers and former scoutmaster of Troop 200, currently serving as the group's Advancement Chairman.

When it comes to management, he knows his stuff; on the home front, too. One of the family projects is building a swimming pool and everyone takes a proud hand in restoring the 1928 Buick considered a collector's item by auto fanciers.

When the family television set, toaster or radio goes on the blink, Mom has only to call on Fred, a 7th grader at Inland Valley. A licensed repairman at

the early age of 12, Fred designed and built the public address system for Del Rey School. He is a first-class scout and following fiercely in his older brothers footsteps.

**WRANGLING** at a Dude Ranch high in the Sierras was the exciting summer job for 14-year old Dwight, who "found" the job for himself and learned about horses AFTER he sold the ranch boss on his other capabilities. A fisherman at Miramonte, he's a fisherman, a Life Scout, and had a long-time hobby of raising chickens.

An "old car" buff is Harry Sigworth Jr., 16, senior at Miramonte. From scratch he built a 3/4 scale jeep, has driven a homemade Crosley and is now in the throes of renewing a Renault (making him the envy of machine-minded high-school boys). An Eagle Scout member of Explorer Post 300, he built his own kayak and took to the white waters on trips with that post during the past year.

**MARY**, a Stanford graduate with an education degree, hasn't taught school outside of Sunday School; but her warmth and enthusiasm for the enjoyment she derives from her individual children is contagious and she proudly admits she "learns a lot from them."

When it comes to Management & Advancement, the Sigworths ALL rate a gold star.

## Orinda Student Enters UC at Santa Barbara

Karen Ann Olson, daughter of Mrs. Dolores M. Olson, 60 Dolores Way, Orinda, and a sophomore at the University of California, Santa Barbara, was among the honorees at the recent honors-at-entrance reception and lecture held at UCSB's Campbell Hall.

Dr. Donald W. MacKinnon, professor of psychology and director of the Institute of Personality Assessment and Research on the university's Berkeley campus, was guest speaker, addressing the guests on "Personality Correlates of Creativity."

The honors-at-entrance event annually fetes UCSB students who hold distinguished academic records from their high schools and junior colleges, and honors scholarship awardees as well.

# Land Prospectors Make 'Horseback Appraisal'

LAND BONANZA—At left, Lyles Pember and Gael Himmah show salesmen what to do when there are

no roads. Center picture, they map out course to explore, and at right, the salesmen decide four-

footed transportation is not so bad. Shown in the group are (from left) Pember, Bill Patton, Himmah,

Dave Randle, Wes Stewart, Hal White, Harry Gester (on horse), Ken Pine, Stan Anderson, and (front) Dave Toll.

## Real Estate Men Ride the Range

What will happen to the central county when the third tunnel is opened to the East Bay and rapid transit becomes a reality?

Many real estate brokers believe the resulting population increase will cause vast areas of land to be opened for development—hilly, backwoods areas with no access roads or utilities. Areas that at present form a backdrop for the homes that cluster in the valleys and dot the lower slopes.

To name a few tracts that could be opened: Alhambra Creek area in northern Lafayette, Grizzly Peak property near Orinda, Mulholland Hill, Bolinger Canyon, Tice Creek and Grizzly Creek, and the foothills of Las Trampas Peak.

Although nobody has yet come up with firm figures on the county population during the next five years, Gael Himmah of Bonanza Realty, Lafayette, said some "calculated guesses" resulting from aerial and industrial surveys of the county indicate about 15 per cent of the land has been developed, and

there remains about 60 per cent of land that could be opened.

HAPPY thoughts of development lighted the creative spark for Himmah and Lyles Pember, co-owners and managers of Bonanza Realty. Forthwith, they acted.

Last weekend a large part of their sales force found themselves face to face with sturdy horses and picnic lunches. After some urging of both men and horses, a real estate tour, "western style," galloped off to the woods.

This is not the first time the partners have distinguished themselves. Pember was a pioneer in the "Assured Sales Plan" program which enables a buyer to select a home and reserve it, subject to a guaranteed sale of his present home. Both the minimum and maximum sale price are listed. If the house is not sold during the guarantee period, the plan arranges payment of the guaranteed equity and completes the transfer.

HIMMAH is the author of "Listing Magic," a textbook for

real estate personnel soon to be published by Prentice-Hall.

Bonanza is currently erecting a \$175,000 modern building at Golden Gate Way and Mt. Diablo Boulevard, Lafayette, designed by E. G. Craig and Associates of Lafayette.

## Search for Jewels Continues

One man has been released but another is still being held in connection with the big \$18,000 Orinda jewel burglary two weeks ago.

Sheriff's Capt. Walter Trawick yesterday said James W. Reed, 23, has been charged with four counts of burglary, including the one in Orinda and one count of receiving stolen property. He is currently free on \$4,400 bail.

A companion of Reed's was picked up two weeks ago but Trawick said he had to be freed since he couldn't be linked to any one of the burglaries.

POLICE SAID that Reed was connected to the burglary of \$18,000 worth of jewelry from the home of Mr. and Mrs. Frank Wright, 611 Miner Road, Orinda, Oct. 26.

Capt. Trawick said only three pieces of the jewelry has been recovered.

He added that Reed was arrested on the basis of information supplied by a friend, following the Orinda burglary.

THE WRIGHTS discovered their loss when they returned home and went to a metal filing cabinet to get a checkbook.

Reed's companion, though not charged for the Orinda job, may be in further trouble, Capt. Trawick said, because he is already on probation for burglary.

## Goodwill Seeks Sales Personnel At Local Stores

While most organizations are seeking able-bodied men and women for store salesmen, Goodwill Industries is always on the lookout for handicapped people with special salesmanship ability.

Currently, 10 disabled persons are being trained in sales and merchandising at the Goodwill Industries Walnut Creek and Concord stores.

According to a Goodwill spokesman, handicapped store managers and salesmen all have one thing in common—their ability to get along with people.

THE TWO STORES are now seeking several additional handicapped people to take the places of those who have been trained and have taken jobs in private industry.

Mrs. Genevieve Proctor, personnel director of the organization, will be at the Walnut Creek store, 2986 North Main Street, this coming Thursday afternoon. She will interview handicapped persons interested in sales training at the Walnut Creek or Concord stores.

## Katanga Story Will Be Shown Tonight

"The Untold Katanga Story," a 40-minute film showing the United Nations in action in the Congo, will be presented at Grace Baptist Church, 1347 Locust Street, Walnut Creek, this evening at 7:30 p.m.

The Rev. Bruce Parker, the pastor, will speak at the conclusion of the picture.

## Bomb Scare Evacuates School

### Anonymous Call Warns of Device At Del Valle Hi

An anonymous telephone call to the Walnut Creek Fire department shortly after noon on Monday sent 1250 Del Valle High School students out into the drizzle for approximately half an hour.

The caller, obviously a juvenile according to the fire department operator, warned that a time bomb, set to go off at 1 p.m., had been placed in the school.

School Principal William Ross was immediately notified and representatives of the police and fire departments rushed to the school.

As a precautionary measure, Ross ordered immediate evacuation of the school. Students were marched out to the school's lower parking lot and kept there until after the deadline hour set by the anonymous caller.

The school was thoroughly searched by the authorities. No evidences of a bomb being found. Shortly after 1 p.m. 1250 damp students marched back to their classrooms.

Peace and quiet were restored to Del Valle High School.

## Shopping Center Planners Parley

Representatives of the cities of Pleasant Hill and Concord met Friday in Martinez with county planning officials and firms scheduled to build adjacent shopping centers along Contra Costa Boulevard.

According to Martin Maier, Pleasant Hill planning director, the prime intention of the men present was to coordinate the activities of the agencies with a stake in the proposed Del Webb-Seas and Woodcrest developments.

THE 75-ACRE 700,000 square feet of buildings in the proposed Del Webb-Seas development are within the Concord boundaries but adjacent to portions of Pleasant Hill.

"Since the Del-Webb representatives didn't have plans developed to state specifics, we couldn't get much done," Maier said.

North of the Webb project the Woodcrest Construction firm of Sacramento plans to build a 100,000 square-foot market and suburban department store for Lee Brothers.

ACCORDING to Woodcrest Vice President Ross Beall, the development, occupying half of the 16-acre property, can be open for business next May or June.

"Anyway, at least we met each other at the meeting," Maier concluded.

## Loose Car Roars Thru CC County

In the early Sunday evening darkness 80 tons of wood and metal hurtled through a portion of central Contra Costa County along the Southern Pacific right of way between Danville and Avon.

Apparently set on its way by pranksters, the flat car careened down a slight grade at speed estimated up to 60 miles an hour. Loaded with lumber, it sped through Walnut Creek, the outskirts of Pleasant Hill, Concord and finally Avon, coming to a halt near the Tidewater refinery.

Two persons were slightly injured by the runaway car as it rumbled through Walnut Creek. Jay R. Peays, 16, Alamo, and his date, Maria Schoppman, 16, Walnut Creek, were treated for minor injuries and shock after the runaway clipped the front of their car.

In its amazing dash through the county, the flat car passed dark crossings, including Geary Road and Concord Avenue.

According to Southern Pacific officials who were investigating, the car being on the loose was no accident. The car's hand brake had been released and the side track switch lock broken, permitting the car to roll on to the main industrial spur line.

Investigation also showed that three other lumber cars on the siding at the Sun Valley Lumber Company had been tampered with. They pointed out that considerable effort has been made to get the car rolling.

The sheriff's office has picked up eight suspects in the case and juvenile investigators are questioning them. They feel that one or more of them may be involved in getting the car started on its way.

## Mysterious Malady Grips St. Mary's

A mysterious malady of epidemic proportions caused 371 students at St. Mary's to take to their beds last weekend. The malady was a mild one, but apparently extremely contagious.

The County Health Department made a series of tests on the food served at the college, but found no evidence of poisoning, and it was determined that the epidemic illness was not a form of flu. Medical authorities could only speculate about a new and unknown type of virus.

## Drama at Actors Workshop a Hit

Combining hilarious farce, tragedy and menace, Harold Pinter's "The Caretaker" opens next Friday in Marin's Theater as the San Francisco Actor's Workshop's second major production in the 1963-64 season.

Scheduled for a four-week run, the play is by the author of "The Birthday Party" which ran for more than three years after The Actor's Workshop gave its American premiere in San Francisco in 1960.

"The Caretaker" performed 160 times on Broadway and a long-run hit in London, is being directed here by Jules Irving. Appearing as the brothers, Aston and Mick, are Tom Rosqui and Robert Phalen. The tramp, Davies, who joins them in their decrepit lodging, is Robert Symonds.

Pinter, who was introduced to American audiences by The Workshop's "The Birthday Party," started writing plays in 1957 after an acting career. He is 33 years old and married to the British actress, Vivien Merchant. Critics on both sides of the Atlantic consider him one of the leading contemporary writers for stage, radio and film.

"The Caretaker" follows "Taming of the Shrew" in Marin's Theater and will be presented Wednesday through Sunday nights and Saturday matinees until Dec. 7.

## Angry Play to Be Presented Tonight at DVC

Diablo Valley College drama department will open their first performance in a three-week run of "Look Back in Anger," by English playwright John Osborne, tonight in the college Viking Theatre.

Under the direction of Harvey Berman, Diablo Valley College drama instructor, the play will run through November 9, 14-16 and 21-23. Curtain time for all performances is 8:30 p.m.

"Look Back in Anger" is the story of an embittered young Englishman who looks back because he has no incentive to look ahead and looks back in anger because he has no brighter past than future. It will include a cast of five performers, Daniel Leite, Walnut Creek, and Sandy Adams of Pleasant Hill will play the leads in the play. Others in the cast are Dennis Schmiding, Walnut Creek; Georgia Swain, Concord; and Silas Gould, Diablo Valley College's new drama instructor.

## Art Assn. to Hold Exhibit

The Contra Costa Art Education Association will hold its second annual art exhibit Tuesday and Wednesday at the Contra Costa Center, Montgomery Ward mall.

The paintings and other works of art have been created and contributed by members of the Association, which is a chapter of the Pacific Art Association. Jim Snowden will be in charge of the exhibit.

## Therapy Center Attains Nearly Half of Goal

"Operation Growth," the expansion fund drive for the Mt. Diablo Therapy Center, has been enriched by \$500.00 contributed by two organizations whose interest is the handicapped will help make the drive a success.

FRANK BEHN, president of Lafayette Kiwanis Club, presented a check in the amount of \$250.00 to James E. Simonds, a past president of the Center's Board of Directors and active member of the fund drive committee.

Further organization support came from Contra Costa County Home Builders Association when Allan Fuller, president, signed a \$250.00 check as that group's share in making the expansion of the Center possible.

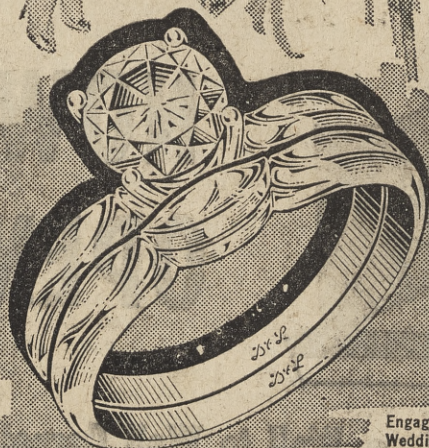

JAMES E. LINDSAY, chairman of the expansion drive, pointed out that as the drive continues, total contributions to date account for forty per cent of the minimum \$50,000 needed to start the expansion program.

"It will take a few more months before all donations are in," Lindsay stated, "and our minimum goal is reached."

As fund drive activities continue, the Center's new Diagnostic and Evaluation Services are being enthusiastically received by patients, physicians, schools and Center personnel.

## Workshop Held On All Subjects

"If there are important trends taking hold in secondary education, we heard about them in our teachers' workshop," Lee Russell, assistant superintendent for education, Acalanes Union High School District, commented this week as he described the recent workshop day held for the staff of the District's five high schools.

The workshop drew guest educators from throughout the county and experts in education from nearby universities and Bay Area school systems.

"TEACHERS HAVE the same problem that doctors, lawyers, architects and other professionals do when it comes to keeping up with trends and improvements in their fields," Russell explained. "We set a part of the regular teacher institute program, and pulled together as many authorities on educational trends as were warranted to explore the changing high school scene."

"In fact, we had more ideas to probe and discuss at this secondary workshop than we could explore. As a result, we anticipate that many of our teachers and administrators will delve further into some of the ideas covered by the workshop at their regular school-level department and staff meetings, and at their monthly district-level subject matter conferences."

"THE NEWS AND professional publications we read are full of reports on education, emphasis on basics and trends and ideas for improving instruction. Having many of these concepts aired and demonstrated at an education workshop such as the one we have just held in the Acalanes District, sharpens the impression one has that teachers and schools—elementary through college—are caught up in the challenge of providing the best possible educational opportunity they can devise for each of their students. And, in my own estimation, this is the most significant trend I found at the workshop activity."

Aside from direct experience as assistant superintendent for education with the Acalanes District, Russell, a member of the National College Entrance Examination Board of Directors, has had an opportunity to view secondary education trends on a national and regional basis as well as locally.

"FROM THE perspective of state and national activity in high school education, the Acalanes Union High School District represents a solid traditional educational program with elements of innovation in instruction that follow and in some cases draw national and regional educator interest."

"Educational—high school education in particular—is in an era of transition. The educational program required to prepare students for the demands of an automated-atomic age forecasts a shift in some parts of the curriculum. That shift will center around the unchanging portion of high school offerings such as reading and writing, mathematics, geography and history, and other subjects."

"Modern technology is having a double impact on high schools. It requires a changing curriculum that prepares students for the challenge of post-high school college or technical training; it offers the high school itself new ways to present and improve the educational process."

Russell cited two examples. Teachers at the high school workshop conferred on the possibility of exploring the "Richmond Plan." The plan initiated in nearby Richmond on a foundation grant sets up a coordinated program expressly for the "capable average" student—a student in some instances who might not be working in school to his full capacity. The plan welds together subjects such as English, math, science and industrial arts. Practical coordinated learning experiences are provided to stimulate student performance and offer a sound basis for considering post-high school training in technical fields.

"THAT'S ONE impact technology is having on high school curriculum," Russell explained. "Technological progress is making a contribution to the actual learning process itself. Overhead projector transparencies, modern language lab materials, and devices that enable the teacher to develop his own supplementary teaching aids are just some of the new instructional media that add impact and dimension to the learning process."

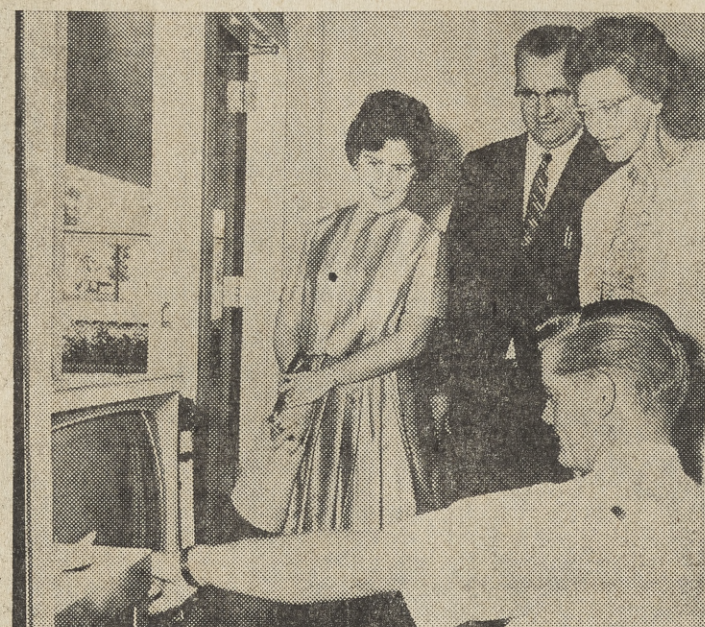

Team teaching in social studies was pioneered nationally in the Acalanes District almost a decade ago. At the recent workshop conference English teachers from Las Lomas High and science teachers from Del Valle reported on successful team teaching projects conducted this year at their schools. Properly explored and selectively employed, team teaching and other instructional procedures can offer better ways to stimulate student thinking and performance. These techniques can also contribute a great deal to subject content, providing more depth in learning basic skills.

Russell reported that 32 authorities in subject matter and teaching procedure participated in the workshop with the 295 teachers and administrators in the Acalanes District. Forty instructional materials suppliers and textbook publishers exhibited, along with demonstrations in closed circuit educational television.

## Boy Burglar to Undergo Exam by Psychiatrist

A 14-year-old Lafayette boy is being held in Juvenile Hall pending further investigation of charges of burglary, illegal possession of a gun and of being a runaway.

The trouble began, sheriff's officers said, when the boy took his father's pistol to school last Thursday and hid it nearby.

SCHOOL officials confiscated bullets the boy was carrying and requested him to get the gun and turn it over to them.

The boy ran away while on the errand and entered the home of Oakland attorney Fred J. Bills on St. Mary's Road, Moraga, where he took a shotgun, ammunition and other items and hid them outside.

HE RETURNED to the house, the burglary was discovered and he hid in a closet.

Sheriff's Deputy William Waldeck came to the home to investigate the burglary. Opening the closet door, he found the boy aiming a .22 caliber automatic pistol at him. Waldeck slammed the door shut, then opened it, disarmed the boy and took him to Juvenile Hall.

WALDECK said the boy will be held, pending the results of a psychiatric examination.

## Family Style Billiard Center Is Now Open

A family-style billiard center was opened this week at 3517 Mt. Diablo Boulevard, Lafayette, by owner Gordon Maddock.

The Country Club Billiard Center will stress billiards for family groups, Maddock said. It contains 10 tables and three more will be added.

Although no food will be served, there is a raised, carpeted lounge for spectators where soft drinks and candy may be purchased.

Free instruction will be offered to those interested, Maddock added, and the center will be open daily from 11 a.m. to 2 a.m.

Maddock, a Concord resident, has been an operator of billiard rooms for 23 years, and owns a center at 1829 Grant Street, Concord.

## Dinner to Fete Dads and Sons

President Tevis Thompson, of the Miramonte Boosters Club, has announced that the annual fall awards dinner for dads and sons will be held Monday at The Lafayette in Lafayette.

Awards will be given to members of the Miramonte football and cross country teams.

The guest speaker of the evening is to be 49er star, Clark Miller.

Tickets are available through the coaching staff at Miramonte High School, or by calling Tevis Thompson at 254-5688 or Spencer Archer at 254-5782.

## Realty Corner State's Realtors Plan Fight to Kill Rumford Bill

By ROSELLE ANDERSON  
FIFTY-SIXTH NATIONAL R.E. BOARD CONVENTION being held next week in New York will feature several well known speakers. Among them are former Vice President Richard Nixon; Robert Weaver, head of the Housing and Home Finance Agency; Stanley Baughman, chief of the Federal National Mortgage Association; as well as leaders in the Federal Housing, Veterans Administration, Urban Renewal and other housing programs.

However, "All will not be work as the Realtors will discover when they see Nancy Claire dancing at the Latin Quarter," brothers Ken and Clark Wallace of Wallace Realty said.

**BOOMING CONCORD** now has a population of 52,500, but is predicted to go as high as 62,000. Estimate is almost 10,000 higher than the 52,500 recorded on Nov. 1, 1962 and almost doubles the 36,208 counted in the 1960 Federal census. As late as 1950, the federal census showed only 6,953 were living in the city. In 1955 the total almost tripled with 24,084. Expansion continued with 28,537 in 1957 and hit 30,582 in 1958.

**CREA BEGINS ACTION TO KILL RUMFORD HOUSING ACT.** The California Real Estate Association, comprising 171 Real Estate Boards and over 40,000 members, joined a housing industry committee to fight the "forced housing" Rumford Act and call on property owners and housing industry leaders to support their action. L. H. Wilson of Fresno, CREA President, led the association's 900-member board of directors meeting in Los Angeles during the closing session of the five-day CREA convention to a decision to initiate an amendment to the constitution of California. The directors of the local Contra Costa Board of Realtors unanimously endorsed the proposed Constitutional Amendment on Oct. 2.

The amendment would be aimed at the next general election ballot. If passed by California voters, it would nullify the Rumford Act and any similar legislation. The Rumford Act now makes it illegal to refuse to sell, rent, lease or otherwise deny or withhold any housing because of race, color, religion, national origin or ancestry. Wilson said that a committee titled "Americans for Individual Freedom" had been formed to direct the action for an amendment to the California constitution. The California Apartment House Owners Association and Home Builders Associations have already joined the committee.

**A DRAFT** of the proposed amendment reads as follows: "Neither the state nor any subdivision thereof shall deny, limit or abridge, directly or indirectly, the right of any person to decline to sell, lease or rent any part or all of his real property to any person or persons as he, in his absolute discretion, chooses."

He said that opinion surveys indicate that three out of four California voters will support the initiative.

The mechanics of getting the initiative on the ballot will require petitions with over 500,000 qualified voter signatures.

**DO YOU WANT PUBLIC HOUSING FOR THE AGED?** A two year study of persons over 65 who are receiving incomes under \$155 month was just completed by the County Housing Authority. It discloses the need for five low rent housing projects totaling 300 units.

The county administrator is now drawing up election district boundaries so residents of the proposed areas for these projects can vote for or against them.

Fifty units are recommended for the Martinez, Pacheco and Port Chicago area. Another 60 units were recommended for Pleasant Hill and Concord; 50 for Orinda, Walnut Creek and Danville; 100 for Pittsburg and Antioch; and 40 for Brentwood, Oakley and Bethel Island.

The election dates have not yet been set.

## Kiwanis Hear Two Speakers

Recent activities at the Pleasant Hill Kiwanis Club included a speech by Senator George Miller on various problems facing California. A question and answer session followed the speech and Senator Miller expressed his opinions on such subjects as education, water and taxes.

At the Wednesday meeting, a representative of the Pacific Telephone talked on project Telstar and showed a film on the subject.

**RECORD CONTRIBUTIONS**—Record-high per capita contributions came to the United Crusade this week from employees of L. H. Lincoln Corporation, Lafayette, northern California land development and home building firm. The per capita contribution was \$69.50. In addition, the firm gave \$500, for a total of \$1473. Above, L. H. (Abe) Lincoln (right), company president turns over checks through John Phillips of Lafayette Pacific Gas and Electric.

## That 'Noise' Is Not Love

By CONNIE PIKE

"Love is not measured by emotional intensity," Dr. Paul Popenoe said Monday at the Concord Inn, before addressing the county Mental Health Association.

"Bumpy-bump does not signal the onset of love despite the romantic concept fostered by movies and television," he declared.

**THE DIRECTOR** and founder of the American Institute of Family Relations, of Los Angeles, spoke firmly of his views. But he smiled often and allowed his blue eyes to twinkle behind rimless glasses.

Silver grey hair attested to the years he has been working with family problems and his prompt answers told how successful.

"By following the romantic illusion, we will continue to have broken homes," he said. After marriage, someone else comes along and inspires that romantic feeling and the married person thinks he's in love again. He can keep on that way forever."

Five elements, Dr. Popenoe thinks should be taught about love are the biological impulse, the economic relationship between husband and wife—the division of labor, a sexually-colored camaraderie including tenderness and affection, non-sexual compatibility and a mutual interest in the home and children.

**MOST EARLY** marriages are caused by pregnancy, which is not a proper basis for marriage, he said. The home, church and school have failed the children in this respect.

The effects of mass media should be counteracted at home through discussion, analysis and interpretation. Families should be more active together, more

adequate courses in school are needed and much more working together in community enterprise.

Young people are full of energy and idealism and can accomplish much more for home and community if given the opportunity.

**CHILDREN** should be taught that working is a normal state for mankind, if we would not have them expect somebody else to do the work when they have grown up.

High school dropouts need personal interest, he said. One experiment has junior college students working with high school students to help them toward more academic success. The older students are thus assuming a personal responsibility toward the younger ones and toward the community.

Dr. Popenoe has been married to his wife Betty for 43 years. They have four sons.

**PAUL JR.** is with the public utilities commission in San Francisco, where he lives with his wife and two young children.

One son is with the director of the Peace Corps in Malaysia, another is the director of the Fairchild Tropical Gardens in Miami, and the fourth is with Rutgers University, New Jersey.

Mrs. Popenoe accompanied the doctor on this trip as she does on many. She says she stayed home for 25 years while raising her family, so now she likes to go with her husband.

At home in Altadena, Dr. Popenoe turns out his six-a-week columns "in bunches as time permits," he says. He chooses letters that deal with problems of wide scope, and his readers cover a wide range, including many men and young people.

## Wild Chase, Boy Caught

A chase that started on Highway 24 in the Orinda-Lafayette vicinity Sunday evening wound up about 9 o'clock in a collision in Walnut Creek and the capture of one of the occupants of a stolen car.

The chase ended as the fleeing car attempted to turn off Walker Avenue on to San Miguel Drive and smashed head-on into a car driven by Thomas Clausen, 249 Margarido Drive, Walnut Creek.

The occupants jumped from the wrecked car and tried to escape on foot. One of them, Ricky Allen McCasolin, Pittsburg, driver of the stolen car, was captured by Walnut Creek officers. The other, Bob Lee, Concord, got away.

Clausen, who had come to a stop preparatory to turning on to Walker Avenue, suffered severe scalp lacerations, strained neck and shoulders and a bruised arm. Both cars were badly damaged.

The pair were first sighted on Highway 24 by the Walnut Creek Police Department as the car raced off the freeway on to Mt. Diablo Boulevard. The local officers arrived at the scene of the accident, combed the area, and captured McCasolin.

The two had escaped from Juvenile Hall late last week and are alleged to have stolen two cars in addition to the one involved in the chase which they picked up in Richmond.

Police yesterday were still hunting for Lee.

**HOW IT HAPPENED** Over in Europe in the early days of motoring, when a car had to be started the family and father sat back and watched the hired chauffeur do all the work of cranking.

Here in America, when a car had to be started, the family sat back and watched father do all the work of cranking.

## Water Plan Fight Grows

Unanimous opposition against the Udall Pacific Southwest Water Plan was expressed in a resolution transmitted to Gov. Edmund G. Brown Wednesday by the Senate Fact Finding Committee on Water Resources.

Senator George Miller Jr. (D-Contra Costa County) is a member of this committee.

The resolution states not only that the plan is "unacceptable" but that "it cannot be revised or modified in such a way as to make it acceptable." Approval by the State Legislature before any agreement is reached is strongly urged.

The Contra Costa County Board of Supervisors has voiced strong opposition to the federally proposed plan which, if it went into operation, would siphon a vast amount of water from Northern California into Southern California.

**THE SUPERVISORS** have stated the program would have a serious effect on the future growth of several counties, including Contra Costa.

The resolution, pointing out that there is little chance for U.S. congressional authorization and appropriation of funds for the Pacific Southwest Plan in less than two years, questions any need for "immediate acceptance and approval" of the regional plan by the State of California.

As "fatal defects" in the plan, the resolution lists 14 major points, among them the absence of including surplus water from the Pacific Northwest in the Udall Plan, especially since doubts exist as to whether Northern California does possess an actual surplus of water, over and above the state's own needs.

**POSSIBILITY** of a desalinization cost "breakthrough," which could make long-distance transportation of water obsolete, is emphasized, and the question of state vs. federal water rights raised. Objection to subsidizing municipal and industrial water by power revenues, as proposed in the Udall Plan, also is raised. Regional problems, including the question of protection for

northern California counties of water origin, and the fate of Southern California's Metropolitan Water District facilities, are cited.

**THE SACRAMENTO**-San Joaquin Delta Plan does not assure this area "maintenance of its present favorable environmental conditions."

Strong opposition to the plan was expressed also to the California Water Commission by a representative of the statewide 60,000-member California Farm Bureau Federation.

According to Ray Hunter, director of natural resources for Farm Bureau, who presented the Sacramento statement, "The plan, which would be developed in two stages at an estimated cost of \$2 billion per stage, is clearly a scheme to develop and distribute Northern California and Upper Colorado river basin waters to desert areas of Arizona and southern Nevada."

## Soprano Opens Concert Series

Carol Bogard, outstanding and versatile lyric soprano will present the first concert of the season under the auspices of the Community Concert Association, tomorrow at Las Lomas High School, Walnut Creek, at 8:15 p.m.

Miss Bogard's performances of music from the Baroque to the contemporary, have evoked a warm, enthusiastic response from audiences and critics alike. She appeared as guest soloist on the closing program of the 1962 season of the San Francisco Symphony Orchestra, with Enrique Jorda conducting Psalm 47 by Florant Schmitt.

On other occasions, under the batons of conductors such as Kirschner, Milhaud, Samuel Lawton and Uiero Bellugi, she has performed the major vocal works on Bach, Haydn Debussy, Hindemith and Mozart.

## Around the County ... 25-Acre Former Nike Site Sought by 2 Counties

### NEW YOUTH CAMPS?

The 25-acre abandoned Nike base high in Tilden Park above San Pablo Dam might be used for youth camps.

Contra Costa County has long eyed the site.

Now Alameda County is interested, too.

Contra Costa County would be interested primarily to alleviate crowded conditions at Juvenile Hall in Martinez.

Army authorities, however, have stated several Federal agencies will have to give the okay before either county can hope to obtain the acreage.

### WORKERS AND SICK LEAVE

County workers made good use of their sick leave during the 1962-63 fiscal year, County Administrator J. P. McBrien reported Tuesday to the Board of Supervisors.

The total was 63.4 per cent of the entire accrual figure. That, Brien said, was somewhat better than 1961-62 when employees used 63.6 per cent.

"Sick leave is a valuable insurance against loss of pay due to non work-connected illness or injury," he said in his report.

### RAIDERS—RAH RAH!

The Oakland Raiders, who are gaining national attention in pro football by such wins as last Sunday's over the Kansas City Chiefs, have a lot of Contra Costans in the rooting section and on the field. Among them are contractor Ed McGah of Orinda, who owns a large chunk of the team. . . . Quarterback Tom Flores of Orinda as well as Mrs. Flores, a Moraga school teacher and their small twin sons. . . . Singer Yvonne King and her husband Del Courtney, the Raiders' musical director, also Orindans. . . .

And entertaining at half-time at packed Yoell Field Sunday was the Weldonian Band, with over 200 youngsters participating. Jo and Ev Nosenso of Jo-Ev Variety Store in Rheem Valley, Moraga, only had eyes and ears for two of the budding musicians—their son and daughter.

### DIMAGGIO UNCLE DIES

Following a long illness, Salvatore DiMaggio, Martinez, uncle of the famous brothers of baseball fame, died at the age of 86. A native of Italy, he was long considered the top fisherman of Carquinez Strait.

Besides his wife, Francisca, he leaves four sons and daughters—Thomas, Mike, Salvatore Jr., Martinez, and Dominic, Pittsburg; Mrs. Mae Russo, Mrs. Rose Enea, Mrs. Mary Belleci and Mrs. Fadia Bigliezonze, all of Martinez.

Had he lived until December, he would have celebrated his 60th wedding anniversary.

### PIONEER DIES

Miss Emma Rose Wiedemann, a lifetime resident of San Ramon, died recently at the age of 89.

She was a sister of the late, Mary, Henry and Fred Wiedemann and lived at the family ranch on Norris Canyon Road. A member of the Danville Grange for more than 50 years, she was also a member of the Danville Community Presbyterian Church and of the County Farm Bureau.

Miss Wiedemann is survived by a nephew, Howard Wiedemann, and by two nieces, Mrs. Ann Kaplan, San Ramon, and Mrs. Alberta Smoot, Petaluma.

### ATTEMPTED SUICIDES

Forty-eight attempted suicides were among the 224 psychiatric patients admitted at the Contra Costa County Hospital last month.

Of the 123 male and 101 female patients admitted, a total of 144 were for mental illness and 80 for alcoholism. There were no admissions for narcotic or barbiturate addicts and none for mental retardation.

According to Maxine Johnson, supervising nurse of the observation ward, the 224 total exceeds the previous high of 216, set in August of this year.

## Tin Cans-- Can't Live Without 'Em

Standard equipment in every American home is the can opener. It's used an estimated 60 million times a day to open 1200 products ranging from albacore to zucchini.

Clearly, canning is big business in this country. And it's biggest in California. It should not be surprising that the state leads the nation with a total farm crop worth \$3.34 billion, also leads in the production of canned foods. Canning and related industries are the state's largest peacetime employers.

**IT ALL BEGAN** in 1810 when an Englishman named Peter Durand patented a method for the preservation of food in tin canisters. His idea was based on a theory, still followed in principle, developed earlier the same year by Parisian confectioner Nicolas Appert.

Appert discovered that if food was sealed in an airtight bottle and immersed in boiling water, it would not spoil. Durand refined the technique by substituting the easily broken glass container with a tin canister which he made of tin plate—iron coated with tin.

Thus was born the tin can and

an industry that in California alone last year consumed 600,000 tons of tin plate. Its name a misnomer, the tin can actually is more than 99 per cent steel, less than 1 per cent tin. It ranks right behind the automotive and construction industries as a user of steel.

**TODAY'S** can-making techniques bear little resemblance to those of Durand's day. Hand-crafted tins of the early 19th century, laboriously produced at the rate of six cans an hour, were more valuable than their contents. Today's containers, spewed from machines at better than 30,000 cans an hour, cost but pennies. Improvements in steelmaking have been vital to this progress.

A process for the conversion of cast iron into steel was discovered by Henry Bessemer in England in 1856 and by William Kelly in America in 1857. The discovery greatly expanded production of tin plate, which now was made of a mild carbon steel covered with a thin coating of tin, rather than iron coated with tin.

**THE TIN PLATING** theory, immersion of iron in molten tin,

was invented in the early 13th century. Although greatly improved upon, the principle remained unchanged until the mid-1930's when U. S. Steel developed the first commercially successful electrolytic tinning line in the world.

This process deposits tin as a metallic film on the steel surface by passage of an electric current. Ninety-four per cent of the country's tin plate is produced by this method.

**LATEST** improvement to the can material is double-cold-reduced tin plate, announced by U.S. Steel in 1960. Known as "thin tin," it's approximately half the weight of conventional tin plate and permits canmakers to produce nearly twice as many cans from a ton of steel. Thus canmakers' costs for materials are reduced appreciably.

Anticipating sharply increased demand for thin tin in the California market, U.S. Steel has installed huge facilities for its production at Pittsburg works, in Contra Costa County. Long the only producer of tin plate west of the Mississippi, U. S. Steel now is the first to provide western customers a local source for thin tin.

## Moraga Memo

### NEWCOMERS NEWELL HOUSE LUNCHEON

I had the pleasure last Saturday of attending the new-comer's luncheon at the Newell House, as a guest.

Guess What! I finally won my first door prize, even if I did have to draw the winning ticket myself! Then to top that off, I drew my hostess's ticket for second prize. Then when I could no longer do any harm, they decided to let someone else do the balance of the drawing. I don't really blame them. Honest Injun! I didn't have them up my sleeve.

Well I had a lovely luncheon in a beautiful atmosphere and won my Sunday Dinner, a ham from Safeway. I came home with many new ideas for table setting and decorating, demonstrated by Frazier's of Berkeley. An old idea being brought back was the setting of the breakfast table in the evening. This idea so stimulated some of the members as to go home and try it that very night.

Lou Avery, Pres. was among the participants in this event. And now on many a Christmas list are listed place mat sets.

**THE NEWCOMERS'** next affair will be a midnight buffet November 23rd at the Carroll Country Club, time 9 p.m. to 2 a.m. Chairman of this affair is Dorie Swan.

### PLEDGES PHI PHI

Mimi Loomis has just been elected Secretary-Treasurer of her Freshman class at the University of California's Santa Barbara branch. Mimi and her roommate, Carol Ferguson, both previous Miramonte students, have been pledged Phi Phi.

The fifth and eighth grade classes at the Rheem School are taking the SCAT tests this week. These are the college ability and achievement tests. All other grades will be tested within the month. The 3rd, 4th, 6th and 7th will have the SRA tests and the 3rd and 7th the CTMM.

Construction is going on at both elementary schools. Half of the foundations are poured at the Rheem school with the balance to be poured the last of this week, weather permitting. The steel will be erected in about a week, then we will really see progress. Like a building going up overnight. The new half school will be the same architecture as the second half of the Camino Pablo school. It will have five classrooms and a library with center multi use area.

**THERE WILL BE A** Halloween parade at the Rheem School at 12:20 the 31st. Parents are invited. A Parade will also be held at the Old Moraga School. Times to be announced via bulletin at a later date.

The Moraga Parents' Club's first monthly newspaper and magazine drive, held last weekend, was a huge success. The big red trailer, parked next to the Texaco station in the Rheem Center, was almost filled. This amounted to nine tons of newspapers and two tons of magazines, but, more important, thirty new books will be added to the school's library, which was the purpose of this monthly drive.

Chairman Dewey Mastick and his crew for this month: Red Morse, Rob Eckhoff, Al Mohrmann, Fred Stoltz, Lenord McClish, Warren Allison, Jack Matthews, Ernie Dickson and Bill Knight. They are to be congratulated for the efficient operation of taking the bundles of newspapers and magazines out of the cars as they drove up to the trailer.

## New Baptist Church to Open

The first service of the Independent Baptist Church of Moraga will be held Nov. 24 at the Camino Pablo School, it was announced this week.

Founding pastor will be David Miller, who recently was graduated from the Western Baptist Bible College and is currently attending the Baptist seminary in San Francisco.

William Anderson, coordinating lay member of the church, said Sunday School will be at 9:45 a.m. and church services at 11 a.m.

The new church is supported and sponsored by the Trinity Baptist Church of El Cerrito and is in fellowship with the Association of regular Baptist churches. The pastor says that good Sunday school facilities and teachers are available.

### To Meet Nov. 21

This month's regular meeting of the commissioners of Orinda Fire District has been advanced to the night of Nov. 21. This was done, said Secretary C. E. Betz, because the regular meeting would fall on Thanksgiving.

## Big Drive for Book Funds in Moraga Nov. 1

The Moraga Parents' Club community project, "Out Of The Garbage Can To The Library Shelf," got under way last month. The purpose of this project is to find funds to be used exclusively for buying books for the school district libraries. It consists of a drive for newspapers and magazines conducted on the last weekend of every month.

Chairman of the drive, Dewey Mastick, has made it easy for everyone to participate in the drive without inconvenience. Permission was given by Rheems to park the project's big red trailer next to the Texaco Station, in Rheem Center, on the last weekend of every month. Mastick and his committee will provide curb-side service by taking the bundles of newspapers and magazines out of the cars as they drive up to the trailer.

**THE OCTOBER** drive netted \$92.50, which was placed in the Moraga Parents' Club Library Fund. Chairman of the Library Committee, Elaine McClish, will determine what books will be purchased with the money.

Chairman Mastick wishes to remind everyone that the next drive will be November 30 and December 1.

"Bundle and tie your newspapers and magazines separately and bring them to the big red trailer in Rheem Center," Mastick urges.

**THE TRAILER** will be open from 9 to 5 on Saturdays and from 10 to 5 on Sundays.

## Orinda Couple Again Divorced

After a story three-week trial, separate divorces have been awarded to wealthy manufacturer Donn C. Sigerson and his wife, Barbara, of 40 Valley Drive, Orinda.

The decrees, handed down by Superior Judge Homer W. Paterson in Martinez, ended a prolonged and bitter divorce battle which involved protests on the part of the couple's 16-year-old twin daughters over custody decisions by the court.

Sigerson retained ownership of his many Oakland business enterprises, while Mrs. Sigerson was awarded custody of the daughters, Stacy and Sage, and 9-year-old son Saxon. Mrs. Sigerson will receive \$300 a month alimony and \$150 a month support for each child. She had been receiving temporary alimony of \$1000 a month and \$450 support for each of the children.

**BOOKS**—Shown here are members of the Moraga Parents' Club. The club is involved in a drive for funds with which to purchase books for school

libraries. From left to right: Mrs. Don Enos, Mrs. Dewitt Mastick, Mrs. Theodore Kalivas, Mrs. Allan Lux, Mrs. Fred Branch and Mrs. Leonard McLeish.

**MERIT RECOGNIZED**—Named in the top two percent of the nation's high school students are Miramonte High School National Merit Scholarship Commendation winners, kneeling left to right, Nancy Fey, Don Parce, John Banker, Bob Savage, Mike Kozak; standing, Steve Arroya, Gene Strzel-

ecki, Steve Thaman, and Max Milton; winners not shown, Mike Yedidia and John Den Dulk. The group is part of fifty-one National Merit Commendation recipients in the Acalanes Union High School District who have received the award.

## Art Classes to Be Offered By Former Teacher

Classes in landscape painting are being formed by Dorothy Dunnigan of 3676 Happy Valley Road, Lafayette. Formerly of Orinda, Mrs. Dunnigan says that she will conduct private or group classes for beginning and intermediate painters.

Mrs. Dunnigan holds degree in painting and has taught art in the Sacramento City Schools.

"Those who feel they have no talent will learn that they have capabilities of which they were unaware, and this is true of every age," says Mrs. Dunnigan. "My classes will carry the student from primary thumb-nail sketches of lights and darks to simple landscape painting in a short time," she adds.

## Library Has Incorp. Study

Three copies of the Orinda Incorporation Report are now available at the Orinda Library. One copy is at the central library.

After the Orinda Association accepted the report October 25, there were many calls for copies of the report at the Orinda library. However, copies were not available at the library until the first of this week.

## Lunch Is on The Table...

Following are the menus to be served in Orinda School District cafeterias next week. Milk accompanies all lunches.

**MONDAY**—Veterans' Day Holiday.

**TUESDAY** — Hamburger on buttered bun, buttered peas, tomato slices, pickle, potato chips, fruit.

**WEDNESDAY** — Chili with beans, green salad, corn bread, fruit, cookie.

**THURSDAY** — Spaghetti with meat sauce, green salad, whole wheat roll, Jello with fruit.

**FRIDAY** — Tuna sandwich or ham sandwich, green beans, carrot stick, applesauce.

## Lions to Give Birth to Cubs

At the regular bi-monthly meeting of the Moraga Lions Club Monday evening held at the Moraga Barn, the club voted as a civic project to sponsor and support new Cub Pack 54 now being formed in the Moraga area.

Robert LaPointe will be the pack leader. Mr. LaPointe lives at 1065 Sanders Drive, Orinda.

Chuck Merlone will be the liaison officer between the pack and the Moraga Lions Club.

## Firemen to Hold Annual Benefit Dance Tomorrow

A Christmas benefit dance will be held tomorrow night at Carroll Country Club, Rheem Boulevard, by the Volunteer Firemen's Association of the Moraga Fire Department.

The 14th such dance of the group, it will begin at 9 p.m., with proceeds going for the benefit of children at Christmas.

William Lance, president of the association and dance committee chairman, said prizes will be a feature and dancing will be to the music of a live band.

## Scouts Get Honors, Then Have Pot Luck Dinner

The Fall Court of Honor for Orinda Troop 200 was held recently, followed by pot-luck supper for the scouts, their families and friends.

Tenderfoot Investiture was performed for Jeff LaForce and Duncan Howard by Scoutmaster Clayton May and the Panther Patrol.

Advancing to second class scouts were Ted Mueller, Steve Barker and Dan Reid. The largest group advancement included eleven boys who were elevated to First Class Scouts. These were Steve Carter, Ken Crawford, Mike Caudle, Dave Dupuis, Tim Felchlin, Marshall Moran, Mark Nelson, Jeff Schwalm, Ken Semrau, Fred Sigworth and Ken Williams.

A TOTAL OF 71 merit badges were awarded. Tom May led with 10, Tim Mueller with 7, Steve Williams with 6, Marshall

Moran, Richard Vines and Steve Dupuis with 4. Three each went to Randy Ammon, Tom Halloran, Roy Bowers, Jack Bowers, Carl VanDyke and Mark Knudsen. Receiving two merit badges each were Bill Beckett, Steve Bowles, Tim Felchlin, Bill Harrison, Stan Majka and Rod Price. Also in the merit badge line-up were Ken Semrau, Ron Ivy, Pete McCullough, Bruce Loper, Dwight Sigworth and Dennis Tighe.

Star Scout awards were presented to Steve Dupuis, Tom May, Tim Mueller and Richard Vines.

The Senior Patrol and Patrol Leaders were presented with their leaders' badges.

**RECIPIENT** of the Rotary Club Sponsor's Achievement Award was Tom May for his outstanding progress since the last Court of Honor.

Closing ceremonies were conducted by Senior Patrol Leader Bruce Worthington.

### LEGAL NOTICE

#### MORAGA SCHOOL DISTRICT

1111 Camino Pablo Moraga, California

#### NOTICE TO BIDDERS

Notice is hereby given that the

Governing Board of the Moraga School District of Contra Costa

County will receive bids for

school furniture, equipment, and

musical instruments.

Bids are to be submitted on

forms supplied by the District

which may be obtained along

with detailed specifications at

the District Office, 1111 Camino

Pablo, Moraga, California.

Bids are to be delivered in

sealed envelopes clearly marked

on the outside with the following:

School furniture, equipment,

and musical instruments.

Bids must reach the District

Office, 1111 Camino Pablo, Mo-

raga, California, at or before

2:00 p.m., Tuesday, November

18, 1963, at which time and place

bids will be opened in public.

The Governing Board reserves

the right to reject any or all

bids and to waive any informal-

ity.

By Order of the

Governing Board

WILLIAM H. KNIGHT

Secretary, Governing

Board

Date: October 28, 1963

(Orinda #460-11/8/63)

## Incorporation Study Proposes School 'Lines'

(Continued from Page 1)

"The city would not be able to impose a property tax until one year after."

"Incorporation shortly after July 1 might be desirable; the county would be obligated to continue performing services until the next June 30, and provision could be made for any necessary assessment of taxes on the February 1 following incorporation, to become effective the following July 1."

**SPECIAL SERVICE** districts in Orinda include: Fire protection; water supply; sewage collection and disposal; mosquito abatement; flood control; schools; rapid transit; parks and recreation; air pollution; hospitals and others.

The committee believes those services now being performed through special services districts would not be affected by incorporation.

**ADDITIONAL SPECIAL** service districts could possibly be formed as an alternative to incorporation.

"It is apparent that of the three most prominent service areas, i.e. Police, Public Works and Planning and Zoning, only the police service lent itself to Special Service treatment."

However, since the state does not return any money for this purpose, the direct cost to the citizens for such districts would be close to that of a city.

**ANNEXATION POSSIBILITY** or Orinda's inclusion in other area incorporation did not appear to be considered by other cities. The committee didn't study in depth this possibility.

"Oakland and Berkeley are in another county and cannot cross county lines to annex. . . . All or at least parts, of the area however might conceivably be included in proposed boundaries of possibly newly created cities in the immediate area."

"It is a matter that should be carefully and continuously observed, particularly by that portion of Orinda closest to the Rheem, Moraga and Lafayette areas where there does seem to be much consideration being given the matter of incorporation."

**CONCLUSION** OF the committee is that it is unlikely that Orinda could be incorporated and locally governed without any increase in local taxes upon local residents.

The question each Orindan must answer for himself is: "DOES LOCAL SELF-GOVERNMENT HOLD SUFFICIENT ATTRACTIVENESS TO WARRANT THE LIKELY IMPOSITION OF SOME ADDITIONAL TAXES?"

## Storiettas Have Done It Again

That troubled trio from the land of makebelieve — Hansel, Gretel and the Witch — had it again Sunday as the Storiettas from Glorieta visited Children's Fairland with their own version of the childhood classic.

The group of youthful dramatists comprises six girls from Warren Arnold's sixth grade class at Glorieta School in Orinda. They've been presenting plays for the past year or so — and this is their third appearance in Fairland.

Storietta production are nothing if not original. The actresses create their own scripts, sets, and costumes — with some help from "volunteers" among the parents.

In Sunday's performances, "Hansel" was played by Michele Ferrone; "Gretel," by Karen Kelly; the Witch, by Cathy Lord; the father, by Leanne Bynum, and the mother by Gudrun Lorentzen. Narrator was Judy Allen.

## Pharmacy Facts

From CHARLES FERREIRA

Like all other professions and businesses, we pharmacists are constantly having to study new methods and digest new facts. Now, here's a fact that doesn't

have to be memorized, but is still rather wonderful to merely see and hear. During the years 1930 through 1934, one out of every 157 mothers died while giving birth. Today, be-

cause of the modern scientific advances which have been so great in the last few years, we lose only one mother out of every 2,222 giving birth. There is just no way — is there — to even estimate the value of the lives that have been saved!

Baby supplies? Yes, we have all the things your doctor's told you are essential to have on hand. . . . and, if you have any questions, ask us. We try to be helpful here at Charles' Drugs . . . and will do our best to make "Directions for Use" clear to you. We're at Center and Park Streets in Moraga . . . Call DR 6-4408.

**THE OLD**—Lafayette Town Hall, dating from about 1900, was scene of town meetings and community dances in early days and at present is used as a little theatre.

—Sun Photo

**THE NEW**—Town Hall's new neighbors include modern office buildings and apartments such as this nearly-completed one that stands adjacent to the old hall on Moraga Road.

## Art Show at Savings House

Under the chairmanship of Mrs. Boyd Eubank, the Orinda Art Center's annual "Art in Autumn" luncheon will be held next Tuesday preceded by guest speaker Gordon Grant Woods, at the Orinda Country Club. Woods, executive director of the San Francisco Art Institute, sculptor and architect, has exhibited nationally from coast to coast. He has served as director of the College of San Francisco Art Institute since 1955, and was the organizer and head of the art department of Lick-Wilmerding High School in San Francisco.

Decorations committee is presently involved in plans and preparations for the event, under the chairmanship of Mrs. Richard Cox and Mrs. Calvin Hagstrom.

Art display, which will include both children's art and adult mosaics, water color, oil and Chinese brush-painting, will be

## Orinda Officer With Big Lift

First Lieutenant Alan F. Gaffaney of Orinda, is participating in Exercise Big Lift, the joint Department of Defense demonstration of U.S. capability for rapid massive reinforcement of NATO forces.

Lieutenant Gaffaney, an Air Force pilot, is assigned to the Military Air Transport Service which is using 355 aircraft, necessary support personnel and more than 200 transport aircraft for Big Lift, the largest trans-oceanic airlift in history.

## Dramateurs Seek Black Scotty to Play 'Duffy'

Wanted! One black scotty dog to play Duffy, the Roosevelt pet in "Sunrise at Campobello," which is this season's first production by the Dramateurs of Lafayette.

Duffy is the first in a long line of Roosevelt pets and is an ancestor of the famous Fala. Anyone knowing of a talented, stage-struck scotty to play this important role, please call 254-3220 or MU 5-6368.

"Sunrise at Campobello," by Dore Schary, covers the period of Franklin D. Roosevelt's life when he was stricken with polio and made a heroic recovery to pursue his political career.

DIRECTOR Carl Rasmussen has announced the following cast, from the Contra Costa area: Debbie Alexakos as Anna Roosevelt; Robert Blackmur, F.D.R. Jr.; Robbie Sullivan, Elliott Roosevelt; Tony Rizzo, John Roosevelt; Tom Martin, Louie Howe; Harry Rasmus-

sen, Al Smith. Also Joan Watson, Missy; Betty Reynolds, Eleanor Roosevelt; Jim Cory, James Roosevelt; Don Rizzo, Franklin D. Roosevelt; Eve Goulding, Marie; Fran Van Loben Sels, Sara Roosevelt.

Technical committee chairmen for the play are: Makeup, Judy Ackerman; properties, Charlotte Aszklar; set design, Elaine Jay Lawson; costumes, Katy Gensey; lights, Wilbur Lawson; set construction; Perry Palin, and sound, Beth Culp. Other Dramateur committee chairmen for the year are: Membership, Helen Blanken-

**FIRST CHURCH OF CHRIST, SCIENTIST**

## Please, No Park Fees For Now

We think that William P. Mott Jr. sort of jumped the gun when he made the recent statement that non-resident users of the East Bay Regional Park system should be assessed an annual \$2 fee.

Mott, a resident of Orinda, is the system's chief executive. He suggested the \$2 annual fee because of great portion of visitors to the various regional parks are from Contra Costa County.

**THERE'S NO** doubt about it our county sadly lacks park facilities.

And the problem worsens when you understand that more and more choice land is being gobbled for development.

We agree with the recent Grand Jury suggestion that the county—insofar as its park problems are concerned—should be annexed to the East Bay Regional Park District.

But before any final action is taken, the report to be submitted by the County Park and Recreation Commission should be thoroughly reviewed. The Board of Supervisors is to receive this report on Nov. 19.

**THEN, TOO,** the board has already adopted "in principle" a \$10 million, 10-year pay-as-you-go plan to provide the county with park and recreation facilities.

It is logical and economical for the county to be annexed to the East Bay Regional Park District.

But The Sun does say—the Regional Park District should withhold any action until all plans have been carefully studied.

## Let's Keep Our Air Always Fresh

Los Angeles, as everyone knows, has been plagued by the smog problem for years. One chief culprit is exhaust from vehicles.

Now the Bay Area Smog Board has come through with an arrangement which we think will be most helpful in seeing to it that residents of Contra Costa and five other Bay Area counties can continue to enjoy the fresh, clean air that has been theirs for so long.

**WE'RE TALKING** about vehicular smog control devices.

Next year all sold used passenger cars must have the devices installed and by Jan. 2, 1965, all cars will have to be so equipped.

True, you will have to reach in your pocket for a few more dollars but we think the effort will be well worth the trouble.

**AFTER ALL,** we don't want to see the beautiful Bay Area contaminated with air pollutants as is Los Angeles.

Horrors forbid!

## Why Not Render Valuable Help

Next year's primary and general elections are some time away, but it's not too early to remind you that many, many election workers are needed.

And signups are encouraged now.

Who's needed? Well, they are persons to man polling stations and even provide messenger service.

**THE PAY** isn't fantastic, \$21 for inspectors and \$18 for workers, but you're doing your county a tremendous service.

Garages are necessary for precinct stations, too. They're not bad for the warmth of next June's primary but a home would be much more pleasant in the coolness of November's general run-off.

Garage and homeowners are paid \$15.

**IF YOU'RE** in a mood to sign up, why not keep these telephone numbers hand—284-4733 (Supervisor Mel Nielsen) and 685-1530 (Supervisor Thomas J. Coll). The county is growing which means that more persons are voting and more precinct workers are needed.

This is one way you can perform a most important civic duty.

"I'll run this out of it!"

## Vets, Will It Be Your Day

### Pro and Con

(Ed. Note: Robert Kahn, Our popular columnist, this week presented such a wealth of material about taxes we couldn't fit any of it on the Editorial Page. But if you'll turn to Page 1, there is Kahn with a most informative chart, followed by his column. You probably would find it even more interesting if you had your own property tax bill in hand.)

### Letters to The Editor

#### MORE ABOUT FLUORIDATION

EDITOR:  
In all fairness to our children and their right to good health now and in the future, it would seem incumbent on those who oppose fluoridation to manifest more evidence of being informed or more responsibility for handling facts.

In your October 25 issue the writer of one letter seems very much misinformed. Let us list the items, not necessarily in their order of importance:

1. Legality and constitutionality: for this we must turn to the courts. Everyone may have an opinion, but the decision of the courts should carry great weight. Every final decision in the United States has been favorable to fluoridation. The Supreme Court, on five different occasions, has refused to consider the question of fluoridation on the basis that no substantial federal question is involved. It would seem that this would be quite legal for most people.

2. The misinformed may call fluoride in drinking water a drug or medication, but the National Academy of Sciences—National Research Council describes fluoride as a "nutrient important for the formation of caries-resistant enamel" . . . and . . . that . . . "The practice of adding fluoride to water supplies at the rate of 1 part per million is highly desirable as a public health practice in areas where the content of fluoride in natural water is low." Anyone can find these statements in "Recommended Dietary Allowances," a report of the Food and Nutrition Board, Revised 1958, and published as publication 589. Other valuable information on nutrition is contained.

3. Another bit of misinterpretation, based on misunderstanding, was the quote from a past president of the California Medical Association. It should be doubly underscored that CMA past president Dr. L. A. Allesen was speaking only for himself. The fact is that the American Medical Association, the California Medical Association and, locally, the Alameda - Contra Costa Medical Association, as well as all other responsible organizations concerned with health are unreservedly for fluoridation.

### We Like It Here . . . Are Numbers & Labels Our Nomenclature-Fate?

By MARIE MONAHAN

"They've" certainly got us all numbered. Anyhow, I'm worried. Soon "they'll" box us up & label us like a bunch of brands of disinfectants or deodorants, take your pick. (There's such a wide variety of "things" these days. Like 106 deodorant varieties last tabs at the drug store counter.)

**OKAY.** So if you don't like THAT choice, make it perfume. A ROSE by any other name would smell as sweet. Or would it? That's what bothers me.

Take a turn around any conversational corner these days & you find some of the nicest people you know labeled "Controversial" (hurray for them!).

And how lightly & loosely some of us are inclined to tag others "Communist," . . . or "Red Hot." Or "Pinko."

More so than we tag a "Rock-ribbed Republican" or a "Die-hard Democrat."

But labels, like those marked POISON, are dangerous & thoughtlessly we punctuate our patter with terms like "Bircher" or "Rabble-Rouser;" Beatnik, Bum or Crumb.

Some sweet guy a wee bit smarter is dubbed an "Egg-head" & a husband seen lingering over a 2-hour lunch falls innocently into the "Playboy" category. Others are Pushy, Pluggers, Alcoholics, Dynamos . . . but do we really know?

**AS FOR THE LADIES,** our daily patois puts them in containers marked Social Climber, Party Girl, Clotheshorse, Money-Mad, Social Butterfly, etcetera.

Name anybody & you've got a label: Square or Psycho, Chauvinist or Revolutionary, Liberal or Segregationist.

It's a bad habit we're ALL guilty of. . . . We can package products but heaven help us if we start "packaging" people.

**THE "CHARACTERS"** I know wouldn't stand for it. And besides, they're already labeled. . . . "F-R-I-E-N-D-S."

the children of Newark with the fluoride they need."

It seems reasonable to expect that the period of misinformation will pass and that the accurate facts will lead to universal fluoridation.

The most important fact of all is that controlled fluoride in the drinking water duplicates what man has observed in nature over and over again: that at around one part per million fluoride prevents dental decay very significantly and that it is safe beyond any question. And, finally, its cost is measured in pennies per person per year.

**ZACHARY M. STADT**  
Lafayette

#### A FUNNY THING ABOUT TRANSIT

**EDITOR:**  
Funny thing has happened to your newspaper—you seem to have forgotten the taxpayers—the backbone of your community.

You extol the virtues of William Stokes, newly named manager for the rapid transit district. You fail to inform your readers of the reaction of Director Harry L. Morrison Jr. of Walnut Creek who was quoted as saying: "I object to the board making this decision without even interviewing any of the other 12 candidates—all qualified for the position—a hell of a way to run the rapid transit district."

Funny thing happened a month ago. When Mr. Peirce stepped down from his manager position, Mayor Boblett of El Cerrito told me it was probably to make a top spot for Stokes. But Boblett erred in telling me the transit directors would sham "wine and dine" interviews of other candidates—then settle on Stokes. At least they saved the taxpayers the "wine and dine" money.

But isn't it possible that Peirce is being retained as an advisor to Stokes—in essence are we paying double salary for the position?

If you read between the rails isn't it quite possible that

this group settled upon the make and style train they want — perhaps as long as three years ago. The script still reads the same. As long as they are testing why are they afraid to test the supported type monorail — a system that could save 100 million in condemned right of way. They do not even mention the Lockheed straddle type, such as is being built in Japan. It can run in conventional tunnels and subways when necessary.

Funny thing happened several months ago. I wrote to national legislators saying that the propaganda of the proposed Washington D.C. transit system sounded strangely like the gobbledygook we were fed—sounded like a national syndicate was trying to corner the transit market.

Later it was announced that the designer of the D.C. system had been hired by our local BARTD. And don't forget we were promised ultra-quiet trains—yet the BARTD are renege on rubber wheels.

**MELVILLE D. SHINE**  
LAFAYETTE

#### CONGRESSMAN BALDWIN

**EDITOR:**  
I am lately wondering why Contra Costa County keeps Congressman John Baldwin in office.

His latest stand was in opposition to the wheat sale to Russia. Why is this? We are merely treating the Russians like any other customer in the world market. It demonstrated our willingness to help countries in short supplies of food-stuffs and to relieve world tension.

It also would help our balance of payments, our gold reserve and fiscal security. It will help us to secure 300 million in gold for wheat that costs us 200 million a year to store.

Is Mr. Baldwin merely trying to build a political image by opposing the administration merely for the sake of opposing?

**MRS. HARRY H. FISH**  
Walnut Creek

### Staff Corner

## A Bigger Enemy Than Russia?

By CLANCY CARLILE

Contrary to prevalent opinion, Russia is not the greatest enemy the United States has.

Such a categorical pronouncement from the pen of an unknown pundit will, of course, be pooh-poohed by the multitudes; but long after our civilization has collapsed, perhaps future Martian archaeologists, poking about the ruins in an effort to ferret out the reasons for our fall, will stumble onto this edition of The Sun and say, "1/2%?!" (Translation: "Ah-hah! Here was one who saw the truth!")

**AND THE** truth is that the most dangerous enemy the United States has is a country called Acirema. Few people know about Acirema, but I can easily forestall the charge of being an alarmist by giving a hurried account of those aspects of Acirema which pose a dire threat to the existence of our country.

The late H. L. Mencken, perhaps our most astute Aciremanologist, once termed Acirema's form of government a "boob-o-crazy." This term seems appropriate because Acirema's leadership standards are based, not on a candidate's intelligence and ability, but on the degree of firmness in his handshake and the width of his grin. So every few years they have a grinning and handshaking contest, and the man who has the biggest grin and the hardest handshake wins the presidency.

**NOW ACIREMA** is a very affluent, but I'm sure everybody will agree that there's something screwy in a country which spends more on cosmetics every year than it does on education. In fact, Aciremans are so wealthy that a poor person is judged to be one who doesn't have enough money to join the "Y" so he can work off the fat.

However, despite the monetary negligence of its education, Acirema somehow manages the miracle of being without illiteracy; yet a backward country like Cambodia, which is 80 per cent illiterate, publishes more books per capita than does Acirema. It is estimated that only one Acireman out of 3,000 buys a book a year, and that buyer is probably a woman, since the men can't read because they are too busy making money so that one out of every three thousand of their women can buy and read a book a year.

**SOUND** sort of mixed up? Yes, but there's more: Acirema consumes more liquor and uses more bathwater than any other country in the world, which is why it is called the land of the whee and the home of the bathe.

**IT IS** usually said that a culture can be judged by its idols; if this is so, what are we to say about Acirema, where the entertainers are the national idols?

These entertainers are people who are paid fantastic sums of money to perform like monkeys in a cage called the "boob-box." Their duty is to distract the Aciremans from the overwhelming burdens of their material luxuries. However, the supremacy of these national idols has recently been challenged by a new group of distractors known as astronomical acrobats. These are men who spare no expense to do trap-eze tricks in outer space, and their highest aspiration seems to be to duplicate the feat of the simple cow in the nursery rhyme who jumped over the moon.

**THE POPULAR** movie and music market in Acirema seems to operate on the policy, "Bad taste makes good business." The forementioned Menken said as much when he remarked that "No one ever went broke underestimating the taste of the Acireman public."

**BUT ENOUGH.** Perhaps the above will substantiate my thesis that our culture has a greater enemy than Russia. And the reader has no doubt discerned by now that the enemy I am talking about is ourselves, and that Acirema is simply America spelled backwards.

**Statements made by any columnist on The Sun's editorial page are strictly their own and do not necessarily reflect the opinion of this newspaper.**

## Under The Sun

### It's Bound to Come! It Should Be Now!

By HERMAN SILVERMAN

"Hey, boss, how about writing a hell-raising column this week?"

It's Snoopy, the office cat. "You know, pull out the old, poison pen and take off."

Snoopy, I think you're just trying to get me in trouble again. But I have been thinking about something that affects many of us in Central Contra Costa County—incorporation. (This can apply to possible "annexation" for those people now living near an incorporated city.)

Orinda, Lafayette, Moraga, Alamo, Danville and Clayton—all face the problem of incorporation, either now or in the future.

Oh, no, not that!

Mention "incorporation" to many people and they react violently. And I don't blame them.

We all moved to the country to get away from "the city." We are paying high taxes now and don't want them higher. We're afraid of incorporation.

**But let's face the facts, folks.** Our wonderful country is no longer a rural, unpopulated village. Where once lived hundreds, now live thousands. And if we wish to retain the "country living," we had better do so now—before it is too late. This can be done by incorporating, so that you and I can govern and decide the future of the town.

This is not a new theory. Hillsborough, Atherton and Los Altos incorporated many years ago for one primary purpose—to protect their country living.

Gosh, more taxes . . .

I'm with you. I don't want to pay additional taxes to the new city. City taxes are not absolutely essential. As you know, Pleasant Hill, as well as other cities, have incorporated and have no property taxes. Funds come from sales tax and other subventions. This money now goes to the county.

All right, sooner or later there could be a property tax assessed, because you and I would demand more services from the city. Maximum taxes are set by law for such cities. So we will pay a few dollars a year. A friend has a theory that most of us could pay our city taxes easily on what we now spend on just a few bottles of bourbon or scotch each year.

Only air is free

Let's not kid ourselves. Needed services do not come free. We now get many services from special districts.

**What happens when we need more police service than the county can possibly give us? (This situation is almost with us in some areas.)**

Well, state law provides that the county can give us additional police service or set up a police district, without our approval, and then charge us for it. The county can (and perhaps will) do this for other accelerated services that we'll need. We will pay extra for them!

My neighborhood had a rash of burglaries recently. I bet I could have easily sold "incorporation" to most of the residents at that time.

Who's in favor?

I'm not attempting to present a complete argument in favor of incorporation. I have watched this area grow the past 16 years and am aware of what will happen tomorrow.

Incorporation is inevitable. Why not get its benefits now?

### Letters to The Editor

#### CONFUSED VOTER

**EDITOR:**  
I am a confused Democratic voter. I know that the majority of the voters in Contra Costa County are also registered Democrats. I must assume that many others besides myself are amazed and shocked to find that our incumbent representative in congress does not truly represent us.

If you read Congressman Baldwin's Newsletters carefully, with an eye out for inconsistencies, you will find that his voting record does not, I am sure, truly represent either a liberal or a democratic view. It follows, then, that I am being defrauded by my representative in Congress. I do not support his voting record; I do not believe he reflects the opinion of the average voter in this county. I also

do not believe that his pose of being a "liberal" can be substantiated.

What I want is a congressman who knows what his constituents want and goes out to get it. I don't want any more fence sitting. I don't want a smoke screen that hides a skeleton in the closet that rattles its ancient bones that the Republican party keeps carefully hidden.

If the Democratic party cannot find someone who more fully represents its point of view than the incumbent, then we can see the years roll by with an entrenched Republican representing us. And if that happens we deserve just what we get—being an unrepresented county in the U.S. House of Representatives.

**LINNIE B. WHITLOCK**  
Walnut Creek

### Hats Off To...

## John Nejedly, a DA Who Doesn't Want Kids in Jail

A district attorney—in the minds of many persons—is a hardened individual whose sole task is to send persons off to jail.

John Nejedly, district attorney of Contra Costa County, and his staff must face up to this duty. It is required of them by law.

But a district attorney can have another side to his personality, too.

**IN THE CASE** of Nejedly, he has donated 80 acres of wooded property which he owns in the High Sierra, and to which crime-bent juveniles will be sent, starting next summer.

The pilot program will be for two weeks and will be supported through \$2500 in contributions.

**"IF WE ARE** going to be at all successful in controlling crime, we should get to these young people before behavior patterns have crystallized," Nejedly stated.

The Sun commends Dist. Attorney Nejedly for his action. If it prevents just one youngster from getting into serious crime later on, the program will have been more than a success.

## Women in The Sun

FRIDAY, NOVEMBER 8, 1963

LORETTA DeANN SCOTTO  
AND BYRON ARCHER NELSON

### Byron Nelson Chooses Girl From Sacramento

Plans are well under way for the December wedding of Byron Archer Nelson and Loretta DeAnn Scotto.

Byron, or "Skip" as his friends call him, graduated from Miramonte in 1960 and attended Diablo Valley College and Sacramento City Col-

lege. Now he works for Pacific Telephone in Sacramento. His parents, Mr. and Mrs. Byron H. Nelson, reside in Orinda.

The bride-to-be is the daughter of Mr. and Mrs. Del Scotto of Sacramento. The wedding will take place in her home city.

MR. AND MRS. RICHARD D. COUTTS  
(Stephanie Lynne Foster)  
Even the mail boxes were decorated  
O. J. Campbell Photo

### Stephanie Foster Weds

Stephanie Lynne Foster of Moraga became the summer bride of Richard David Coutts at an afternoon ceremony at St. Clement's Episcopal Church in Berkeley.

The groom's parents, Mr. and Mrs. DeWitt S. Foster, reside at 8 Roberts Court, Moraga. On the wedding day their neighbors decorated each mail box on the court with bouquets of white daisies and white netting; across the entrance to the court, they hung a sign of congratulations.

Richard's parents, Dr. and Mrs. Malcolm C. Coutts, reside in San Diego.

The Rev. Elvin Smith performed the ceremony. Standing before him, Stephanie wore a full length white gown of peau de soie with a chapel train. A wreath of roses and Stephanotis held her four-layer veil in place. In her hand, the bride carried a bouquet of butterfly roses and Stephanotis.

Maid of honor was Sherry Foster of Moraga, the bride's sister. Bridesmaids included: Karen Klopfer, a friend from high school and sorority sister

of the University of California at Los Angeles chapter of Gamma Phi Beta; Judi Shupps; and Alison Coutts, the groom's sister.

The groom's brother, Stephen Coutts, served as best man. Ushers included Lynn Shafer of Alamo; Blair Barnett and Kelsey Coutts, another brother of the groom.

Kimberly Abbott, the bride's cousin, was the flower girl. After the ceremony, a reception was held at Stephanie's parents' home. Later the couple left for a honeymoon in Yosemite.

Stephanie graduated from Miramonte High School and is in her last year at UCLA, where she is working for a degree in business administration.

Richard attended San Diego State College, where he belonged to Kappa Sigma Fraternity. He spent his last year at the University of Vienna in Austria. Now he is in his last year of medical school at UCLA.

The newlyweds live in an apartment on Moraga Drive in Los Angeles.

## Bulging Booths at Exhibit Tea

Christmas gift problems will be solved for an estimated 10,000 Bay Area women at the Exhibit Tea Wednesday at the Hotel Claremont.

Skills and imaginations of branch members of Children's Hospital of the East Bay have produced hundreds of provocatively clever gift items and, from 11 a.m. to 4:30 p.m. on Exhibit Tea Day, shoppers, with lists in hand, will seek out and find the original and unique.

The hotel's Garden Room will abound with Christmas decorations, toys of all descriptions, stocking stuffers, edible goodies, cookbooks, jewelry, candles, aprons, household and barbecue accessories and scores of unusual holiday remembrances.

Walnut Branch, with seven different items, figures the variety is extensive enough to merit a country store. At this unusual store, shoppers will find tissue paper rose wreaths—like the one held by Mrs. George Dirth; mother and daughter cocktail aprons—like the pretty one worn by Mrs. Oron Martin; and a traditional walnut tree decorated with gilded walnut ornaments—like the branch behind Mrs. Robert Wentz.

Other items found at the country store will include a marble game, Christmas tags, woven baskets filled with fruits and nuts, and Santa and elf pill boxes to hold coins.

Laurel Jr. Branch already has a reputation for making clever little heads and this year they will make them into puppets. Mrs. Austin Merrill holds a funny puppet with a styrofoam ball head. Nancy Currier, 4, plays with another member of the Laurel Jr. "puppet family." And her mother, Mrs. Charles Currier, watches the fun.

Indian warrior, Indian chief, fireman, and Santa Claus puppets will also be sold by the group. And the ladies will offer other handwork including fabric bean bag in zebra, elephant and other shapes.

A year of preparation is telescoped into the one-day sale and, in addition to offering the most for their money in their bargain-priced wares, branch members will dress up their booths in competition for ribbon awards.

As the day progresses, shoppers will find respite at the beautifully laid tea from 2 to 4 p.m. in the Pavilion Room. The centerpiece, always a magnificent conversation piece, will be created this year by Mrs. Clyde Whelden of Hill Jr. Mayten Branch will supply homemade tea cakes and cookies for the afternoon repast.

Supervising the day will be the Executive Council of Branches, headed by Mrs. Francis A. Knapp, general chairman. Mrs. Donald Ellis of Orinda is coordinating chairman. Mrs. Robert Seaton of Danville and Mrs. John H. Everett of Orinda have charge of the information booth.

Other Contra Costa displays will be set up by Alder, with

WALNUT BRANCH COUNTRY STORE

LAUREL JR. BRANCH PUPPETS

waste baskets made from fabric-covered ice cream cartons; Birch, with sprightly elves and crib and doll blankets, and Poplar, with gold, silver and white angels, Santa Claus light switch covers and package ties of gold, silver, red or

"Nuts and Bolts" hors d'oeuvres.

Orinda is back with popular bread and butter pickles, and Poplar, with gold, silver and white angels, Santa Claus light switch covers and package ties of gold, silver, red or

green elastic with felt Santas, Christmas trees and other decorations.

Feather's contribution will be homemade candles, four inches wide and ten inches tall, in seven different colors, and diet cookbooks.

### Femmes Feature Fluoridation

The Contra Costa Women's Auxiliary to the Northern California Pharmaceutical Association will hold their regular monthly meeting Wednesday at 8 p.m. in the Community Room of the Standard Savings and Loan Building in Concord.

Guest speaker for the evening will be Mrs. John Hockel, wife of a Concord dentist. As the mother of three small children, Mrs. Hockel is very interested in her subject, fluoridation. She is a 1960 graduate of the University of California Medical Center in dental hygiene.

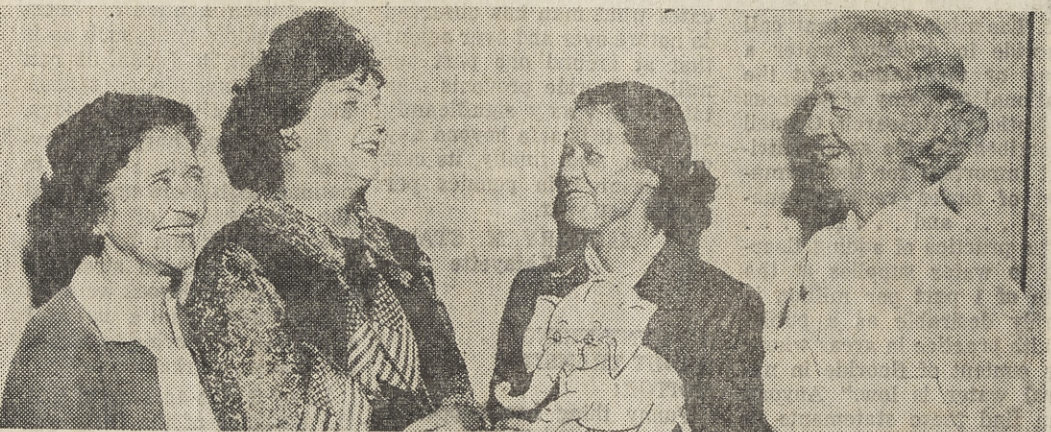

This month's co-hostesses will be Mrs. William McGregor and Mrs. Adrian Gensoul. Prospective members, pharmacists, wives of pharmacists, and wives of manufacturers' representatives are urged to contact membership chairman Mrs. Betty Egan, for further information.

### Robin Unit Rummage Sale

Today the Annual Fall Rummage Sale, sponsored by Robin Unit of the Mt. Diablo Therapy Center, will begin at 9 a.m. and close at 4 p.m.

Rummagers will find water skis, sewing machines, tables, cuckoo clocks, lamps, and tons of clothes and knick-knacks at St. Michael and All Angels Episcopal Church, 2900 Bonifacio, Concord.

Benefits from the sale will be donated to the Mt. Diablo Therapy Center. Everyone, who needs a knick or a knack is invited to drop in.

### GOP Biennial Convention

#### 'Come and See' New Head Site

Parents and alumnae of the Anna Head School are invited to bring their children to a "Come and See Day" Sunday, at the new school campus, 4315 Lincoln Avenue, Oakland.

The purpose of the social afternoon is to inspect the new premises and buildings for the girls' school now celebrating its 75th anniversary.

The "Come and See Day" will be from 1-4 p.m., with a weather warning that "in case of rain," the party's postponed.

#### Happy Valleyers' Early Morning Bash

The Happy Valley Swing Club will present an after-hours swing dance, "Dancing 'Til Dawn" tomorrow from 2:30 to 6:30 a.m. at the Elks Lodge at Creekside and South Main in Walnut Creek.

There will be a band, coffee, doughnuts and soft drinks for refreshments. Admission is \$1.25 and the public is invited to attend.

### Many Surprises At Head Auction

A bonanza for holiday shoppers will be the Anna Head Alumnae Association Auction next Saturday, according to Mrs. Stevenson Yost of Lafayette who will chairmen the affair. What's more, the local matron's husband has been recruited to serve as auctioneer, along with Mr. Carson McKissick and Mr. Dustan Gross.

From deer antlers to dishes antique will be the order of the day in the school auditorium in Berkeley. From 1-5 p.m. the general public is cordially invited to come and bid for bargains.

And long-time friends of the school as well as alumnae are urged to take a last sentimental stroll around the ivy-covered corridors and classrooms. The famous old school is destined for oblivion to make room for a new building for the University of California, purchasers of the property at Channing Way.

Proceeds from the auction are already earmarked to benefit the new school buildings presently being constructed on Lincoln Avenue in Oakland. And the auction block promises a wide array of items that include rare and old first editions of books, glassware, china, candlesticks, furniture, paintings, sculpture, decorations, garden accessories and ornaments, jewelry and table linen. Bring your "gift list."

### Reserve Officers' Ladies' Luncheon

A champagne party honoring the national president of the Reserve Officers' Association Ladies Clubs will be held Sunday from 5-7 p.m. at the home of Captain and Mrs. John D. Riner on Moraga Road.

Mrs. Jungman will be honored Saturday evening at a military ball. Also honored at the ball will be Mrs. Riner, department of California ROAL president; General R. H. Neddersen of Orinda, ROA department president, and General James Frank of San Francisco, national ROA president.

Mrs. Karl Heine of Oakland and national area director, will assist and welcome friends at the Sunday affair.

TERRY ANN JOHNSON

### 'Bob' Elermeyer To Wed Soon

Robert Ray Elermeyer looks forward to slipping a wedding ring on the finger of his lovely bride, Terry Anne Johnson, in a ceremony at the end of this month.

At the home of the parents of the bridegroom-elect, Mr. and Mrs. William K. Elermeyer, 11 La Fond Lane, Orinda, wedding plans occupy a large part of leisure time.

Bob graduated from Miramonte and attended Diablo Valley College and Oregon State University, where he received a degree in business administration. There he affiliated with Delta Upsilon Fraternity.

The bride-elect lives in Oakland. Her parents reside in Salem, Oregon. She attended Oregon State University, where she belonged to Gamma Phi Beta Sorority.

The wedding will take place in Terry's home city.

### Heidi Gals To Gather

The regular meeting of Heidi Chapter of Children's Home Society will be held at the home of Mrs. William Vernon, 1137 Lindell Drive, Walnut Creek, Tuesday. Detailed results of last month's fashion show at Castlewood Country Club will be read to the membership by Mrs. R. P. Cornelson, party chairman.

Dessert will be served after the meeting by Mrs. Vernon and her co-hostesses, Mrs. Robert Hancock and Mrs. Frank Rossi; giving Heidi members an opportunity to welcome our newest member, Mrs. John McMurray, into the chapter.

## 'Christmas Cargoes'

"Tonight 'Christmas Cargoes', the annual fund raising benefit sponsored by the Legal Aid Society of Alameda County, will open at Jack London Hall with a gala invitational black tie preview party.

Over 150 Bay Area merchants have established booths to display and sell their wares at the spectacular bazaar. Every conceivable type of gift item may be found there by the persistent shopper.

At home by the side of the swimming pool, Mrs. John A. Nejedly of Walnut Creek (above, right) launches a cargo ship, symbol of the many 'cargoes' from all over the world at the bazaar. Mrs. Edward M. Mannon (left) and Mrs. Jack A. Laspada (center) witness the 'launching.'

Tomorrow the doors will swing wide at 11 a.m. to ad-

mit the general public for 'Children's Day at Cargoes', featuring a puppet show, children's fashion show and many other special events to excite and intrigue the youngsters. Most exciting of all will be Santa's arrival at noon.

A special effort was made to provide a tasteful and inexpensive selection of gift items for young shoppers.

On this and each day until Tuesday, the show opens at 11 a.m. and closes at 10 p.m. General admission is \$1 and the ticket may be used as many times throughout the show as desired. A drawing for many valuable prizes will also take place.

Fashion shows will occur twice daily—in the early afternoon and in the evening. Art in action demonstrations will be conducted frequently throughout the day in con-

## Sigma Kappa City Lunch

Sigma Kappa Sorority recently celebrated its 89th anniversary of founding at a luncheon and program at the Fairmont Hotel Venetian Room.

Mrs. Eugene Phillips (Jeanne McConaghy) former Director of Admissions at Mills College and a Sigma Kappa, spoke on "Education of Women for Modern Day Living."

Assisting on the hostessing committee from the Diablo Valley area were: Mrs. Lawrence Harper, Orinda, past national president; Mrs. Ivan Brandt, Diablo Valley alumnae president; Mrs. Wallace Yates, Lafayette; Mrs. Donald Foster, Danville; Miss Elda Eggert, Concord.

Special guest was Mrs. Edward Douglas, national president of Sigma Kappa from Los Angeles.

Sigma Kappa was founded in 1874 at Colby College, Waterville, Maine. There are over 300 college and alumnae chapters in the United States.

## Xi Gamma Mu Fashion Show

Xi Gamma Mu Chapter of Beta Sigma Phi, are busy making plans for their forthcoming fall luncheon fashion show.

It is being held at the Castlewood Country Club in Pleasanton at 1 p.m. tomorrow. Models are being chosen from other chapters in the area. They and their small fry will model smart fashions provided by the Clothes Horse and Klad-eze Children's Shop of Walnut Creek.

Mrs. June Kupper of Walnut Creek's Fashion Wigs, will also display an assortment of fashionable wigs.

The Mineral and Gem Society of Walnut Creek will also have on display selections of rocks and gems. Mrs. Dora Frederick will commentate the show.

Tickets may be purchased from members of Xi Gamma Mu for \$3.50.

## Delta Delta Delta Lunch

Collegiate and alumnae Delta Delta Delta members throughout the San Francisco Bay Area will gather together for a Diamond Jubilee Luncheon celebrating the founding of Delta Delta Delta 75 years ago.

The luncheon will be held next Saturday at 12:15 p.m. at the Olympic Country Club at Lakeside, San Francisco.

Mrs. Fletcher A. Young of Lafayette is in charge of publicity for the affair. She and Mrs. Richard Cox of Orinda plan to go to the big city for the gathering.

## Charter for Eastern Stars

Orinda Chapter U.D., Order of Eastern Star, is now Orinda Chapter No. 635, according to a recent announcement received from Long Beach.

Orinda chapter was granted its charter by the Grand Chapter, State of California, meeting in that city last week.

Delegates attending the convention included Mr. and Mrs. Richard E. Parsons, worthy matron and patron; Esther Johnson, associate matron; Marie Myers, conductress; Donna Stoy, Iris Nicolai and Shirley Jones, all of Orinda. Also in attendance were honorary members Helen McCoy, Helen O. Isberg and Robert C. Atkinson, grand officers at the time the chapter was instituted.

Orinda chapter was instituted by the Grand Chapter, State of California, in Oakland June, 1962, and since that time has been meeting in the Masonic Auditorium, Orinda. Its 75 members now become charter members.

## News of Omega Nu's Alpha Lambda

Several members of Alpha Lambda Chapter of Omega Nu attended the 57th annual convocation held in Stockholm.

Enjoying the busy schedule were more than 150 delegates, members and their husbands from 14 chapters in Northern California.

Delegates attending from this area were Alpha Lambda President Mrs. Fred LeClair of Walnut Creek and Mrs. George Anderson of Lafayette.

Also present was Mrs. John Urmon of Orinda, chairman of the 1946 convocation, to be held at the Concord Inn next October.

Other members attending were Messrs. and Mmes. Clyde Behr, Collin Fraser of Walnut Creek, Ted Mathiesen of Pleasant Hill and Ray Hertz of Concord.

## An Alacritous Bravo! for the Allegro Ball

A Symphony in medieval splendor was the gala Allegro Ball Friday night at the Claremont Hotel.

For the Oakland Symphony benefit bash, the Berkeley hotel never looked so good (its gargantuan Garden Room having been given a courtly big treatment to suit the party's theme "Night of Knights"); neither did the throng of ballgowned ladies and black-tied gentlemen. And the music of Russ Morgan, (his band came up from the southland a day early before the scheduled six-day engagement at the famous hostelry), played second-fiddle to none, of course.

Heraldic designs in a brilliant display of banners, shields and crests studded the pillars and posts of the main room—a sizable task for the talented decor committee.

Too often decorations don't make a dent in the Garden Room's expansive interior, but the regal embellishments of centuries past weren't lost for looking Friday and even the cardboard cutouts of crossed swords and halberds looked for real.

Festive topiary trees flanked the entry after a trip (literally) on a turned-up corner of the red carpet roll . . . Mills College girls portrayed pages in red velvet and black and white harlequin-patterned costumes, the waitresses, too, got into the act with peaked wimpled hats to match their usual perk uniforms.

Morgan's music was irresistible and there was always the rush to avoid the inevitable crush as more oldies and favorites popped up in a set.

As to glamorous garb, there was Mrs. Nathan (Mary) Gray in a cerise silk sari embroidered and banded in blue. The Orinda attorney's wife had bought the eight yards of silk required (amount for a sari) in Bombay during the couple's global peregrinations year and she had fashioned it for herself finally with the help of an authentic pattern.

Marian Fiset swished through the lobby (with columnist-husband, Bill) in a red and white silk with its own stole. The popular couple were greeted by the William Scatenas, James Love and Dr. and Mrs. James MacDonald; each of these ladies a fashion-finder for any style scribe.

Edith Scatena's dramatic costume, an iridescent blue-green silk and wool, oriental-styled, that matched a sleeveless mandarin jacket and headband. An oriental postiche was pretty on Mary Love whose festive frock was a sprinted dynasty silk and Ramona MacDonald was outstanding in a white chiffon of Empire design. The aforementioned Orindans were all tailed with the Edward J. Dalys who hosted a large gathering for cocktails earlier at their Orinda home that also included Messrs. and Mmes. Bruce Anderson and the Eldon Platts.

The Gordon Ainsworths hoofing it center-front on the dance floor (they were also cocktail and dinner guests of the Dalys); Harriet looking distingue in a two-piece white peau de soie jersey . . . Ginie Barnett, in aqua chiffon, sharing a dance with Philip Bush while the Symphony board president's wife Margie, in raspberry chiffon with jeweled midriff, made melodic rounds with Ed Barnett.

At another long table, the Murray Lehrs of Lafayette . . . and the Paul Handlerys of Orinda awhirl on the crowded dance floor; Ardyece blazing a trail of brilliance in silver and gold soufflé brocade . . . a bejeweled pink bouffant on Barbara Graber who arrived late with her husband Victor and their town guests in tow.

The William Zions missing from the party and the Bush's dinner table due to a last-minute illness for Betty . . . and Al and Gerry Allen of Orinda were there, she wrapped up in a dark green velvet stole over a multi-colored metallic gown. The Edgar F. Kaisers of Lafayette were hosts to another large table of guests as were Mr. and Mrs. William Kane of Orinda. And the way things look from the encore success of the second annual Symphony Ball, Oakland music lovers have got themselves a traditional event.

M.M.

## Post 517 Plans Harvest Dance

Chairman Al Hansen announces that American Legion Post 517 will hold a Harvest Dance next Saturday at the Lafayette Legion Hall.

The dress will be gingham and blue jeans and the price will be \$1.00 per couple.

## Femineers To Fete Men

"C'est le monde de l'homme"—in other words, it's a man's world—will be the theme and moral imperative of the Femineers' remarkable "Golden Fleece" Scholarship Benefit dinner-dance to be held tomorrow evening at the romantic Orinda Country Club.

The Femineers, an organization of wives of civil and structural engineers of Northern California, look forward to a momentary halt, for the evening, in the rising national trend toward female supremacy. Prizes will be exclusive for men.

Each male present will be boss, master, and lord of the occasion.

While the men are away at work, Femineers stay home and get a little practice for

the dance: (from left above) Mrs. Merrill Neumann, Mrs. Kenny McKesson, Mrs. Theodore Newman, and Mrs. F. Robert Preece.

For the first time, the annual affair will be held on this side of the Bay. Funds raised from the dance will be contributed for scholarships to deserving civil engineering students at the University of California. Since 1951 many students have been helped through this worthwhile benefit.

Before the dance, cocktails and hot hors d'oeuvres will be served from 7 to 8 p.m. Dinner will be served from 8 to 9. And Jimmy Diamond's orchestra will play until 1 p.m.

Mrs. Merrill R. Neumann of Alamo, is chairman of this

year's "Golden Fleece"; assisting her are: Mmes. E. Kenney McKesson also of Alamo; Theodore Newman and F. Robert Preece, president of the Femineers both from Lafayette; Victor Sander from Orinda; Jack Long, Donald Moyer; J. Barry Cooke; Cedric Andersen; John Tranfina; and George Sedgewick.

Others planning to attend from Contra Costa area are: Messrs. and Mmes. Elvan Babylon, Orinda; Dwight Jerlow, Orinda; H. Robert Ham-mill, Walnut Creek; John J. Hallenbeck Jr., and Thomas Lowry, Alamo; Alfred Sperry, Diablo; Raymond Lundgren and Peter Quinn, Lafayette; and Frank McClure, Orinda.

## Acalanes DAR's Defense Lunch

Acalanes Chapter of the Daughters of the American Revolution held its annual defense meeting Monday at the home of Mrs. Walter Dreyer, 492 Staten Avenue, Oakland.

Mrs. Dreyer and Mrs. Clarence G. Smith of Oakland were co-hostesses for the noon luncheon with the assistance of Mrs. Donald K. McIntosh of Walnut Creek and Mrs. Raymond C. Westphal of Lafayette.

National Defense Chairman Mrs. Curtis L. Newcombe of Lafayette introduced the guest speaker of the afternoon, "Aerospace Defense" was the topic by an officer of the Hamilton Air Force Base.

## New Officers for Las Amiguitas Jr.

Installation of officers of Las Amiguitas Jr. Unit No. 33, Walnut Creek were held Monday in the auditorium of Buena Vista school.

Carolyn Pratt, daughter of Mr. and Mrs. Charles O. Pratt, Cherry Lane, was seated as president. Carolyn is a sophomore at Las Lomas High School and is affiliated with the G.A.A.

Other elective officers installed were Nancy Beckemeyer, past president; Cheryl Patterson, vice president; Sue Lawrence, marshal; Kathy Charron, sentinell; Sue Sanderson, secretary; Yvonne Kirkpatrick, treasurer, and Carol Winkelman, Jody Borges and Sandy Johnson, board of trustees.

Past President Pat Miller presided as installing officer for the occasion and she was assisted by Cheryl Charron as installing marshal and Fran Corrigan as installing past president.

Carolyn chose "Around the World" for her installation theme, and appointed Nancy Beckemeyer as her decorations chairman.

Committee appointments during her term have been made by the incoming president as follows: social, Sue Sanderson; round-up, Sue Sanderson and Yvonne Kirkpatrick; ways and means, Linda Cox; press book, Nancy Beckemeyer; welfare, Carol Winkelman and Jody Borges; friendship, Carol Augustine, and fashion show, Carolyn Pratt.

## Delta Zeta Tea Towel Shower

Mt. Diablo Alumnae Chapter of Delta Zeta Sorority will meet at the home of Mrs. William Smith, 1312 Davis Avenue, Concord, Wednesday at 8 p.m. Mrs. John Bedecarre will assist as co-hostess for the evening.

This will be a tea towel shower for Zeta Iota Chapter at Humboldt State College. Our guest of the evening will be Mrs. Flora Kortum, who will introduce and demonstrate the Tri-Chem method of embroidery. Each member is asked to bring a tea towel so each will have an opportunity to learn the Tri-Chem method.

These towels will then be given to the Zeta Iota Chapter. All Delta Zetas in the

area are cordially invited to attend and should make reservations by calling the co-hostess, Mrs. John Bedecarre.

The highlight of the chapter's last meeting at the home of Mrs. Robert Adams was the presentation of the "Mt. Diablo Alumnae Woman of the Year" Award to Mrs. Gus Kelleway. She also received a tea cup and saucer with Delta Zeta's traditional rose painted on it.

Each charter member who attended was presented with a rose corsage and Mrs. Bryant King, president, donated a cake decorated with a doll as the Sweetheart of Delta Zeta.

## Dr. Hayakawa Will Speak at Forum

Dr. S. I. Hayakawa, brilliant author, educator and internationally known semantist, will speak on "Success and Failure in Communication," at the Diablo Tuesday Morning Forum Tuesday at 10:30 a.m. at the Diablo Country Club.

Reading up before the lecture on their communication notes are Mrs. Edward Molloy (above, left) and Mrs. David Stewart, program chairman. Having been instructor, assistant professor and associate professor in English at many of the leading universities throughout the United States, Dr. Hayakawa is well qualified to speak on this subject.

His most recent visiting lectureships and professorships have taken him to the University of Denver, University of

Kansas City, Columbia University Teachers College, University of Wisconsin, Notre Dame University, San Francisco State College, Louisiana State University and San Jose State College. Since Autumn of 1955 Dr. Hayakawa has been lecturing in language arts at San Francisco State College.

The distinguished guest will be introduced by Mrs. Stanley Friden and she assures anyone attending a most interesting and informative two hours.

Receiving in the foyer with Mrs. Thomas Peterson, coordinator, will be Mmes. William Boyd, Herman Chrisman, man, Arch Campbell and Hugh Miller. Coffee hostesses for the morning will be Mmes. George Towle, Thomas Brighton and Irving Kraemer.

Many outstanding books have been written by Dr. Hayakawa: Some are "Language in Action" (Book-of-the-Month selection), "Language in Thought and Action," and "Language, Meaning and Maturity." In addition to the books written, he has contributed articles and reviews to various magazines.

Dr. Hayakawa has been the editor of ETC, a Review of General Semantics, since 1943. His listing in "Who's Who in America" cites numerous other honors and credits.

The public is invited to attend the Forum and may obtain tickets at the door or by calling Mrs. Laurence Curtola or Mrs. Paul Ditzler. The ticket includes the coffee hour preceding the lecture.

# Curtain Closer for FAL Tonight

By HEC HANCOCK

With Las Lomas and Miramonte tied for first place, the Foothill Athletic League goes into its final round this afternoon and evening. And as the curtain falls on the 1963 season, each of the three remaining games could be vital in determining the final standings.

Miramonte leads off on the last lap of their efforts to defend their league championship, meeting San Ramon this afternoon at Orinda.

Las Lomas, having climbed into a first place tie, will host the wild and woolly Alhambra Bulldogs this evening. Also on tap for tonight, Del Valle will vie with Piedmont on the other side of the hill.

IN THE event both Miramonte and Las Lomas come off on top against their respective opponents, they will be co-titlists of the FAL.

However, this is only one of the several possible combinations that exist.

If San Ramon is able to knock off the Mats, Las Lomas by winning would be the sole heir to the crown.

Now add the possibility of a loss by the Knights to Alhambra.

IN THIS event, Miramonte by winning would pick up their second league title in as many years.

A Las Lomas loss, coupled with a Wolfpack win, would throw things into a three-way tie between Las Lomas, Miramonte and San Ramon.

Things could become even more crowded at the top, as Piedmont would join this group should they defeat Del Valle.

Those are the ingredients that make for a fitting climax to a season of football.

LAS LOMAS mentor Duane Louis is anything but self-indulgent regarding the pending tussle with the Bulldogs. He warns, "With Paul Waite, Alhambra has one of the biggest threats in the league. You can force him back 15 or 20 yards, but he can still complete for 30 or 40 yards." Louis continued, "Alhambra has a senior line. Their backs are small, but

lucky, and can go all the way any time you make a mistake."

The Knights should be in as good a shape as they have been this year. Brian Nissen has resumed his position in the backfield. His display of running was the highlight of last week's contest with San Ramon. With Nissen, Bill Staley, Don Carlsen, Jon Phillips and Dave Allasia to choose from, the Knights have been able to move the ball on the ground.

Mike McGinnis has shown exceptionally well in the last two games. His effective passing has been successful in loosening up the defense. Daryl Razzano has rounded into form, and has been McGinnis' favorite target.

Over at Miramonte, the Mats, who hope to snap a two-game losing streak, report that they'll be in good shape for their encounter with the Lobos.

MAT COACH Frank Scott sizes up his charges' main problem thusly, "Alhambra has good speed and a good defense. In end Ron McLaughlin, halfback Jim Parker and Wayne Canterbury, qb, San Ramon can throw up plenty of offense."

The Wolfpack is also on the tag end of a two-game losing streak, having bowed to Piedmont and Las Lomas in their last two outings.

Word from Danville indicates that the Lobos will be in good physical shape for the fray. As such, the gang from Danville are capable of a well-diversified attack.

They have shown they can throw well, long or short. John McMillen gives them good punch up the middle, Jim Parker the break-away speed.

WITH NEAL Pearson directing the attack, the Mats have

JUST IN TIME—Mike McGinnis (23), Las Lomas quarterback, unloads on a forward pass just as San Ramon forwards break through his blockers. Sun photo

## Diablo Group To Attend U.S. Board Meeting

An official delegation from the Diablo Power Squadron will attend the United States Power Squadrons' National Governing Board meeting in San Francisco Monday.

This will mark the first time in the 50-year history of the organization that the board has convened in San Francisco.

Commander Robert Wieben will head the central county contingent that includes Clyde Kirkin, Dick Spragens, John Loop, Elliot Hartman, Ted J. Clark, and Warren Martens. In addition, all members are invited to attend the business session starting at 2 p.m.

Presently, there are 124 students in Diablo's small boat handling, piloting and seamanship classes at Del Valle High School and Diablo Valley College.

New classes, available to the public, will start again in February. Classes meet on Wednesday and Thursday evenings at Del Valle High School and Diablo Valley College. Instruction is free.

## Mrs. Crane Has Diablo Low Net

Mrs. James Crane fashioned an 83 to end up with Low Gross honors in the Diablo Country Club's women's day last week. Low net honors went to Mrs. Frank Clenegan, who shot a 70.

In Class A, Mrs. Bud Shank, 89-17-72, was the winner. Mrs. William Farmer, 87-14-73, finished in second place. Third place resulted in a tie between Mrs. Phil Hammond, 90-16-74, and Mrs. Charles Stimpson, 89-15-74.

Class B was won by Mrs. Leslie Thompson, 93-22-71. Mrs. William Houston, 93-21-72, was a stroke back. Mrs. Dean McDowell, 96-21-75, rounded out the top three.

In Class C, first place honors were split by Mrs. Leroy Leal, 100-27-73, and Mrs. William Hayes, 103-30-73. A two-way tie also developed for the runnerup position between Mrs. Robert Carpenter, 106-32-74, and Mrs. Ed Sterling, 100-28-74. Mrs. Pen Penprase, 106-31-75, was awarded third place.

## Mrs. William Farmer Fires Ace at Diablo

Using a four wood, Mrs. William Farmer aced the 163 yard 16th hole at Diablo Country Club last week.

Playing in the foursome with Mrs. Farmer were Mmes. Frank Ivaldi, Frank Rossi, and Howard Lamb.

The group were part of the field in the weekly Diablo CC women's group.

## Rounsaville Impressive At QB Despite DVC Loss

Substitute quarterback Butch Rounsaville, passing for 311 yards and three touchdowns, brilliantly engineered an aroused DVC football team to a near upset win as the Vikings dropped a 28-22 thriller to the powerful Oakland Thunderbirds last Saturday night in Martinez.

The Viks will try to knock Contra Costa's Comets from the undefeated ranks of JC football teams tomorrow night in San Pablo. The Comets are currently seventh rated in the nation according to the JC Gridwire.

Rounsaville's 311 yards, 41 pass attempts and 20 completions established a new Golden Gate Conference single game record.

HE HAS played most of the season as a defensive linebacker but the record smashing game has made him Coach Sam DeVito's number one signal caller and the GGC leading passer.

The field general's favorite target, Bob Fredericks, took the GGC leadership in pass receptions with 15, as the elusive end hauled in seven aeriels for 97 yards.

After Oakland jumped into an early 8-0 lead in the first quarter on quarterback Jim Sharpe's conversion run by Carl Evans, the Vikings staged a three touch-down second quarter.

Rounsaville hit Fredericks with a five yard toss for the first DVC touchdown. The signal caller was tackled on the PAT attempt.

THE VIKINGS marched 94 yards on 12 plays for their second score with Rounsaville flipping a pass to Dean Hilger for a 23-yard scoring pass play. Rounsaville tossed Fredericks the conversion pass to send DVC ahead 14-8.

Bob Peterson's tally on a 24-yard pass from Sharpe culminated a 56-yard drive on four plays and Johnson ran the conversion points over to put the T-birds ahead 16-14.

The Vikings came right back when Rounsaville connected Fredericks with a 53-yard scoring pass play. The scoring drive covered 56 yards in three plays. The conversion pass failed.

Oakland forged ahead when speedy Johnson went off left tackle and raced 34 yards to paydirt. Sharpe connected with Johnson for two passes good for nine and 18 yards to set up the scoring run. Sharpe failed to run the conversion points over and the visitors led 22-20.

66-YARD touchdown pass from Rounsaville to Fredericks was called back on a holding penalty late in the second quarter.

Elvin Brunson scored what proved to be the winning tally when he plunged one yard into the end zone in the third quarter to clinax a 50-yard march on

seven plays. Evans' PAT run failed.

DVC turned an interception into a safety later in the third quarter. An Oakland defender grabbed a pass out of the outstretched arms of Fredericks in the end zone only to be nailed on the one.

The next play Duane Smith shot through the T-Bird line to drop halfback Al Brumfield for the two points.

WITH ONLY 30 seconds remaining and a seemingly victory on the way, Glen Fuller snared the pass in the end zone to stop the final DVC effort.

Besides the astounding passing yardage, the Viks, with their first healthy backfield since the first game of the season, racked up a respectable 156 yards rushing.

Hilger led the DVC rushers with 47 yards on 13 carries and Doug Mongsene followed with 43 on 12 carries.

Morelli and Hilger followed Fredericks in catches with four apiece.

Oakland rolled up 148 rushing and 189 passing for 337 total yards and had only nine first downs to the Vikings 21.

## Schuba Romps as San Leandrans Beat Miramonte

Miramonte will be seeking to regroup their forces in order to snap a two-game losing streak and at the same time hang onto a portion of the Foothill Athletic League title.

The Mats must defeat the visiting San Ramon Wolfpack in order to insure a tie for the title.

Last week, the San Leandro Pirates took advantage of the Mats' abstention from league play to rudely jolt their hosts, 35-7.

SPEARHEADING the Pirate attack was Andy Schuba, San Leandro halfback that romped for three touchdowns. Schuba amassed a total of 189 yards in 12 carries.

Schuba scored on runs of 13, 25 and 54 yards. Augmenting the Pirate ground attack, Jerry Gaustal handled an effective passing attack.

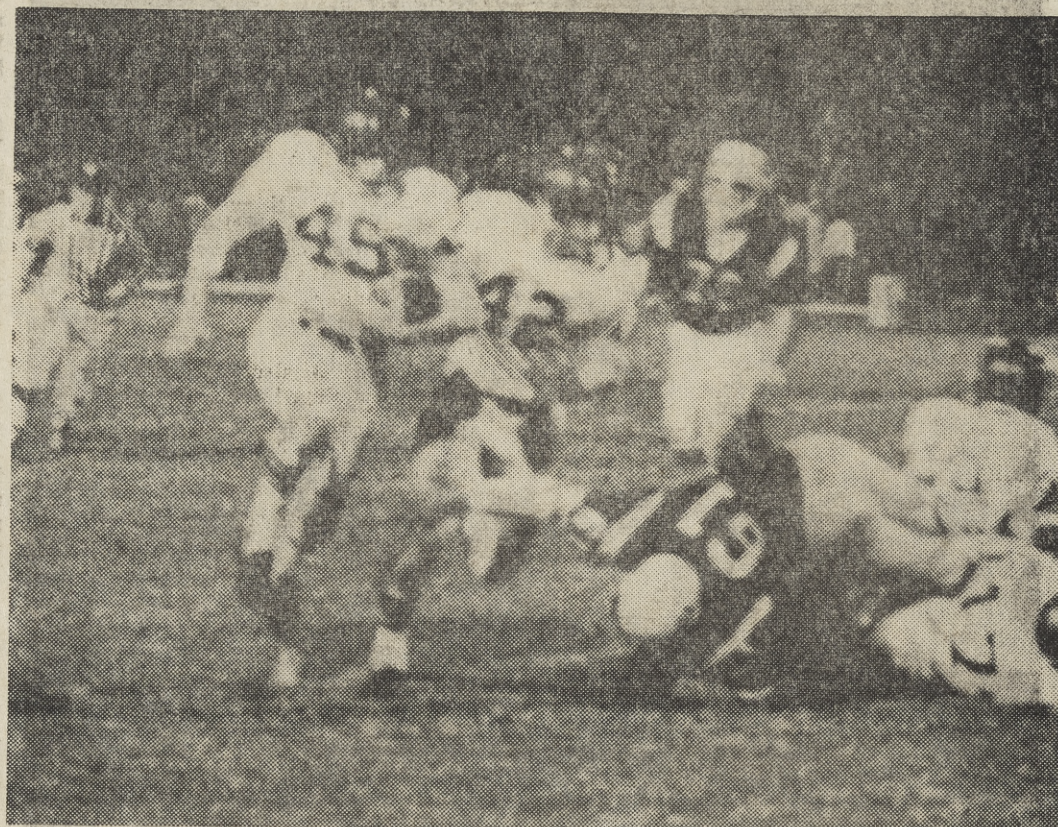

San Leandro jumped off to a quick 14-0 lead in the first quarter and led by that score at the intermission.

The Bucs added two additional scores in the third period, and rolled to a single tally in the fourth.

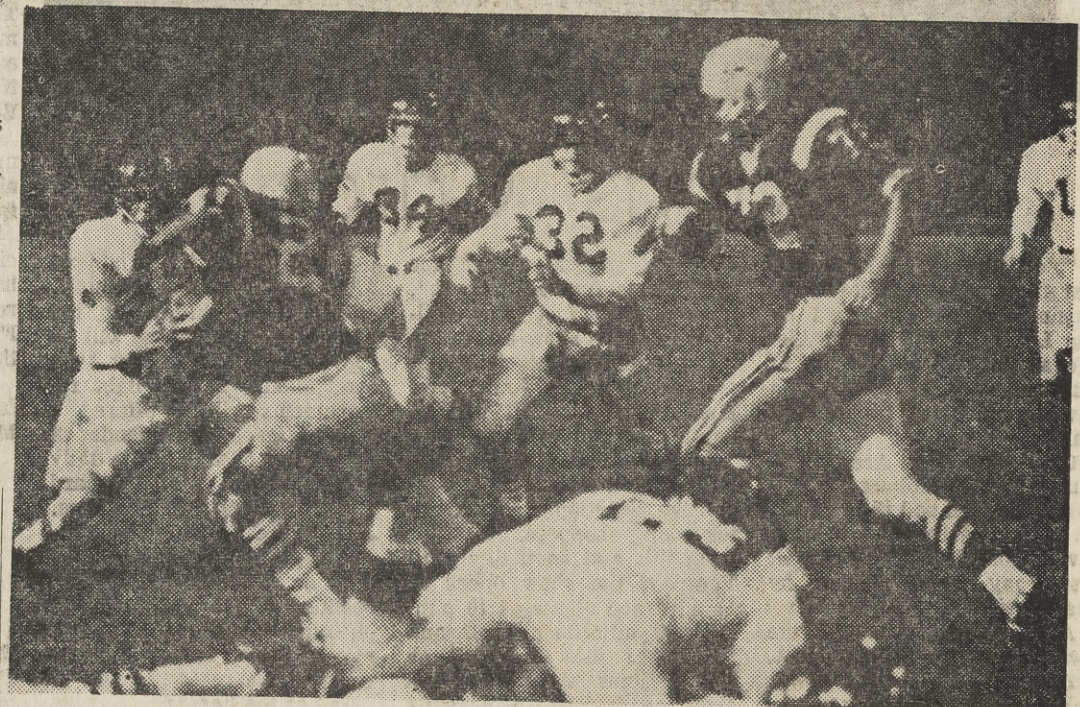

Miramonte got on the scoreboard in the final stanza, Neal Pearson connecting with Pete Boyle for the six-pointer.

## ... By Hec!

Coach Hal Briggs can't really be blamed if he shows a little affinity for the Utah State Aggies these days.

Actually, if the Aggies were real sports they'd give Hal the keys to the campus, or an honorary degree, or something.

It's not that Briggs is an alumnus of the Utah institution, but he has been the fountain head of much of the grid talent presently stashed away in the Aggie larder.

SINCE THE MIGRATION to Logan got under way several years ago, there have been six ex-Rams that have distinguished themselves in Mormon country.

On the present Utah State aggregation there's Tom Foster as the first string defensive line backer, and running as offensive fullback on the second squad.

In addition, Foster is an outstanding wrestler. In fact, some consider him of potential Olympic stature.

Sophomore Chuck Bray, Pleasant Hill '61, is the first string defensive tackle.

DOWN ON the frosh squad, last year's All-league halfback, Dave Clark, is the starting halfback, going both ways.

This group is just the latest of a line of former Rams. Last year Roger Leonard culminated a grid career that saw him turn in outstanding play as defensive halfback.

Of course, the most conspicuous of the Ram alumni has been Tom Larseheid. A well-known name in Contra Costa football circles, Larseheid was the leading rusher and scorer in the nation in his senior year.

UPON GRADUATION, Larseheid elected to ply his trade with the Vancouver Lions in the Canadian league. He was the leading pass receiver in the loop from the point of yards gained until his grid career was abruptly halted a short time back.

A knee injury appears to have sidelined Tom for good.

I think you'll admit, a pretty fair array of talent. Like I said, the Aggies should send Briggs a rooter's beanie and a block letter.

I had planned to lead into the next item with the promise of skiing in Berkeley by November 14. However, with the current storm raging through the Sierra, the prospect of available skiing is not so startling.

But, with the arrival of the first layer of the white mantle, skiers are getting that antsy-pantsy look.

This year they'll be able to work off some of the excess energy that was accumulated awaiting the pack to develop to skiable proportions.

The first California Ski Fair is slated for the Claremont Hotel in Berkeley from Nov. 14 to 17.

THE FAIR will have displays of equipment and resort areas. Three skiers' balls, including an apres skit ball (that's after ski wear for those of us from slobberville) will be held.

Facilities will include Bavarian type restaurants, and a ski run.

Ski instructors, and prominent skiers will give demonstrations hourly on the 40-foot-high, 100-foot-long slope.

A ski meet between University of California and Stanford ski teams has been scheduled for Nov. 17.

Baby it's cold outside, ski hell!

Last week in sheer panic we resorted to outside help to assist in our football prognostications. To this end, Gordon McNulty was brought in. However, his performance was barely adequate. Particularly when you consider he was the recipient of the usual run of beginner's luck.

In the interim, we've made the necessary adjustments, and ol' fearless is ready—I think.

## CCD Roundup

# Devils Battle Bucs for Lead

Stopping the Pittsburgh Pirates tonight is the immediate problem facing Mt. Diablo as the two titans of the Contra Costa Division of the DVAL collide at Concord.

It's also the problem of the rest of the league, but specifically College Park, as a Bucanero victory wraps up the title for the Steel City eleven.

Stopping Coach George Gall's squad which exploded for 61 points against outmanned Ygnacio Valley last week will be a chore. Compounding the problem is the necessity of the Devils to be at their highest peak, this following the natural let down that came on the heels of the College Park titanic.

OTHER action finds Pleasant Hill hosting winless Pacifica this evening. College Park will meet Ygnacio Valley in the afternoon on the Clayton Valley field.

Coach R. V. Johnson of College Park reports we're still mathematically in the race, so we'll be all out to keep things alive.

Regarding Ygnacio Valley, he pointed out the Warriors had played good ball this season. However, last week they had their thin forces weakened by injuries to key personnel.

"We had one let down this year and the Antioch loss is what really hurt us. Last week, we had our chance to win the game, but by the same token we could have lost it."

DICK LARSCHIED was credited by Johnson with his best game of the season against the Devils. Tackle Bill Hendrickson also turned in his top performance. Other outstanding efforts

included ends Mike Dame and Ron Otvos.

Hal Briggs, Pleasant Hill headman, described the Rams' opponent this week, Pacifica, as the hard luck team of the league. "In the past three games the Spartans have been shut out. However, they have moved the ball for yardage. It's just that everytime they get into scoring position, penalties, fumbles and mistakes have hurt them," reported Briggs.

The Spartans, who have always been known for their hard nosed football, have some good offensive weapons at their disposal.

Tom Monteath, quarterback, can throw well. Ken Tate, a 196 pound fullback, runs with plenty of authority. In Mike Matson, the Pacifica has one of the outstanding linemen of the league.

THE RAMS will be in the best shape of the season going into this encounter.

John Hill, injured in the Mt. Diablo fray, and halfback Lon Riggs, banged up in the College Park game, will be available for action.

Briggs reported "We will be all out to win these final two games of the season. We feel the year has been a successful one in view of the rebuilding job that had to be done. As it was, if we had just one break runner, we might have turned some of the results around." Briggs added "We've had to grind it out this year. I think our longest gain has been a 20 yarder."

A young club, the Rams will be a factor in CCD play next year.

## Trojans, Dons in Scoreless Tie for Acalanes' Closer

Del Valle will close its 1963 football season against Piedmont tonight at Piedmont. The squad now has a 1-3-1 record in league play.

The Trojans battled Acalanes to a scoreless tie in last week's contest. Though the team didn't score, Coach Forrest Russell praised Del Valle's offensive effort.

Del Valle outgained the Dons, 177-124, in total offense. The Trojan ground game, spearheaded by fullback Jim Christman and halfback Vic Shellenberg, looked as good as it has all year.

RUSSELL also noted that the defense played a strong game.

He particularly praised the line play of tackles Scott Smith and Ken Roberts. Del Valle amassed 12 first downs as compared with six for Acalanes.

Though the Trojans moved the ball well, they seldom got within striking distance.

A last minute drive was halted when Bruce Black's fourth down pass was intercepted.

"Piedmont has both a good running and passing attack," Coach Russell noted. He pointed out that their defense was not strong.

The Highlanders have a 3-2 league record and could conceivably tie for the league championship if they win tonight.

THIS WILL be the last game for 15 seniors on the Trojan squad. Russell hopes to give as many fourth-year men as possible a chance to play.

The starting line-up will remain virtually unchanged.

Brian Frank and Steve Offen will start at the end spots. Smith and Roberts will be the starting tackles.

Rich Bartlett and Keith Broaders will start at guards. John Shields will be the starting center.

Shellenberg, who was recently converted from the quarterback spot, will remain at halfback. Except for the season opener, he had been the Trojans' signal caller until being switched back to halfback for the Acalanes game.

Bill Main will start at the other halfback position, and Christman will be the fullback. Dave Sargent and Bruce Black will share the quarterback duties.

## Highland Grabs Third Straight Softball Title

Downing the Parkmead Pop's, 4-2, the Highland Liquors swept to their third straight title in the Walnut Creek Softball League.

Danville Merchants with a record of 10-4 finished a game off the pace.

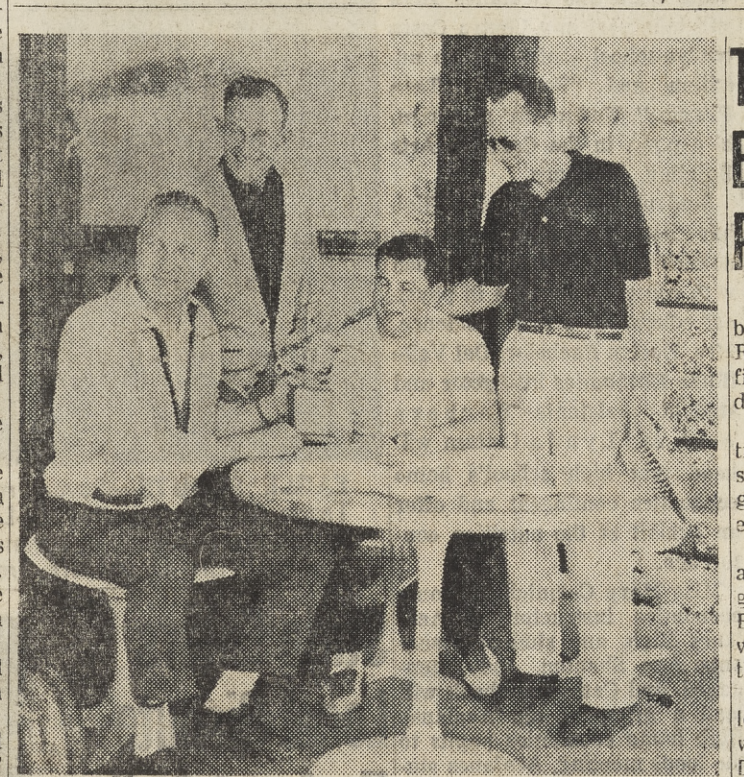

Third place resulted in a tie between the Red Stove and the Dow Deacons, each with 8-6. Parkmead compiled a 4-10 record to fill out the loop.

After having led the loop during the early portion of the year the Danville Merchants replaced Highland for a time as league leaders. However, a late season drive enabled Highland to regain the championship they have won on two previous occasions.

However, in ending up as undisputed champs, Highland needed an assist from the Red Stove. Red Stove topped Danville, 4-1, to knock the Merchants out of the title picture.

## Rams Top Eagles, 13-7, Meet Pacifica Tonight

Pleasant Hill's hopes for a winning season were bolstered last week as they downed a stubborn Clayton Valley eleven, 13-7.

The Rams will seek their third win of the CCD campaign when they tangle with the winless Pacifica Spartans.

Against the Eagles, Pleasant Hill got on the scoreboard late in the first quarter, mounting a 65-yard drive for the score.

The march featured the running of Tim Conger and Garry Garren. John Dotson bumped his way into paydirt from the three yard line.

On the PAT, Dotson passed to Bill Marshall for the extra point. Having broken the ice, the Rams got in their second and deciding score mid-way through the second quarter.

Conger set the stage for the clinching score when he picked off a Clayton Valley aerial and scampered back to the 11-yard marker before being brought down.

After the Rams had moved to the seven, Dotson made the turn around end on a pass-option play, reaching touchdown country for what was to prove an important six points.

The PAT was unsuccessful. After one drive had been frustrated, the Eagles ran a punt back to the 42-yard line. Dave Sharkey passes, the key play being a 22-yard advance to Clyde Mashore, moved the ball into scoring position.

Then with only four seconds left on the clock before the gun ended the first half, Mashore blasted his way over for the score. The PAT was good, making the score at the end of the first half 13-7.

During the final half, both teams moved the ball, but were unable to find a scoring combination.

One drive by the Rams was stymied by a tough Clayton Valley goal line stand at the two-yard line.

## T-Birds Grounded By CC Rockets in Pop Warner Final

La Morinda's Thunderbirds bowed before the Contra Costa Rockets, 33-12, in the season finale of Pop Warner play Sunday.

The victory enabled the Contra Costa club to retain possession of the Dame Cup, a trophy going to the winner of the game each year.

Trailing by only a 14-6 count at half time, the Thunderbirds gave up two touchdowns to the Rockets in the third stanza, and were never able to get back into the contest.

The T-birds grabbed a quick lead, scoring on a double reverse pass play from Mike Davies to Charley Thompson that covered 70 yards.

Davies managed to break loose for a 25-yard scoring jaunt in the fourth period. The TD brought the score to 27-12 for the Rockets. Contra Costa scored again in the game as added insurance.

A 50-yard scoring run by Davies was called back in the last minute of play.

La Morinda closed out their season with three victories against five defeats.

A final team banquet will be held in two weeks, at which time awards will be made.

## Falcons-Devils, 26-26 In CCD Game of Year

With the use of Mt. Diablo's favorite trick play, the halfback to quarterback pass, the College Park Falcons tied the Devils 26-26 at the Pleasant Hill turf last Friday night.

The Falcons will take on the Ygnacio Valley Warriors this afternoon on the Clayton Valley field. The Warriors were walloped by Pittsburg last week, 61-0. If Mt. Diablo beats Pitt tonight College Park will be only a half game out of first.

Mt. Diablo Coach Hart Fairclough said it was one of the best games he has ever seen and College Park mentor R. V. Johnson said six of the best high school backs in the county were on the field at the same time.

THE FALCONS tied it with 1:33 remaining in the contest when Dick Larscheid took the pitchout from quarterback Al Oldfather and looked for the long man, Jim Chaney, but instead hit Oldfather at the right end position. He took it about 10 yards past scrimmage and went all the way for a 23-yard scoring pass play.

Larscheid had to hurry his conversion boot as three Devils were charging at him and the kick was low and to the left. The Falcons scored early in the initial period when Bob Snook blocked Jim Brian's punt and Dennis Jordan recovered on the Mt. Diablo 30. Six plays later fullback Bobby Roberts pushed over from the five. Larscheid's kick was off to the right.

On the second play of the second period Diablo tied it when halfback Denny Jones blasted through the line for a 41-yard tally. Tom Joseph recovered a Falcon fumble to set up the score.

TERRY McPHEE missed an important PAT kick and the score remained tied 6-6.

College Park came right back with a 63-yard drive on seven plays. With the Devils applying the red dog, Oldfather lobbed one over the heads of the on-rushing linemen to Otvos for a 45-yard TD.

Diablo took its turn in the scoring duel driving 70 yards in 10 plays. Jones' 51-yard scoring romp made the score 13-12 and Brian's run for the PAT failed leaving the Devils one point shy.

Devil tackle Mike Parslow pounced on a College Park fumble at the 15 and Jones, three plays later, scored his third TD of the night on a seven-yard run.

THIS TIME Jones relied on power instead of speed as he carried two Falcons into the end zone with him. Schomaker's extra-point run pushed the Devils ahead, 19-13.

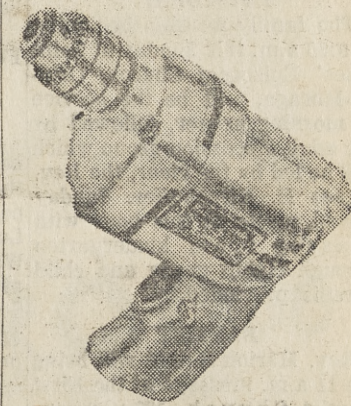

The Falcons went in on a 62-yard march on 14 plays when Bobby Roberts rammed over for a two-yard score. Larscheid's trusty toe put the Falcons in front, 20-19.

Glen Grober's 27-yard romp around left end climaxed a 67-yard drive on six plays for the final Devil six-pointer. Schomaker's run made it 26-20.

Then with 1:33 left the Falcons scored the Mt. Diablo pet play for the tieing touchdown.

## Nissen Sparks Knights To 26-7 Win Over Lobos

Having pulled themselves into a first place tie at the expense of San Ramon last week, Las Lomas will be seeking to insure themselves of at least a share of the Foothill Athletic League championship tonight when they meet the dangerous Alhambra Bulldogs.

Last week, Brian Nissen returned to his backfield position, and his running was the highlight of a 26-7 victory over the Wolfpack.

Sharing the spotlight as the high point of the game were the two field goals registered by Randy Brannum. The feat was accomplished for the first time, and put Brannum in the FAL record books.

San Ramon, striking fast in the first quarter, took a short lived 7-0 lead.

After being forced to relinquish the ball after threatening on their first drive, San Ramon recovered a Knight fumble on the 39-yard line.

Three line shots had moved the ball to the 20-yard marker. From this point, Jim Parker exploded through a hole at tackle and gobbled up the entire 20 yards for a TD. The PAT was good.

After a Knight drive fell short on the nine-yard line, Las Lomas forced the Lobos into a kicking situation deep in their own territory.

At this point, the center of the

Las Lomas forward wall converged on the kicker, blocking the punt. Roger Woodsmall received credit for blocking and recovering the kick in the end zone.

Brannum's kick was good to knot the score at 7-7.

Dave Allasia ran a San Ramon punt back to the Lobo 36-yard line in the closing minutes of the first half. Grinding out the yardage on the ground with Brian Nissen and Bill Staley doing yeoman work, the Knights moved in for the score. The capper came on a quarterback sneak by Mike McGinnis with slightly more than a minute left before the intermission.

In the third quarter, McGinnis connected with Nissen with a pass out in the flat. Nissen faked beautifully and sped into the endzone on a 27-yard scoring play.

Field goals of 30 and 22 yards by Brannum added insurance to the Knight cause.

Again it was the aggressive defense and the balanced offense that combined to account for the Knight victory.

Coach Duane Louis singled out Mike Rahn and Eric Shaffer for their work in the ball game. Nissen's running also pointed out as a highlight of the contest.

Mike Menesini, Hank Drabin, Dave Mauer, Daryl Razzano and Steve Alexakos all played fine ball.

## Fur & Fin

## There're Some Red-Faced Men Around; Gal Gets Elk

GEORGE R. WHITE

LONG'S BAIT SHOP—SAN PABLO—Red Turner says that erecting old linesides is on the fair side. Try buoy 10 with bullheads . . . salmon not even warm and steelhead, we'll have some guy got 4 out of Berryessa trollin' deep usin' Okie-Dokie.

DON'S BAIT SHOP—CLEAR LAKE HIGHLANDS—cats' and crappies are still good . . . black bass startin' to pick up, but slow, over the weekend one guy got a limit and McGee got four, so that's some encouragement.

MY SPIES report that an immense number of ducks are waiting for the weather to change up north. It's still quite warm, but any day, real quick like, it'll change and down they come, and when they do it's expected to be a banner year for 'em. So my advice is to watch the newspapers for a change in the weather up north and also listen to the radio, both of these are good tip-offs. And by-the-way have your gear ready, weather changes on a moments notice and you won't have much more notice than that.

Gun club is going to put their range to good use. To start with they're going to have a Saucer shoot for turkeys and chickens at 200 yards. This is their annual fall shoot. . . Also a 30-cal. match and a trap shoot for turkeys and chickens. Anybody game. All the above on Nov. 17 at their range.

RALPH AND DONNA WHITE, along with four other members of the Bay Point Rod and Gun club have just returned from Idaho elk hunt. It seems that something happened while on the trip. Well, it went this way. The male members of the club are going to the next club meeting and walk in backwards, but Donna White, she can smile and walk in with a sun shiny face a beamin'. She was the only one to get an elk, and a cow elk at that. Keep it up Donna, those stout hearted men can take it! Other club news is sketchy, as the summer has put a kink in a lot of club activities, plus election of officers and etc. And with the hunting season in full swing, its going to be a bit hard to corral the club secretaries for news, but this column will be getting hot real quick like.

## Art Center to Show Through November 30

The Valley Art Center opened its new exhibit by members of its Artists' Guild with a preveue party and dinner for the exhibiting artists last Friday at the Valley Art Gallery, 978 Hough Street, Lafayette.

The exhibit will continue through November 30 and include works by: Jonathan Batchelor, Peter Blos, Bobbie Blume, Bill Boothe, Blanche Brody, Gloria Brown, Robert Carson, Vivian Cook, Michael Czaja, Sylvia Fein, Teddy Gardner, Ann Gerald, Frankie Gilmour, Nell Hirschkind, Ruth Howard, Don Osterloh, Thyra Schaefer, Jessie Thomason, Rolfe Williams. The exhibit can be seen during the regular gallery hours, daily except Sunday, 2-4 p.m.

## COURT RULES

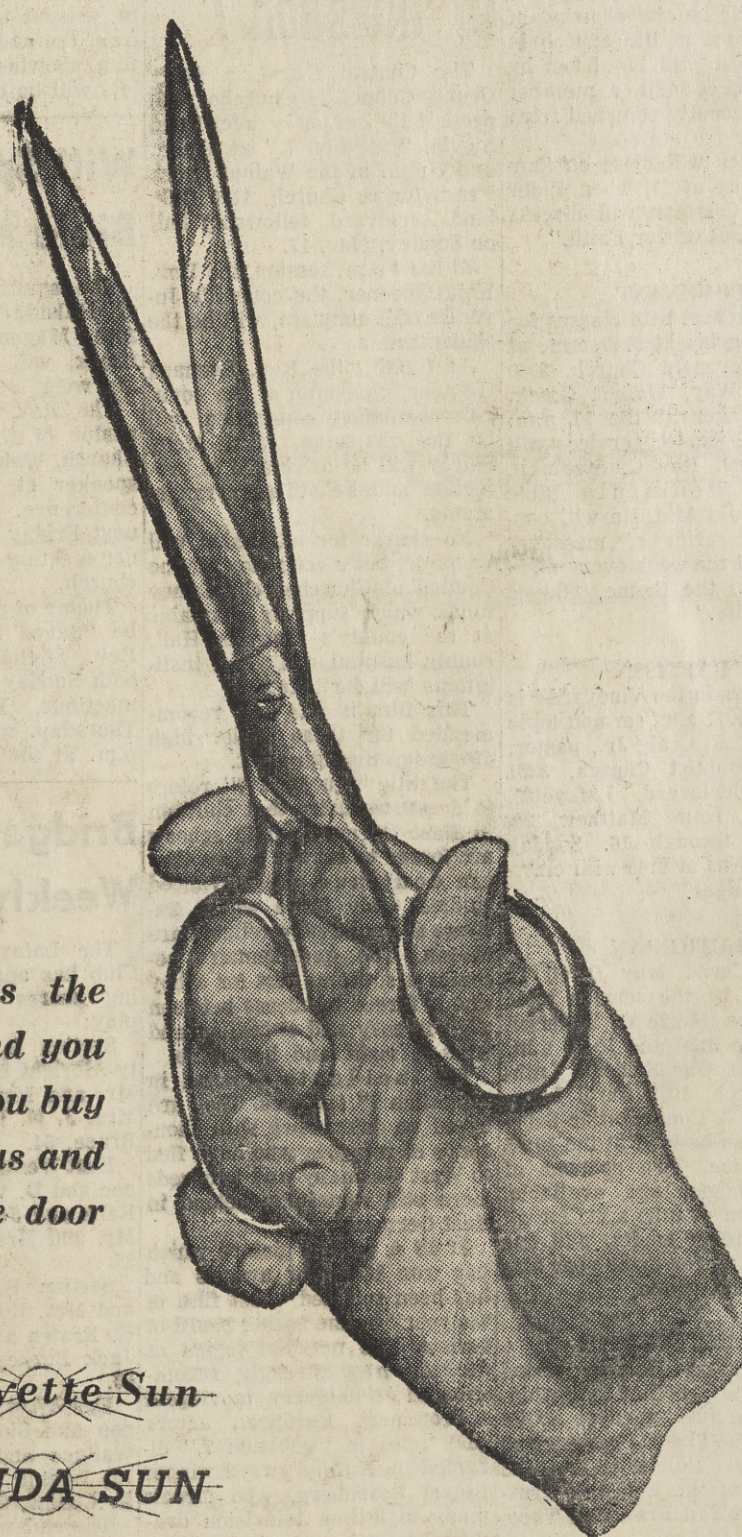

The Supreme Court denied a hearing to a widow who unsuccessfully sued two cigaret companies on grounds that they were responsible for the lung cancer death of her husband in 1955. The court's action let stand a decision against Mrs. Victoria St. Pierre Lartigue handed down by the 5th U.S. Circuit Court of Appeals in April. Defendants were R. J. Reynolds Tobacco Co. and Liggett & Myers Tobacco Co.

# Go to Church Sunday

## CHRISTIAN SCIENCE

The Bible Lesson for this Sunday is entitled "Adam and Fall in Man."

Services are held in First Church of Christ, Scientist, 22 Orinda Way, Orinda, Sundays at 9:30 and 11 a.m. and Wednesdays at 8 p.m. Sunday School is at 9:30 and 11 a.m. Child care is provided at all services.

First Church of Christ, Scientist, 3422 Mt. Diablo Boulevard, Lafayette, holds church services on Sundays at 11 a.m. and Wednesday at 8 p.m. Sunday School convenes at 11 a.m. Child care is provided during the Sunday morning service.

Church services and Sunday School classes are held in First Church of Christ, Scientist, 2 Eckley Lane, Walnut Creek, on Sunday mornings at 9:30 and 11 o'clock. Wednesday evening meetings are held at 8 o'clock. Care for infants and small children is provided at all services. First church of Christ, Scientist, Pleasant Hill, located at Kahrs Avenue and Boyd Road, holds Sunday morning church services at 11 o'clock.

## BAPTIST

"A Short Walk With Sorrow" will be the Rev. Jack Sondericker's sermon for the Sunday morning worship service which starts at 11 a.m.

The church is located on Moraga Road about a half mile north of Rheem. There is Sunday school for all ages starting at 9:45 a.m.

## METHODIST

Dr. Kenneth Adams, district superintendent of the Sacramento-Nevada District of the Methodist Church, will be the speaker at the services of the Walnut Creek Methodist Church at 8, 9 and 11 a.m., Sunday. Church school classes will be held at 9 a.m. for nursery through 6th grade, and at 9:50 for jr. high through adults, in the 100-minute program. At 11 o'clock church school classes will be held for nursery through 8th grade.

## EPISCOPAL

The family worship beginning at 9:30 a.m. this Sunday at Saint Giles' Episcopal Church, Orinda-Moraga, will be the service of morning prayer, followed by the adult discussion group which will be led by the vicar, the Rev. James H. Kirchhoff. Sunday School meets at this hour with classes from kindergarten through eighth grade and child care is provided.

## BAPTIST

Rev. Marion Haight will bring the 11 a.m. message at the First Baptist Church, 132 Gregory Lane, Pleasant Hill. Junior church at 11 a.m., Sunday School, 9:45, classes for all ages. Young People's meeting 6 p.m. Evening service 7 p.m. Rev. Haight will speak.

## SUBURBAN BIBLE

Sunday morning at the regular 11 worship service of the Suburban Bible Church the Rev. Gray Lambert will deliver the morning message on the theme of "Guided Sons."

At 9:45 the graded Sunday school classes of the church will meet with study of the Scriptures for all ages.

## PRESBYTERIAN

Stewardship Sunday will be observed at the Community Presbyterian Church of Danville Sunday with Rev. Orville L. Shick speaking at both the 9:30 and 11 o'clock services. Pledge cards will be placed on the communion table in an act of dedication. Sunday church school will be held at the same hour for nursery through juniors. Junior high and senior high classes will meet at the 11 o'clock hour, and the adult class at the 11 o'clock hour.

## BAPTIST

"Mighty in the Scriptures" will be discussed by Rev. Bruce Parker at the 11 a.m. Sunday service of Grace Baptist Church, 3201 Stanley Boulevard, Lafayette, preaching from Matthew 20, verses 1 through 16. Sunday school begins at 9:45 with classes for all ages.

"Broken Seals" is the topic of the evening sermon with Rev. Parker occupying the pulpit. Sunday school is held for persons of all ages Sunday at 9:45 a.m. Baptist youth fellowship meets at 6 p.m.

## PRESBYTERIAN

"Money—Root of All Evil" will be the sermon topic explored Sunday at the 9:45 and 11 a.m. common worship services at Grace Presbyterian Church by Pastor Robert E. Williams. Leading in worship will be lay readers John C. Glynn and Cy B. Walker Jr., and the Chancel Choir directed by Roland Wyatt, director of music and accompanied by Mrs. Rae Duncan. Child care will be available for both services.

Sunday church school at Grace Church begins at 8:30 a.m. with classes for junior and senior high and adults; at 9:45 a.m. with classes for pre-school through juniors, and at 11 a.m. classes for pre-school through primary.

## EPISCOPAL

St. Anselm's Episcopal Church will offer Holy Communion services at 8 a.m. and morning prayer and Holy Communion at 10 a.m. Church school also meets at 10 a.m. and there is nursery care for the young members. Sermon at both services by the vicar, Stanley B. Smith.

## UNITY

"Darkness Dispelled" will be the sermon topic of Warren A. Stewart, assistant to Rev. Marie M. Giles, Sunday at the 11 a.m. devotional service of the Walnut Creek Unit Church.

Sunday School and Youth of Unity meet at 9:30 a.m. on Sundays with classes for all ages.

## METHODIST

"The Business of Being Christian" will be the sermon topic of the Reverend George E. Berry at the Lafayette Methodist Church, 955 Moraga Road, Lafayette. Sunday worship services are held at 9:30 a.m. and 11 a.m. Nursery care is provided during both services. Church school for all ages, through high school, is held at 9:30 a.m. An adult class, led by Orville Evans, is held at 9:30 a.m.

## METHODIST

"The Ministry of Committing" is the sermon topic of the Reverend John L. Dodson, minister of St. Mark's Methodist Church, 451 Moraga Way, Orinda, at the 11 a.m. worship service Sunday. The Chancel Choir, directed by Mrs. John Holzinger, will present "My Shepherd Will Supply My Need" as the anthem.

A coffee hour follows the morning service.

## CONGREGATIONAL

"The Value of a Good Memory" will be the sermon topic of Rev. C. Eugene Sill, minister of Hillcrest Congregational Church, 401 Gregory Lane, Pleasant Hill, at both the 9:30 and 11 a.m. Sunday worship services. Sunday School will be held at the same hours.

Junior and Senior Pilgrim Fellowship will meet at 7 p.m.

## LUTHERAN

"Adventuring in Faith" will be the Sunday sermon topic of the Rev. Richard M. Bennett, pastor of Shepherd of the Valley Lutheran Church, 433 Moraga Way. Worship services are held at 8:15 and 11 a.m. with Sunday School at 9:30 a.m. A nursery is provided for young children during the 11 o'clock service.

## LATTER DAY SAINTS

"World Missions Week" will be presented today at 7:30 p.m. by the Reorganized Church of Jesus Christ of Latter Day Saints, 1786 Second Street, Walnut Creek. The theme of the program will be "Around the World With Our Missionaries and Members," and one special feature will be the showing of colored slides of the church in Tahiti. These will be shown by Miss Joanne Condit, a member who has recently returned from the island.

The series will close on Sunday morning at 11, when Elder Sylvester Coleman will discuss "Foundations of Our Faith."

## COVENANT

Sunday school with classes for all ages begins at 9:45 a.m. at Hillside Covenant Church, 2060 Magnolia Way, Walnut Creek. Guest speaker at the 11 a.m. and 7 p.m. Sunday services will be the Rev. Ray C. Stedman, pastor of Peninsula Bible Church, Palo Alto. He will continue his series of messages throughout the week every night at 7:30 on the theme, "Saved By His Life."

## BAPTIST

"Laborers in the Vineyard" is the Sunday 11 a.m. sermon topic of Rev. R. E. Craig Jr., pastor, Calvary Baptist Church, 3201 Stanley Boulevard, Lafayette, preaching from Matthew 20, verses 1 through 16. Sunday school begins at 9:45 with classes for all ages.

## LUTHERAN

"That Christ May Dwell In You" will be the sermon topic of the Rev. Merle O. Tollefson at both the 8:30 and 10:45 a.m. services at Our Savior's Lutheran Church, 1035 Carol Lane, Lafayette. A Confirmation Service will also be held at the 10:45 a.m. service. Two sections of Sunday School are available. One section at 9:30 a.m. for all ages including adults, and one at 10:45 a.m. for three year olds through first grade.

## PRESBYTERIAN

Dr. Thomas Holden, stated clerk of the Synod of California, will be the guest speaker at the Moraga Valley Presbyterian Church. Dr. Holden is also the president of the Board of Trustees of the San Francisco Theological Seminary. Worship service is held at the old Moraga School at 11 a.m.

## CHRISTIAN

At Lafayette Christian Church, 3419 Golden Gate Way, the Rev. Darwin A. Mann will preach the third in a series of sermons on Bible books, with Leviticus being the topic. Church school classes for all ages meet at 9:45. A new class for young adults began recently. Nursery care is provided at both hours.

## PRESBYTERIAN

The Lafayette Orinda Presbyterian Church, 49 Knox Drive, Lafayette, will hold Sunday worship services at 9:30 a.m. and 11 o'clock. The Rev. Robert Merritt will give the sermon "The Man for Others" at both services.

Church school classes for all grades through senior high will meet at 9:30 and 11 o'clock and nursery care will be provided at both services.

## Norman Thomas To Speak on Peace at Church

Norman Thomas, national chairman of Turn Toward Peace, will speak Sunday morning at 11 o'clock at a special meeting at Acalanes High School, Lafayette, sponsored by the Mount Diablo Unitarian Church.

"Thomas will speak on the world situation as it relates to peace," said the Rev. Aron S. Gilmartin, minister of the local church, who will conduct the meeting.

The Mount Diablo Unitarian Church is giving up its customary service in favor of this public meeting in order that a larger number of people may be able to attend.

Thomas is spending two weeks in the Bay Area speaking in support of the Peace Centers in Northern California established by Turn Toward Peace.

"IT IS A privilege to be able to present this distinguished American to the people of Contra Costa County," added Mr. Gilmartin.

Thomas is a graduate of Princeton and Union Theological School. He was a minister in the tenement districts of New York City for a number of years, leaving the church after he became a pacifist during World War I. In these years he worked for peace, civil liberties and civil rights. He joined the socialist party and quickly became its leading spokesman. He has become nationally known, and has run six times for President of the United States as a socialist.

## Church Council Offers Showing Of 'Question 7'

The Central Contra Costa County Council of Churches will present the widely acclaimed movie, "Question 7," at 4 p.m. and 7 p.m. in the Walnut Creek Presbyterian Church, 1720 Oakland Boulevard, fellowship hall on Sunday, Nov. 17.

At the 4 p.m. session, the Rev. Keith Sooner, the council's juvenile hall chaplain, will be the chairman. At 7 p.m., the Rev. Leonard Gilmour, chairman of the council's chaplaincy committee, will be the chairman. Mrs. Mary Shirley will be in charge of projection and seating arrangements.

No charge for admission will be made, but a collection for the Council of Churches chaplaincy funds which supports chaplains at the county's juvenile hall, county hospital and penal institutions will be taken. This film is highly recommended for those junior high age group through adult.

The title "Question 7" refers to a questionnaire that children in East German public schools are forced to answer before they can continue with advanced studies. Only those whose answers are politically reliable are chosen. The questionnaire becomes a supreme test for a boy who is forced to choose between what is easy and expedient and what is right and honorable. The incidents depicted in "Question 7" are true. They are based on interviews with thousands of refugees who have fled to West Germany and hundreds more still remaining behind in East Germany.

IT IS A motion picture which has won 22 major awards and has been selected "best film of the year" by the nation board of review. The national legion of decency has strongly recommended it to every moviegoer. Prominent European actors play roles in "Question 7," directed by Emmy award winning Stuart Rosenberg, who directs many nighttime television dramas. The film was produced by Lothar Wolff of Louis de Rochemont Associates.

## Food Conference To Be Held Wed. For All Schools

Homemaking students at Del Valle High and Acalanes High will take part in a Contra Costa twelve-school conference on nutrition and "Food for Teen Fitness," Wednesday at 1 p.m. to 4 p.m., in the Creative Arts Building, Pittsburg.

Students at Del Valle High have correlated their home economics and nutrition instruction with courses they take in physical education, art, and science. Mrs. Evelyn Bachelor, Del Valle Home Economics instructor and student assistants Barbara Welch and Lynda Cottam will head that high school's home economics contingent and offer an exhibit at the nutrition conference.

Miss Mary Carmichael, home economics instructor at Acalanes High, and student assistants Ann Shanton, Judy Stengaard, and Cathy Steinback will lead a group of ten Acalanes High home economics pupils to the foods meeting. Acalanes students have developed a project around "Good Nutrition and Dental Health" for presentation at the afternoon session.

Mrs. Rose Magnesi, cafeteria supervisor for the Acalanes Union High School District, will participate in a nutrition discussion on "snacks."

Dr. Floyd I. Marchus, superintendent of public schools in Contra Costa County, will welcome the 200 students from twelve high schools who will attend the conference.

Keynote speakers include Dr. George M. Briggs, chairman of the Department of Nutritional Sciences at the University of California and Miss Leona R. Shapiro, Lecturer in Public Health Nutrition at the University of California. They will outline opportunities for better health through good nutrition.

## Film on Cancer To Be Shown

The American Cancer Society's film entitled "Time and Two Women," will be shown to women of St. Perpetua's Guild, St. Perpetua Church, 3454 Hamilton Road, Lafayette, Tuesday at 8:30 p.m.

"This public meeting is part of the joint effort of Catholic women of the diocese and the cancer society to help women protect themselves against uterine cancer, common killer which can be virtually eliminated with known, simple precautions," Mrs. R. A. Carne of Lafayette, program chairman, reported.

Through arrangements with the cancer society, Dr. Lawrence E. Smith of Oakland will be present to answer questions from the audience following the film showing. Take-home leaflets will be distributed.

## Will Speak at Bible Meetings

The annual Bible conference of Hillside Covenant Church, 2060 Magnolia Way, Walnut Creek, will be held this coming week, starting Sunday.

The Rev. Ray C. Stedman, pastor of the Peninsula Bible Church, Palo Alto, will be the speaker at all sessions of the conference, which will close next Friday with a potluck dinner meeting at 6:30 p.m. at the church.

Theme of all the meetings will be "Saved By His Life." The Rev. Stedman will speak at both Sunday services. Weekday meetings, Monday through Thursday, will be held at 7:30 p.m. at the church.

## Bridge Club's Weekly Score

The Lafayette-Rheem Bridge Club has announced the following scores from last week's play:

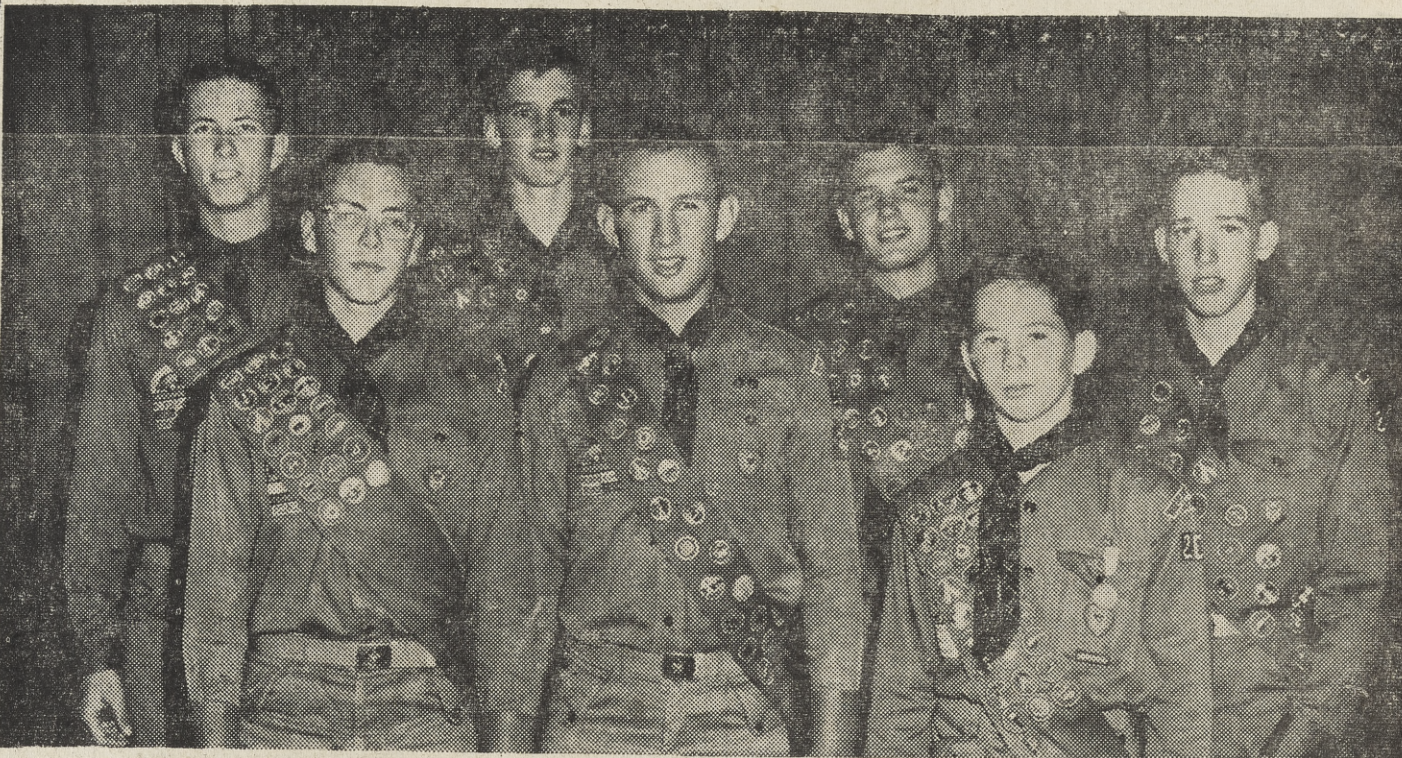

Section A, North-South: Betty Albright and Ruth Fields, 84; Mr. and Mrs. Don Schulte, 66; Mrs. J. N. Damato and Wayne Bruce, 64.

East-West: Dr. D. F. Feulker and D. W. Major, 86; Peter Rank and Jerome Weitzner, 81; Mr. and Mrs. Antone Ivanetich, 65.

Section B, North-South: Mr. and Mrs. Robert Shipley, 75; F. E. Frates and G. Peterson, 68; Jack Burkes and Ken Crowell, 63.

East-West: Dolores MacKinnon and Sidney Cox, 84; Vera Wallace and Gladys Bergman, 70; Norma Mulks and Charles K. Collins, 69.

The club meets every Wednesday at 7:30 p.m. at the Lafayette School. The public is invited.

**EAGLE SCOUTS**—Seven members of Boy Scout Troop 204, Lafayette, Or-La-Mo District, received the award Saturday in ceremonies at Stanley School. The boys are (from left, front row): Robert Steven

Helm, Bruce Ross Vincent and Richard Charles Walton; (back row) Robert Schnoor McConaghy, Bruce Nicholas Guelden, Robert Douglas Buffington and Steven William McLeod. —Elwood Hansen photo

## State Enters Local Dispute To Avert Strike

The California State Conciliation Service has entered into the dispute between the Contra Costa County Employees Association, Local 1675, and the Contra Costa Housing Authority.

Henry L. Clarke, business manager of Local 1675, in a statement to the press declared that Local 1675 had called upon the services of the state conciliators in order to try to solve the present dispute before the members of Local 1675 who work for the housing authority go out on strike today. Clarke stated that the union wanted to demonstrate its responsibility and desire to solve this problem without having to strike, and therefore had called upon the state conciliation service to render its aid in attempting to bring about a peaceable solution to the present dispute.

The dispute centers around the union's demand for a collective bargaining contract with the employer, the housing authority. The authority entered into such a contract with Local 1675 and then, after having the contract held up for approval by the Public Housing Administration for over five months, the local board of commissioners of the housing authority unilaterally rescinded that contract.

## Obituaries SAURMAN

Funeral services were conducted recently in the Valley Lafayette Mortuary for Mrs. Evelyn Saurman, 55, of 3713 Mt. Diablo Blvd., Lafayette.

Mrs. Saurman was born in Nebraska and died in Berkeley. She is survived by her husband, Edward; sons, Robert Rigler, Placerville, and Earl Rigler of Walnut Creek; her mother, Mrs. Luella Peabody, Lafayette; a brother, Gerald Peabody of Hayward, and five grandchildren.

## WILLIAMS

Funeral services were held recently for Richard J. Williams of 1051 Orchard, Lafayette. The services were held at the Mt. View Cemetery, Oakland under the direction of the Chapel in the Valley Lafayette Mortuary.

Williams, who died Sunday, was a member of the Park Boulevard Masonic Lodge 508. He is survived by his wife, Augusta; daughters, Mrs. Katherine Fergus and Mrs. Rosemarie Minor, both of Lafayette; a sister, Mrs. Margaret Rowland, and brothers, Ernest and Stanley Williams and four grandchildren.

**SPEAKERS**—At the seminar held by the United Cerebral Palsy Association of the county last week included pediatrician Dr. Ronald L. Thiele, Mrs. Una Haynes (center) and Dr. Marianne Frostig. Theme of the all-day seminar was "Expanding Horizons for the Neurologically Handicapped Child." —Sun photo

## County Dentists Ask for Sugar-Free Fund Raising

A contest to determine the best sugar-free fund raising idea was announced today by Dr. Lee R. Winters, president of the Contra Costa Dental Society.

The contest is open to all charitable organizations in Contra Costa County. All proposals will be eligible for competition. Dr. Winters noted, except those involving the sale of candy, cakes, cookies or other sugar-containing foods.

First prize in the contest will be \$50, second prize \$25 and third prize \$10. The society president noted that all entries must be 100 words or less and signed by the president and secretary of the organization submitting the entry.

Dr. Winters said that the Contra Costa Dental Society had been carrying on an educational program for many years, calling for a positive and consistent program of education and practices for better dental health. He noted that there had been encouraging success evidenced

by changes in fund-raising methods in and out of the schools.

However, he pointed out that in enough instances funds continue to be raised through the sale of candy, cakes and cookies. For this reason the dental society hit upon the idea of a contest for fund-raising ideas that do not involve the sale of candy, cake or cookies.

Closing date for all entries will be Nov. 20. All entries must be mailed by that date to Dr. David S. Tittle, public information director, Contra Costa Dental Society, 2100 Monument Boulevard, Pleasant Hill.

## Widow Leaves \$150,000 Estate

Mrs. Margaret H. Bowers, who died Jan. 27 at the age of 69, left an estate valued at \$154,435. State Appraiser Jack Stoddard filed the inventory in Superior Court, Martinez, last week.

Mrs. Bowers' late husband, Jack, was founder of the Armature and Ignition Supply Company of Oakland in 1919.

Included in the estate were 48 shares of stock in the company, valued at \$47,305; \$50,000 in Oakland property; \$22,500 in Lake Tahoe land; \$30,000 in Moraga Woodlands and a home at 53 Oak Drive, Orinda.

## Heralding The Holidays

The lowly tin can and egg carton—in holiday splendor—shared the spotlight with exotic decorations from around the world, Monday through Thursday at the 12th annual Holiday Decorations program presented in the Oakland Auditorium.

The program, "Heralding the Holidays," was given without admission charge by members of garden clubs from Contra Costa County as well as Berkeley, southern Alameda County, Oakland and San Francisco, with cooperation of the Oakland Park Department, the Oakland Park Commission, and the Oakland Chamber of Commerce.

Evalyn Bell (standing) of Walnut Creek, and Grace Grayson of Pleasant Hill, designed this exhibit for the program. Both belong to the Di-

ablo Women's Garden Club.

Another club member, Mrs. Stanley D. Bush was in charge of presenting a varied program for the public at 9:30 Tuesday morning.

An estimated 125,000 persons converged on the auditorium during the four days to learn from experts how to utilize inexpensive materials found in almost everyone's attic, garage, or basement in making the home more attractive for the approaching season of festivities.

## Therapy Thrift Shop's Annual Sale to Begin

The annual Antique and Christmas Gift Sale of the Therapy Gift Shop will begin December 3.

At the recently held combined meeting of junior and senior members of Linnet Unit, it was decided to hold this event one week later than usual because of the Thanksgiving holiday. Mrs. Irving Kraemer was hostess to the group in her Walnut Creek home.

The merchandise for this sale has been collected throughout the year. New articles have been contributed by members.

Thrift Shop hours are Tuesday through Thursday, 10 a.m. until 4 p.m. Friday and Saturday from 10 a.m. until 3 p.m.

## N. H. Group to Meet Wednesday

Miss Violet Sprague, educational psychologist with extensive experience in the field, will be the speaker at next Wednesday's meeting of the Contra Costa chapter, California Association for Neurologically Handicapped Children.

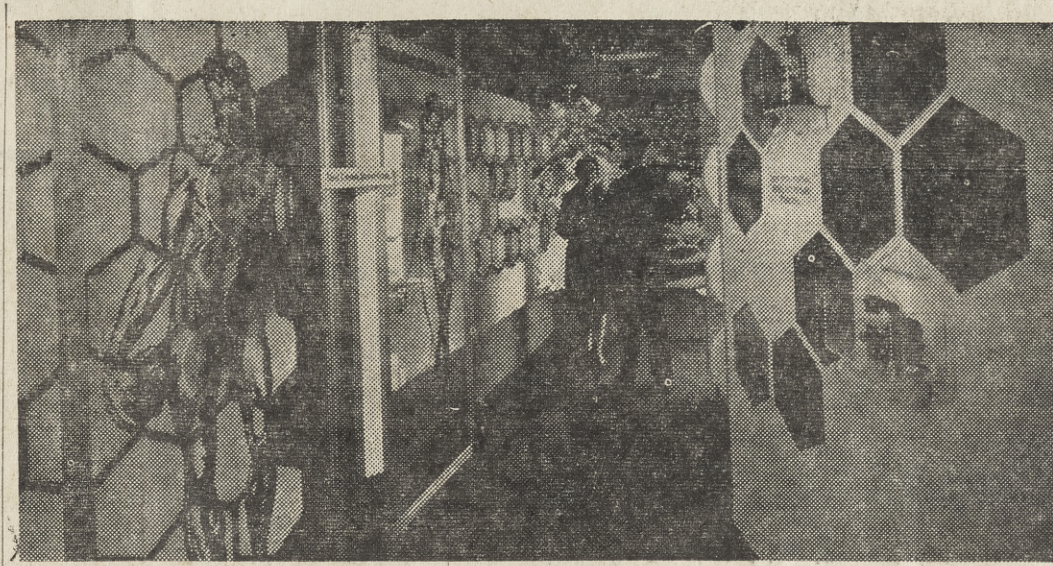

The meeting, which will open at 8 p.m., will be held in room 10, Buena Vista School, 2355 San Juan Avenue, Walnut Creek. In addition to the speaker, the program will include a business meeting and a social period.

A women's auxiliary of the county chapter was formed at a meeting Wednesday at the home of Virginia Semrau, Lafayette.

## Peace Officers Get Diplomas

Forty nine officers from 29 Northern California police and sheriff's departments were awarded certificates of graduation from the 32nd session of the Diablo Valley College Peace Officers Training School at a ceremony held Saturday.

Thirteen of the men were from Contra Costa law enforcement agencies. The latest class brings to almost 2000 the number of peace officers who have graduated from the school since its inception in 1949.

**CANCER CAN BE CURED**—find out how by visiting the American Cancer Society's travelling scientific exhibit which comes to Contra Costa County for four weeks, opening in Pleasant Hill tomorrow and Sunday, at the Payless Shopping Center. Monday and Tuesday the exhibit will be open to the public in Walnut Creek, at the Broadway Plaza near Lucky Market. It will be stationed at Pleasant Hill High School on Thursday before continuing into other parts of the county.

## Sheriff Gets Two New Men

Sheriff Walter F. Young has announced the appointments of two new deputy sheriffs to his staff at the Contra Costa County Sheriff's Department.

The first appointment is Ronald K. Sillers, 29, San Leandro. Deputy Sillers is a 1951 graduate of Acalanes High School, Lafayette, and with the United States Navy during the Korean conflict.

Deputy Sillers was hired to fill the vacancy created by the retirement of Deputy Sheriff Robert A. Penny in September, 1963.

Andrew H. Leinweber, 31, of Milpitas is the second recruit. Deputy Leinweber fills the vacancy resulting from the September promotion of Deputy William E. Jackson to a new sergeant's position at the county jail.

## County Students Honored at Davis

Eight Contra Costa County freshman students at the University of California, Davis, were awarded certificates of Honors at Entrance in recent ceremonies on the campus.

Chosen on the basis of their outstanding, nearly perfect high school scholastic records were the following county students:

Caren D. Knight and Marilyn D. Ream, Walnut Creek, letters and science; Margaret A. Civiletti, Pleasant Hill, letters and science; Barry A. Gursky, Brentwood, agriculture; Judith M. Besso, letters and science; Thomas R. Decker, Richmond, agriculture, and Maryellen Vizcarra, San Pablo, letters and science.

## New Demo Club To Meet Friday

The newly formed Diablo Valley Democratic Club will hold its next meeting next Friday at the home of Hazel Sells, 903 Oak, Lafayette.

The nomination of officers will be combined with a social evening. The present officers are: Bill Casey, president; Ray Roberts, first vice president; Sylvia Nesbit, corresponding secretary, and Clinton Phalen, treasurer.

## IMPROVING

Private enterprise contractors continually are improving construction methods and thereby lowering costs as a result of intense competition, according to the Engineering

### Oil Well Brought In by Shell

Shell Oil Company this week completed another oil and gas well in Contra Costa County's Brentwood field, which confirmed what had been discovered more than a month ago. The well, Garaventa 12-10, gave further evidence of the presence of both oil and gas in the northwest portion of the field, a spokesman said. Earlier, Shell had thought this area contained only gas, but the

Maggiara-Capital 11-10 completed September 12, found both oil and gas.

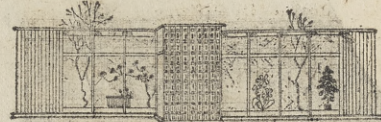

The new well, 1,000 feet west of Maggiara-Capital 11-10 was completed flowing 374 barrels of oil per day with 150,000 cubic feet of gas.

## Newsmen to Hear GOP's Election

Joseph Martin Jr., Republican National Committeeman from California, will address the Contra Costa County Press Club tonight on "GOP Strategy in the 1964 Presidential Campaign."

Martin, one of 150 committeemen who will direct the Republican campaign next year, will address the club, which is composed of newspapermen throughout the county, at Golden Gate Lanes Bowling Alley, El Cerrito.

THE COMMITTEEMAN was elected at the party's last national convention. As a resident of the GOP's convention city next year, Martin is also busy with arrangements for the party's 1964 conclave in San Francisco.

He was born in San Francisco, graduated from Yale Law School in 1939 and is presently a member of Allen, Miller, Groezinger and Martin in his native city.

MARTIN IS A Navy veteran, former public utilities commissioner in San Francisco, is active in redevelopment of the downtown San Francisco area, is a member of the executive committee of the San Francisco County Republican Central Committee, was treasurer of the GOP State Central Committee from 1956 to 1958 and headed the 1958 Eisenhower-Nixon campaign in Northern California.

## Hip Cats Strut Their Stuff

The Contra Costa and Sierra Cat Fanciers, members of the American Cat Association, will sponsor a cat show in the exhibition building of the Contra Costa fair grounds in Antioch December 7 and 8. Showing will begin at 10 a.m. and continue until 9 p.m. both days.

Proceeds will benefit the Contra Costa Society for the Prevention of Cruelty to Animals. The society, which is just completing its fifth successful year, will use these funds to further their program of animal welfare and rescue work.

A special feature of the cat show will be an event for the "just plain" cat. Entrants in this classification will be accorded the same privileges of purebred entrants. Judges will pick a king and queen based on the merit of beauty and condition.

Applicants for entry may be obtained by contacting the secretary of the Contra Costa Cat Fanciers, Mrs. Frank Morgan, 444 Wilson Ave., Richmond, telephone 234-4698. All applications must be in by November 17.

SERVICES

Members of the Engineering and Grading Contractors Association this year have performed many public services for their communities such as construction of baseball diamonds, Scout facilities and public parks.

## CONSTRUCTION COST

Government requirements such as licensing, permit requirements, inspection procedures and other factors add considerably to the cost of construction work in this state, according to the Engineering and Grading Contractors Association.

## AMA

A seven-member ad hoc committee to study the activities of the American Medical Association House of Delegates was appointed by Milford O. Rouse, M.D., Dallas, Texas, the speaker of the House.

SHOP AT HOME AND SAVE!

## Assn. for the Handicapped to Meet Wednesday

The newly-formed women's auxiliary of the Contra Costa Chapter of the Association for Neurologically Handicapped Children met Wednesday at the home of Virginia Semrau, 1118 Hilltop Drive, Lafayette.

The next regular meeting of Association's board of trustees will be held next Wednesday in Room 10 of the Buena Vista School, 355 San Juan Avenue, Walnut Creek, from 8 until 8:45 p.m. The speaker will be Miss Violet Sprang, an educational psychologist with extensive experience in teaching

### Civil Service for County Firemen, Candidate States

Firemen in county fire districts should be granted civil service status to improve morale in the departments, supervisorial candidate John C. Longaker said yesterday.

"These firemen should not be subjected to any possible political pressures or political whims," Longaker told The Sun. "Politics is for the politicians, not for our county employees."

Longaker, who will be one of the candidates combatting the incumbent, Mel Nielsen, for the District 2 post next year, charged that firemen of county fire districts have been "isolated" from enjoying certain privileges.

Firemen who have appealed for civil service status will have their request for uniform allowance and longevity vacation heard by the Board of Supervisors at 2 p.m., November 26.

"The mortality rate in fire departments is high," Longaker said, "because of the fire-fighting responsibilities attached to the job."

"EVERYTIME the alarm rings the possibility always exists that a fireman will have to risk his life to save a life or someone's home. Sudden high speed and concentrated hard work are vital factors of his job."

"If a fireman has so little security in the type of work he is doing it's only fair and equitable that he and his family enjoy the protection of civil service status."

Longaker, a long-time labor relations consultant and former councilman in the city of Albany said all county workers should receive the same benefits.

### Audubon Group To Make Field Trip Tomorrow

Members of the Mt. Diablo Audubon Society will make a field trip tomorrow to the Sacramento Wild Life Refuge, nine miles south of Willows on Highway 99 West.

In announcing the trip, Lynn D. Farrar, Lafayette, general field trip chairman, asks those planning to take part to get in touch with him. The group will meet at 9:30 a.m. at the refuge gate.

Farrar also announced that the regular monthly meeting of the society will be held at Diablo Valley College, Golf Club Road, this coming Thursday.

Meeting in Room 211, Science Building, the group will hear Mrs. Engra Lusebrink, Concord, give an account of her two weeks stay at the new summer camp of the National Audubon Society, Dubois, Wyoming. She will illustrate her talk with color slides of the flora and fauna of the region.

# Dollar Days (Final Fall Sale) Come To Broadway

Days of fantastic bargains that no one can afford to miss. That, briefly, is the real story behind the huge Dollar Day sales being conducted today through Nov. 9 by all the stores in Walnut Creek's Broadway Shopping Center.

Broadway Shopping Center merchants are going all out in their efforts to have available real bargains for their customers in this Dollar Day event, according to George Webster, chairman of the Broadway Merchants Association.

AN IMPORTANT element in these bargains is "Broadway merchants are making these Dollar Days their final clearance sale of fall goods," Webster pointed out. "This being the case you just know there are going to be some wonderful bargains."

"And these bargains will be available during all days of the Dollar Day celebration," he continued. "Don't forget, in addition to regular day time hours, all stores will be open two Friday evenings for the convenience of our customers."

## Electrical Expert Speaks to Demos

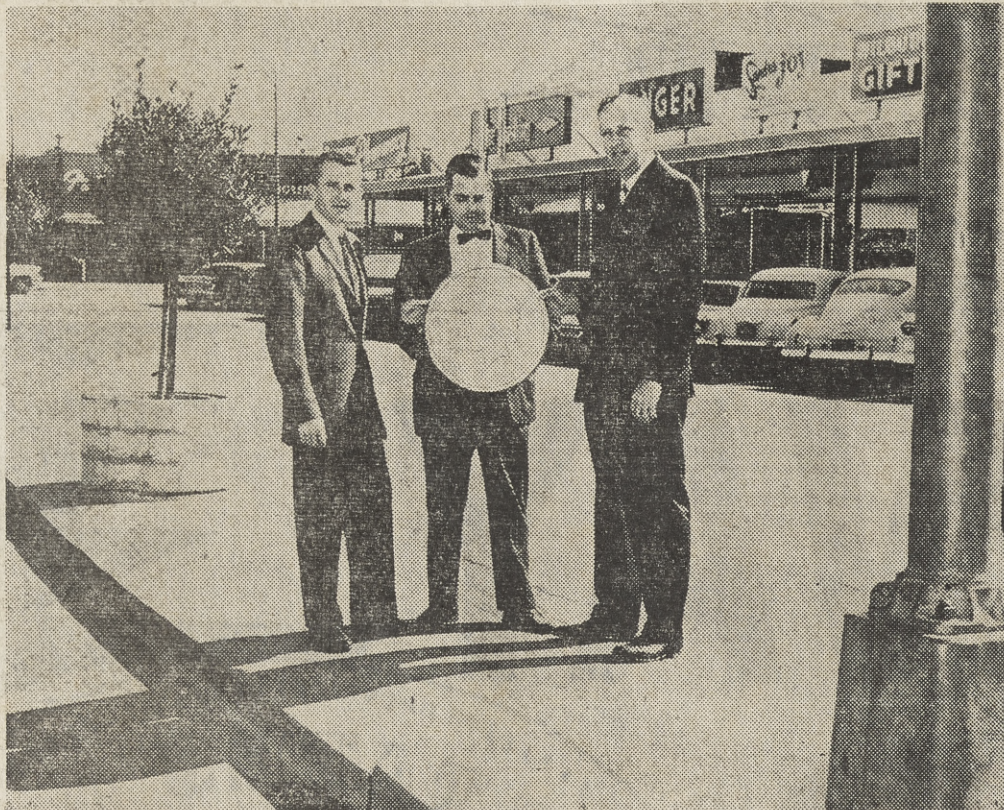

Sam Casalina, safety consultant to the International Brotherhood of Electrical Workers and to Kaiser Aircraft and Electronics, will speak at 8 p.m. tomorrow to the Walnut Creek Democratic Club.

The meeting, open to the public, will be held at Kellogg's in Walnut Creek. Casalina, an authority on radiation levels, fallout and applied nuclear science, will answer questions from the audience.

"This meeting will be non-partisan and informative," Jim Boman, president of the club, said. "We hope that a large group will be there."

## Stores Open Veterans' Day

Just a reminder—all stores will be open Monday, Veterans' Day. Regular Monday hours will be observed.

**DOLLAR DAYS DISCUSSION**—Against the background of just a few of the many stores participating in the mammoth Dollar Days bargain celebration being staged by the Broadway Shopping Center this week, discussing the event are, from the left, Phil Temple of Woolworth's, J. R. Underwood of the Singer Sewing Center, and Si Sherman, of Sandra Joy's Casuals. They are holding the emblem of the celebration, a giant silver dollar.

## New Automobiles Undergo Testing

Anyone who has been around this business of motoring for more than two or three decades will know that the American automobile has been getting steadily better as time goes by. While 35 years ago it was the usual thing for motorists to have breakdowns and to be getting towed out of holes by horses, today the going is much

smoother, cars last about twice as long, and go about four times as far. IN ANY explanation of this improvement, according to the National Automobile Club, one of the main points to be brought out is the way in which the average car has been put to constant test by the engineers who design it.

In the laboratory they drop 100-pound bags on steering wheels, strike steering knuckles with a 100-pound hammer up to 200,000 times, or open and close a door tens of thousands of times. Outside the laboratory they build great testing grounds that incorporate every kind of evil that a driver might encounter.

ONE SUCH area that has been constructed demonstrates the lengths to which the engineers will go to find out how their product stands up.

Just to find the location for this area took more than 12 years, and once it was found

great machines were moved in to reshape the whole surface by pushing around more than two million cubic yards of dirt and stone.

ONCE THE surface had been reshaped, another group of engineers went to work to build into the area difficult stretches of gravel road, paving block road, and rough brick road, muddy holes for cars to wallow through, hills that have gradients of up to 32 per cent and just about every other type of difficult terrain.

Over these roads the test drivers jolt cars by the tens of thousands of miles. In just one testing area during the past 30 years they have run up the amazing total of more than 100 million miles.

AND OUT OF it all they learn of a car's weakness and its strength and of the ways in which its running capacity can be improved. By means of the test, they find out what is best.

## Center Stores Open 3 Nights

In connection with the accepted fact that all Broadway Shopping Center stores are open Thursday and Friday evenings during the Dollar Day sales celebration this week, Si Sherman of Sandra Joy Casuals pointed out that Broadway Center stores are always open three evenings a week—Monday, Thursday and Friday.

"As a group of merchants interested in our customers and

their desires," Sherman said, "we discovered some time ago that many people in this area like to shop as family units."

"To give them the time and the opportunity to take advantage of the item available in our many varied stores we decided to try the evening hours."

"And it has worked out, so we'll continue it. Remember—we're open Monday, Thursday and Friday evenings throughout the year."

## Check These Cold Facts To Ward Off Sneezes

Is your family headed for a bout with the common cold? Check these "cold facts" for the answer:

The largest epidemics of the common cold occur when the seasons change and weather fluctuates frequently.

Children have twice as many colds a year as adults. Mothers of school age children have twice as many colds as fathers.

Back-to-school time is back to the "togetherness" of classrooms and school buses, exposing your child daily to germs carried by classmates.

If your family includes school age children these facts add up to the conclusion that you are a prime target for the fall's "sneezin' season."

What can you do about it? According to health experts, common sense is the only remedy for a cold, and the only means of preventing its spread. If you suspect your child is getting a cold, keep him at home and in bed. A child with a cold not only spreads germs to others, but is himself apt to contract other infections and should not be exposed to extraneous bacteria at school.

If a child catches a cold, teach him to follow these common sense rules:

1. Stay in bed, stay covered and quiet.
2. Eat well-balanced meals, stressing healthful foods such as meat, vegetables and fruits. Let thirst dictate liquid consumption.
3. Cover coughs and sneezes with disposable tissues. There is evidence that colds are spread chiefly by respiratory droplets and infected articles like handkerchiefs and towels.
4. Blow your nose gently, so that germs are not forced into the ears.
5. Always place used tissues in the wastebasket where others need not touch them.

## Chamber Music Series Starts At St. Mary's

The 1963-64 Chamber Music Series of the Contra Costa Committee for lectures, art and music for St. Mary's College opens tonight with the 8:30 appearance of the Mills Chamber Players.

THE CONCERT will feature the works of Mozart, Brahms, and Bartok.

Normally composed of four Mills College faculty members, violinist Nathan Rubin, clarinetist Morton Subotnik, pianist Naomi Sparrow and cellist Bonnie Hampton, the players will be augmented at St. Mary's by the addition of Linn Subotnick, violin, and William Pynchon, violin.

SEASON tickets for the series are still available from the college at \$7 for adults; \$5 for students. Individual tickets are \$2 and \$1.25 and will be available at the door. Concerts will be held in Oliver Hall.

## On the Road Cleanup Tip

Don't throw away the slivers of soap which remain when the bar is almost used. Let soap ends dry and wrap each in several tissues. Tuck the soap-and-tissue packets in the glove compartment of your car for on-the-road clean-ups.

You may like your own soap better than the liquids provided by most public washrooms, and the soft, strong tissues will come in handy for facial clean-ups.

**DOUBLE CELEBRATION**—In connection with this week's Broadway Shopping Center's tremendous Dollar Day celebration, Paul Spears, of Grodins, (left) is discussing with Phil Phillips of Kushins, the fact that for Phil it's really a double celebration. This week also marks the Charles Kushins Company's 30th anniversary.

Fall Looks Like A Second Spring In Local Gardens

If you doubt the old saying that California's fall is like a second spring, take a look in nurseries this month. You'll likely find blooming specimens of two spring standbys—camellias and azaleas.

According to the California Association of Nurserymen these "spring" beauties can sometimes be found as early as September and always by November with bloom on their branches.

Not all varieties, to be sure, but a good many of them, such as the azalea "Chimes" will break with unseasonal bloom in autumn. And others will take up where these early birds leave off, stretching the season for camellias and azaleas for well over six months of the year.

AMONG CAMELLIAS, it's the Sasanqua segment of the family which breaks first with fall bloom, and before they drop their petals the early Japonica varieties start to show up. These latter are the principal camellias of winter months and are also the dominant varieties in spring, bless them.

But first things first and, since fall belongs to the Sasanqua camellias, let's look at them more closely.

Exactly what makes a Sasanqua variety different from Japonica? If you look at one in C.A.N. nurseries, you will notice two things right off. First the blooms on Sasanquas are a bit smaller, but nonetheless attractive. Secondly, the framework of the plant is more willowy—more open and less rigid. They seem to be debating whether to stand up or lie down.

THIS LATTER habit makes the Sasanqua a most versatile plant. Since the branch structure is less formal and rigid, you can make it do things a Japonica would never submit to. A Sasanqua can easily be espaliered, for instance—laid flat against a framework of lattice.

Or, if you want to try something farther out, peg the branches down and make a camellia ground cover out of several shrubs. That's one ground cover that will draw attention.

An added note of interest about the Sasanquas: they can grow tall as in the Cleopatra and Hinode-Gumo varieties, or low as illustrated by Showa-No-Sakae or White Doves.

THERE ARE many named varieties in the Sasanqua family, though nowhere near as many as in the Japonica branch of the camellia tree. Look for Sparkling Burgundy, with large rose-colored double blooms—larger than most Sasanquas.

And look for the pink Showa-No-Sakae, an old favorite in the trade. Other Sasanquas: White Doves, Cleopatra, a rose-pink variety, the shell-pink Jean May, and Hinode-Gumo, with white blossoms edged in pink. Some of them you'll find already started as espaliers.

The earliest azaleas to bloom are selected varieties of the Belgian Indica type—for many an azalea lover, the favorite of all the various azalea types on today's market.

SWEET SIXTEEN, the double light pink, is one of the first to show color in early fall. This is a terrific azalea and a real winner since its introduction some years back. Madame Petrick Alba, a pure white beauty, is also early, showing color in October, and Madame Mestdag, a double with pink, red and white variegation, is also an early bird in the family. The best way to choose the early azaleas is to visit a C.A.N. nursery this week or next and choose the varieties which are now in bloom.

As most of us know, camellias and azaleas are both shade-loving plants and, while certain of the newer varieties will stand considerable sun, these early birds are best in shade or part shade. They like plenty of water, too, and early rains should not be relied on too heavily. Keep the hose handy to use between showers.

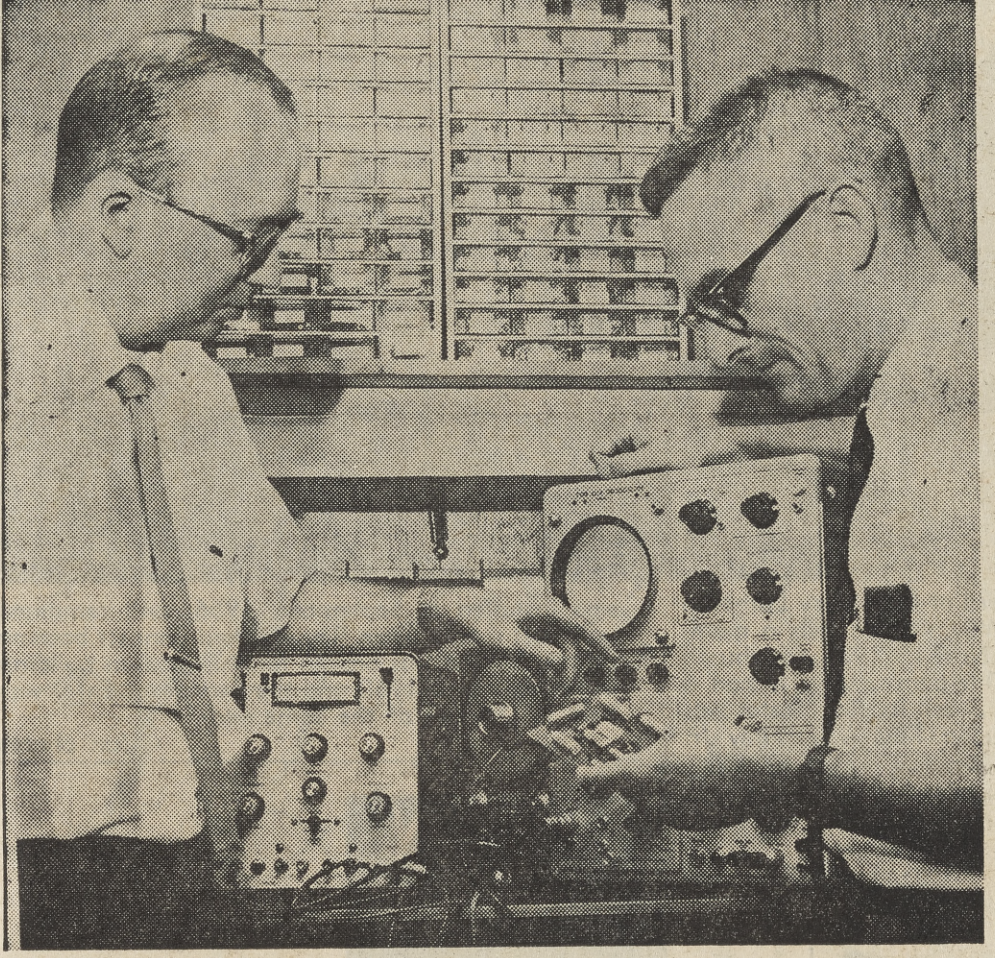

EVERY so-called expert has his favorite method of feeding camellias and azaleas. Some say to use only an acid type fertilizer—your C.A.N. nurseryman can recommend one.

Others say a combination of this with liquid fish is best. We even know gardeners who never fail with a feeding routine of pure fish fertilizer. Ask your nurseryman to give his advice.

It's Dollar Day at Penney's"—is Hal Monroe, assistant store manager. With him, looking over some of the many bargains being offered, is Marge DeBott of the Penney staff.

DIRECT NEW FIRM—Larry E. Brown, left, is chief engineer, and Stephen P. Cuff, right, is general manager of Cemco Instruments, a new firm which recently located in Pleasant Hill. Here Cuff and Brown, using an oscilloscope testing device, inspect one of their products.

Y's Men Name Youth of Month

The Y's Men's Club of the Mount Diablo YMCA has inaugurated a Youth Recognition Program, called "Youth of the Month," according to President Frank Lloyd.

Selected members of Hi-Y and Tri-Hi-Y clubs in the area are chosen each month and recognized for the accomplishments at the second regular breakfast meeting of the club. Both boys and girls are recognized, including selected officers of the student Hi-Y Council, an inter-club administration body.

The first students to be so recognized were Sue Mangini, Walnut Creek, and Kent Alm, Orinda, who were awarded letters of recognition recently.

The club, open to men interested in supporting the YMCA, meets for breakfast at the Walnut Creek Methodist Church, 1543 Sunnyvale Avenue, the first and third Saturday of each month at 8 a.m.

## Big Parking Garage Opens Very Shortly

"Construction is on schedule and we'll definitely be opening the new Broadway Shopping Center double-deck parking facilities for use some time this month," Chuck Richards announced this week in connection with Dollar Day activities.

Richards, of MacDonald Products Company, managers of the Center, pointed out that additional parking space will be ready in plenty of time for the Christmas shopping season at the Center.

WHEN completed, the parking structure will have convenient stairways leading from the upper deck. In addition, there will be a pedestrian ramp for the convenience of persons with baby stroller—"no bumping down stairs for baby—just a leisurely ride down the ramp." Plans also include rear door customer entrances from both levels of the park structure to the new stores along Broadway which back up to the unit. RICHARDS emphasized the

unique character of the new unit. "This will be the first two-story parking facility in the area," he said, "and the first one using pre-stressed concrete in its decking." Occupants of the new stores being constructed along the west side of Broadway will include Roos/Atkins, Kladezee, Leeds, Grodins, Sandra Joy, Birdie's and Taylor Luggage. Contractors for the building are Swinerton and Wahlberg.

## Tips on Packing Gifts to Mail

Packing a gift for mailing? Make sure it is both securely wrapped and present-pretty.

For mailing safety, use two boxes—an inner gift box and an outer mailing box. Make sure both are strong enough to protect the article. Even soft items such as clothing should be packed in boxes which will withstand possible rough handling and arrive intact. If breakable articles were not cushioned firmly at the store, use crumpled tissues to fill in the spaces.

Of course you'll wrap the inner gift box prettily, but be sure to choose packable decorations. Avoid paper with glitter trimming. The glitter rubs off easily and probably will be in the bottom of the box when your gift arrives.

Also, eliminate fluffy bows and novelty ornaments which are easily crushed and flattened. Select tailored trimmings for mail-proof beauty. Fasten ribbons with an attractive gummed sticker or use a knotted cluster of streamers.

Be sure to wrap the outer mailing box with sturdy twine. The address label should be typed or printed with indelible ink.

And don't forget your return address.

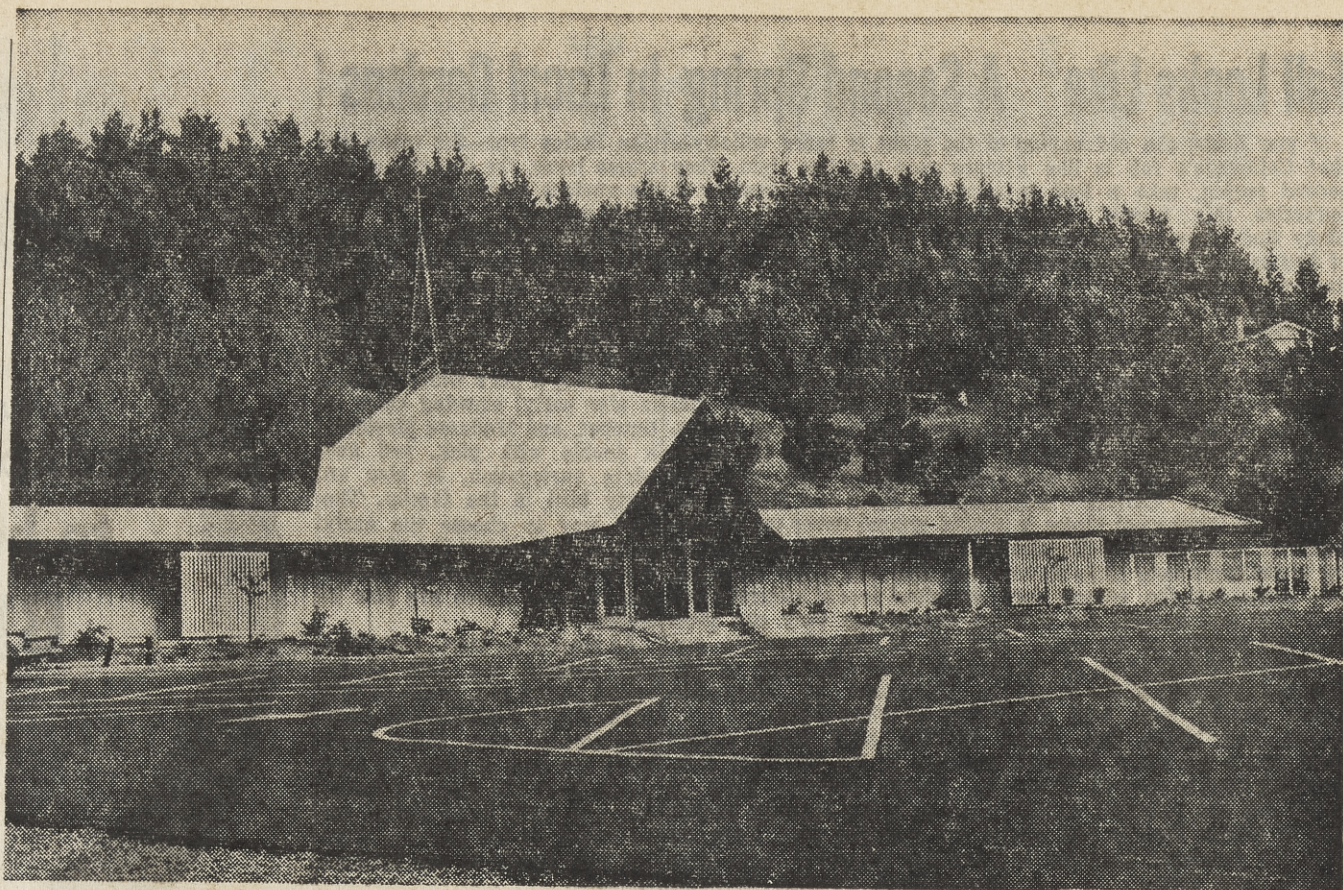

## Best Ways to Store Clothes

Actually one of the biggest and best one-stop shopping centers in the country.

That's the way many of Broadway Shopping Center's customers describe the center. "Park your car once and you're within easy distance of stores that can sell you almost everything from pins to tractors, from a bunch of grapes to furnishings for the entire house."

And with this variety, the Broadway Merchants Association members maintain the pledge of quality that was made when the center opened over 12 years ago:

"The Broadway Shopping Center pledges to serve you better with quality products for the home, for work, for play, for medical attention and for luxury living."

**NEW CHURCHES**—St. Mark's Methodist Church, of contemporary design, was completed in June, 1962. Situated on 6½ acres at 451 Moraga Way, it contains 4700 square feet of area. Architects were Reginald Inwood and Noris Gaddis, and Von

Guenther Construction Company was the builder. The church was founded in March, 1959, under the Rev. John Dodson, with 80 charter members. Its present membership numbers 200. —Sun photo

**LUTHERAN**—The Shepherd of the Valley Lutheran Church at 433 Moraga Way, Orinda, has a membership of 502. Organized Nov. 15, 1953, the church will soon celebrate its 10th anniversary. It had a charter membership of 122 and its first pastor was the Rev. Edward R. Andersen. Rev. A. S. Hidy Jr.

was installed in September, 1956, and remained until last month when Rev. Richard Bennett became pastor. Ground was broken for this modern building in the spring of 1960 and the Service of Entry was held in October of the same year. —Sun photos

## New Intimate Concert Series at Junior College

A series of intimate concerts new to Diablo Valley College will be presented in the recital hall of DVC's novel music building starting in January, it was announced by Dr. Herman H. Chrisman, chairman of the college Committee on Arts and Lectures.

The concerts, five in number, are being sponsored by the committee in cooperation with the Associated Students and are open to the public.

DR. CHRISMAN recommends advance reservations, inasmuch as seating is limited to 100. Series books at \$4 each are available from the committee or the college bookstore. Single admissions will also be sold at the door, subject to the availability of seating.

The first of the series will be given January 31 with the appearance of Philip Fath, principal clarinetist with the San Francisco Symphony.

He will be followed February 28 by Tanya Ury, pianist; March 20 by Isolde Ahlgrimm, harpsichordist; April 24 by Ludwig Altman organist, and May 29 by Joel Andrews, harpist.

ALL ARE artists of national

and international stature and repute.

Mrs. Ury, who has toured France, England and Holland, has introduced many works in first performance; Miss Ahlgrimm is recognized as one of the greatest interpreters of Johann Sebastian Bach in the world.

Altman has appeared as organ soloist under the batons of Pierre Monteux and Arthur Fiedler, and Andrews has composed, arranged and performed music for solo harp, harp ensembles, dancers, poets, plays, radio and television.

## Make Your Own Powder Puff

Bath powder in a shaker-top dispenser is a better traveler than a box of dusting powder which is easily upset in the suitcase. Better pack the shaker-top variety and make your own disposable dusting powder puffs en route.

Just open two Kleenex tissues, pleat and gather together in a soft rosette. Sprinkle bath powder into the folds of the tissue.

## Sewing Class For Adults at Acalanes High

A class in millinery for adults is being sponsored by the Acalanes Adult Education Center at Las Lomas High School. The class meets every Thursday at 7:00 p.m. in room 211.

Although the class has been operating since the beginning of the fall quarter, enrollment is still open.

"MANY WOMEN would be surprised how much technique and style they may learn from the class", states Elfreda Spenza, millinery teacher.

"It is not difficult to learn how to make a hat, contrary to many people who think otherwise."

Moreover, learning such a "MRS. SPENZA HAS had an extensive background in millinery, and for the past several years has taught millinery at the Laney campus of Oakland City College.

Interested persons may register for the class at the Acalanes Adult Education Center, 1200 Pleasant Hill Road, Lafayette.

**YOUTH CONCERT SERIES**—Pictured at the "kick-off" luncheon for ticket sales for the Central Contra Costa Youth Concerts Series Tuesday noon, from the left, Mrs. J. A. Cotterall, Pleasant Hill chairman; Mrs. Ned Floyd, Walnut Creek, ticket sales campaign manager; Mrs. Charles Merrell, Orinda-Moraga chairman, and Mrs. James Wilhelm, Lafayette chairman. The meeting was held at the Nut Bowl, North Main Street, Pleasant Hill. (Story on page 19.)

## Drugs and Car Deaths--County to Start Study

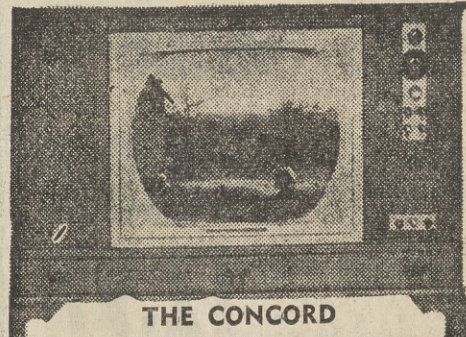

Dr. L. H. Fraser, coroner of Contra Costa County, said yesterday that his office will participate in a statewide study of the involvement of carbon monoxide, alcohol and drugs in single vehicle fatal traffic accidents.

He indicated that local police departments and the California Highway Patrol will join in the effort to find the underlying causes of the increasing number of single vehicle accidents.

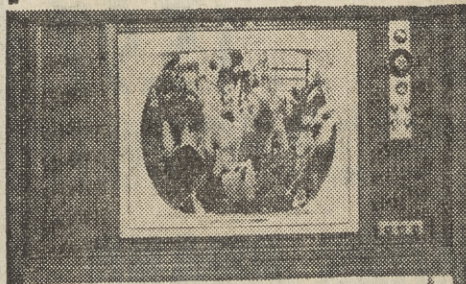

"TO MY KNOWLEDGE this represents the first time such a joint effort has been undertaken on this large a scale, and we are hopeful it will point the way to reducing our state's highway death toll," the coroner concluded.

## 'Look Back in Anger' DVC Play Opens Soon

"Look Back In Anger," by English playwright John Osborne, will be the fall production of the Diablo Valley College drama department.

UNDER THE direction of Harvey Berman, Diablo Valley College drama instructor, the play will open today and tomorrow, Nov. 14-18 and 21-23 in Diablo Valley's Viking Theater. Curtain time for all performances is 8:30 p.m. The public is cordially invited to attend.

"Since seating in the Viking Theater is limited to 100 persons per performance, tickets should be reserved by phoning the college at 685-1230," Berman announced.

"LOOK BACK In Anger" is the story of an embittered young Englishman who looks back because he has no incentive to look ahead, and looks back in anger because he has no brighter past than future, will include a cast of five performers. Jimmy Porter, the bitter young man, will be portrayed by Daniel Leite of Walnut Creek. Cliff Lewis, Jimmy's best friend, will be played by Dennis Schmidling, Walnut Creek. Jimmy's wife, Alison, will be played by Sandy Adams, Pleasant Hill, and her friend, Helena, will be portrayed by Georgia Swain of Concord.

## 3 From Area Go To Heart Meet

Drs. Mary L. Eilert and Marvin A. Epstein, Walnut Creek, and Dr. Peter Kunkel, Pleasant Hill, all directors of the Contra Costa County Heart Association, recently attended the annual meeting and scientific sessions of the American Heart Association in Los Angeles.

They were among an estimated 5000 physicians, research scientists and lay leaders from throughout the country discussing the newest developments in the nationwide effort to control and cure diseases of the heart and blood vessels.

Theme of this year's meeting centered on "Man in space—can man's cardiovascular system withstand the challenge of space exploration?" and "man on earth—what changes in man's environment and behavior will be needed for longer life?"

Mrs. Loyse Casebolt, executive director of the local heart association chapter, attended a staff conference Wednesday and Thursday preceding the convention meetings.

## 'Autumn Antics' Slated By Group For Next Week

Time out for fun and frolic will be the only item on the agenda on Sunday when Planned Parenthood board and committee members, together with other volunteers and everybody else who wants to come, join in "Autumn Antics" from 5 to 9 o'clock at the Montclair Women's Club, 1650 Mountain Blvd., Oakland.

This year's special event, to benefit Planned Parenthood's building fund for a new center, features a dazzling array of prizes to be given away as part of the entertainment. Music for dancing will be provided by a Dixieland band, made up of a group of local business and professional men known only as "The Incognitos." In addition, there will be auctions, both silent and vocal, together with buffet and beverages.

Standing are members of the council's scholarship committee, from the left, Howard Reed, George Kelty, Louis H. Martin and Hugh Caudel.

### Spray Faucets On Sale Now

Bowing to popular demand, Moen Faucets has just introduced two new spray models to their line of single handle mixing faucets for kitchen sinks.

Now, homeowners may have their choice of modern kitchen faucets with or without sprays, depending upon their needs.

Incorporating the same Dialset construction found in all Moen faucets, these new spray models are offered in two beautiful designs—a handsome lever-handled unit and a jewel-like lucite knob unit.

**BOTH UNITS** operate on the simple principle of raising and lowering the handle or knob for water volume control and turning from left to right for hot, cold or any water mixture in between.

The easy grip spray nozzles feature a quick acting thumb control that immediately diverts water from the spout for quick rinsing of dishes, vegetables, etc. The spray face delivers the same volume of water at the same temperature selected when you turn the faucet on.

With Moen faucets, there is never any fiddling with separate

handles because one handle does the work of two.

**MOEN DIALCET** construction has won wide approval from builders, plumbers and homeowners everywhere for its easy trouble-free operation. All Moen faucets feature this patented invention where all working parts are contained in a self-lubricated, permanently sealed cylinder.

If ever necessary, anyone can remove and replace the Dialcet cartridge in minutes, without special skill or special tools. Turn the water supply off, remove the handle assembly, slip out the old cartridge and slip in the new one.

#### ROAD MONEY

California will spend more for roads, streets, and highways during the next year than ever before in its history, according to the Engineering and Grading Contractors Association.

#### TODAY'S DOLLAR

Today's dollar buys more street and highway construction now than it did in 1957 as a result of improved contractor and equipment efficiency.

## Handy Make Your Own Christmas Projects

Handy do-it-yourselfers can capitalize on the festive air of the holiday season by coordinating gay table setting ideas and window treatments. A small, round table is the perfect foil for a floor-length Christmas cloth.

Make one of bright red or green cotton and trim with white swag-and-ball fringe around the bottom using a narrow zigzag stitch. Make matching seat covers and back cushions for the dining chairs in stylized Christmas tree shape.

TRIM TREE with fabric covered buttons in contrasting colors so that they look like flat Christmas tree balls. Singer sewing experts suggest you make a paper pattern of tree before cutting fabric which you

can also use to make extra trees to paste in your window shades. Add some ball fringe to the shade border and multi-colored flat button to the trees, and for a little time and effort and very little money—you'll have a delightful spot to entertain Santa.

GIVE YOUR bathroom an elegant holiday air, say the Singer sewing experts, by having your towels and window shades brightly decorated with amusing Christmas motifs.

Christmas bells, holly leaves, candy canes or other decorative candles are all easy to silhouette. Cut the appliques out of washable fabric in colors that lend a pretty contrast to your towels and applique with a zigzag stitch. Add several rows of

decorative stitch patterns to design to give your towels a special, custom look.

To complete your color scheme, paste one set of appliques on your window shade and cover a wastebasket with towel and trim with ball fringe. Artificially holly shade pulls will add still another imaginative fillip.

SINGER sewing experts have worked out a colorful felt version of the medieval banner for use as a novel Christmas decoration. You can easily make one yourself to hang over the mantel, the front door or on the wall like a picture.

Just select a favored Yuletide design, such as a pair of angels,

a jolly Santa, a scroll of medieval music that features antique-shaped musical notes on a white ground or a Christmas wreath. Make paper patterns of the component parts and trace these on gaily colored felt.

CUT THEM out and sew them on a large felt sheet to make a fine approximation of the handsome wall hanging that once graced the castle for Christmas dinner. As an added touch of gaiety, paste some of the same felt motifs on window shades.

Banners and shades are easy to roll up and save with your other Christmas ornaments till next year.

SHOP AT HOME AND SAVE!

## Program in 40 Years for Utility

During the 1962-63 fiscal year, East Bay Water conducted the largest construction program it has undertaken since it was formed 40 years ago.

Board President Louis J. Breuner made this statement in his message in the 1962-63 Annual Report, released yesterday.

"At the end of the fiscal year on June 30, the massive Water Development Program, which will touch every phase of district operations, was approaching the 70 per cent completion mark. The program is within the budget and well ahead of schedule," Breuner said.

BREUNER NOTED in his message to the public that a total of \$47,108,000 was invested in new and continuing water de-

velopment projects during the year.

Recalling some of the highlights of the year, President Breuner pointed out that a new chapter in the life of East Bay Water opened with the dedication of the "Giant M" Third Mokelumne Aqueduct on May 23. Completion of this, the largest single construction project in the Water Development Program, insures our ability to continue to deliver ample water to the rapidly developing East Bay for years to come, he said.

WATER STORAGE supplies, both locally and in the mountains, were in excellent shape at the end of the year, insuring ample supplies for the foreseeable future, Breuner noted.

### CONSTRUCTION SAFETY

Continual studies to promote better construction safety conditions, for both workers and the general public, are conducted by the Engineering and Grading Contractors Association.

### MORE ROADS

With motor vehicle registrations continuing to increase rapidly, more and better roads are an important necessity, according to the Engineering and Grading Contractors Association.

Capwell's Lingerie, Second Floor, WALNUT CREEK

**Preventive Care For Batteries**

To help you get the most out of your car battery in the wet, cold months ahead, the National Automobile Club suggests you follow these simple rules:

1. Have your dealer check your battery for charge once a month.
2. Have your battery generator settings corrected, if necessary, to assure proper charging.
3. Add only distilled water to the cells when necessary. So-called "pure" water contains many chemicals that will shorten the life of your battery.
4. Have your dealer inspect the cable connections at regular intervals.
5. Replace cables that have become eroded.

SHOP AT HOME AND SAVE!

**DRUNK ASTRONAUTS**

"Punch-drunk" astronauts are a possibility if their brains are unshielded from continuous bombardment by low-level radiation, says Dr. Ray Snider of the University of Rochester Center for Brain Research. The nervous system will "roll with the radiation punches for a little while," Dr. Snider reports, "but, as the effects accumulate, the brain suddenly breaks down." . . . WHITE OAK is in short supply.

**BE SAFE**—With the approaching rainy season and winter weather, Walnut Creek Chief of Police Leigh M. Brilliant this week warned motorists that one of the best safety measures they can follow is to keep their cars in good repair. Discussing some of the things about a car that can "wear out" without being noticed by the driver, is the Chief, talking with Ed LaMay of the Firestone Store, Walnut Creek, left, and Patrolman George Fortado.

**Side Traffic Can Be Very Dangerous in Heavy Fog**

With one of winter's most treacherous driving hazards—fog—now confronting motorists in many areas of the state, several tips on fog driving were offered yesterday by Walnut Creek Police Chief Leigh M. Brilliant.

Reduce your speed and turn on your headlights. These rank the first and second most important requirements for safe driving in fog, he said.

"THE STATE'S basic speed law now states that weather and visibility are factors that must be considered in determining whether a given speed endangers the safety of persons or property, Brilliant added. "This means that driving at the normal speed limit is illegal if fog makes that speed unsafe."

**A DOZE COULD CAUSE YOUR DOOM**

The monotony of driving for extended periods of time, especially on superhighways, often induces drowsiness in the average motorist.

Reduced activity, engine drone and tire hum and the normal strain of driving are factors that seem to produce tiredness even quicker on superhighways than on ordinary roads, according to the Association of Casualty and Surety Companies.

**Leaves on Roads Are Dangerous**

Autumn is here and the leaves are turning to brown.

They have started to fall and now many of our suburban streets and rural highways are coated with a carpet of brown.

All this is very picturesque. But the National Automobile Club points out that it can also be very dangerous. When rain falls on this brown carpet it becomes slippery and treacherous as ice.

Any sharp acceleration, deceleration or turning can bring quick disaster. Even the normal stopping distance, the distance that it takes to stop a car when the pavements are dry, is stretched out to the abnormal.

Under such circumstances the coefficient of friction between the tires and the road can be dangerously reduced by more than 50 per cent.

Remember these things while doing your autumn driving and you won't drive through picturesque countryside to an unpicturesque hospital ward.

**Scientists in Lecture Series**

Four research scientists from Shell Development Company's Emeryville research center are presenting lectures in two University of California engineering and sciences extension lecture series this fall semester.

Taking part in the "Modern Analytical Tools in Chemistry" are Dr. H. W. Johnson of Walnut Creek and T. C. Yao of Berkeley. Johnson's lectures on "Gas Chromatography" were presented on October 9 and 13.

A total of six lectures in the "Modern Electrochemistry" series is being given by Dr. D. B. Bruss of Orinda and Dr. R. S. Slott of Berkeley.

The lectures by Bruss are "Non-Aqueous Titrations."

**Segregation To Be Topic Thursday**

The Fair Play Council of Contra Costa County is having an open meeting Thursday at 8 p.m. at Acalanes High School, Room 303.

The film "Segregation Western Style" will be shown. Discussion will follow. The public is invited.

### Big Pow Wow at Pleasant Hill Tomorrow

Adult leaders from 38 Cub Packs of Mt. Diablo have signed up for the annual Cubbers' Pow Wow tomorrow at College Park High School, Pleasant Hill.

New this year is a section on Webelos Den organization and operation, directed by Norm Brannan, it was announced by Jay Cortes, general chairman.

ALWAYS popular is the crafts division, headed by Mrs. Joyce Ferrante. Emphasis this year will be given to projects for the coming year, she stated. Each den mother will make a craft

item to illustrate each of the next eight monthly themes.

"The sunny side of scouting," the games section, is under Paul Lovegren and his staff of instructors. They will teach games for dens and for pack meetings. Skits, puppets, and ceremonies will be taught by Hiram Wolf, assisted by Dick McKentley. Recognitions, installations, investitures, skits and stunts will be found in this section.

LEROY TARDIVILLE will lead a workshop section on pack administration, dealing with such subjects as pack committee operation, basic cub scout-

ing policies, program planning, outdoor activities, parent participation, records and budgets, summer program.

How to hold a Blue and Gold banquet will be presented by Mrs. Jean DeGraffenreid during the lunch hour. Table decorations, program features and organization for the event will be discussed.

REGISTRATION is at 9 o'clock, said Cortes. There will be a break at noon, and the course closes about 3:30 p.m. Certificates will be presented to all participants as fulfillment of partial requirements.

### Lee Lees to Play For Organ Society

Lee Lees will be the "Big Nov. 8, at the Women's Club Name Entertainer" at a concert of the Diablo Chapter Hammond Organ Society, according to an announcement by Lois Patrick, program chairman. The concert will be given at 8 p.m.,

Nov. 8, at the Women's Club building, Lincoln Avenue, Walnut Creek. One of the first guest artists to perform for the society after its formation, Miss Lees' appearance will be a return engagement. She is well known in this area, having appeared at the Monument Bowl, both in Concord and in Pleasant Hill as well as the Sea Wolf in Oakland. She is presently performing in El Cerrito.

## Perennial Borders for California Gardens

Volumes have been written on planting a perennial border, and almost to a paragraph, they are useless in California. Most are written for colder climates where snow covers the ground for a good many months. None consider that in California, the perennial border should be presentable for 12 months each year.

This does not imply in any way that Californians should refrain from planting a perennial border. We merely point out that the problem should be approached from a different angle. Annuals should be incorporated, in part, so that color can be a year round affair.

PERENNIALS of ever-blooming habit are often preferred to those of a showier disposition which put all their bloom in one month. Yet the latter should certainly be included, too.

In checking with the California Association of Nurserymen we find that one perennial which is always recommended is the Blue Marguerite, or Felicia. This durable little plant is almost ever-blooming and in the mildest areas will show some color year round, except when you cut it back, after which it takes a short time out to form a new framework of branches.

Blue Marguerite is as nearly foolproof as any plant can be, tolerating sun or part shade, poor soil and infrequent watering. When once established, it will often reseed itself, too, though don't count on it, for conditions must be just right for such a happy circumstance.

IN THE MIDDLE and front of a border, combined with Yellow Marguerites, which are also nearly ever-blooming, it can provide a big answer to the perennial problem, such as it may be. Most C.A.N. members are sold on the newer Tritomas, or Red Hot Pokers, if you prefer the common name. The subtle colors of many newer "pokers" belie the tag "red hot" with yellow and orange shades being prevalent.

IN THE REAR of the perennial border, with Blue Marguerite and/or Yellow Marguerites, Tritomas are deserving of special praise. They bloom in summer and fall and often in winter, making a real contribution to the color calendar.

Another durable and highly serviceable plant is English Lavender. Knowing gardeners use it lavishly in sunny borders where it always look presentable, though never spectacular. Its spikes of lavender are de-

know, and the grayish foliage is a feature in itself. Use it in conjunction with any of the above, and you won't be disappointed.

COMES NOW a plant which knows only limited use in California, primarily because it gets so little publicity. Many C.A.N. members praise the Showy Sedum highly, however, and so will you when you get to know it.

A succulent with gray-green leaves and clumps of 15-inch stems which are topped with flat heads of pink flowers in summer. If you remove old stems at ground level after they bloom, new ones will sprout up to take their place, so Showy Sedum's

spot in the border is seldom lightfully scented, as all of us bare and always neat.

It would be easy to grow a perennial border without a single herbaceous member, but it would also be a shame. Delphiniums especially should be included for they are never better than they are in California.

THERE ARE many, many more perennials in C.A.N. nurseries, both in flats and in nursery cans. Searching them out can become a hobby without any effort at all. And once you've got the perennial habit, you'll wonder how you ever got along without them. It's a nice habit to have.

DEMONSTRATION—Students at Gloriam left) Chris Tarp, Mike Bennett, Alan techniques for parents. Shown are (from School take part in language arts Talbot, teacher Mrs. Phyllis Wainwright, Jean Elkington, Matt Henning, teacher Miss Martha Meek, Ann Ruppenthal, Ingrid Lorensen, principal John Clark, Annie Lazaroff and teacher Warren Arnold.

### Joseph Magnin Will Build So. Calif. Outlets

Cyril Magnin, president of the board of directors of Joseph Magnin Co., Inc., recently announced to stockholders that the company has completed preliminary negotiations for signing a lease for a store in the Los Angeles area.

The firm plans to enter Southern California as a major market, building, within the next five years, an operation there with as many or more JM stores as there are now in the San Francisco Bay Area.

"IN OUR OPINION, this area offers great opportunity for rapid future growth for the company," Magnin said. "Up to now, the bulk of JM operations has been in Northern California and Nevada."

"We already have one store in Southern California, in Ventura, which we used as an experimental store to test the southern California market, and, we have now signed a lease for a store in Santa Barbara."

Within the next few weeks I am certain you will hear that we have signed one or more leases for stores in the city of Los Angeles. This will initiate our full-scale entry into southern California."

### Five Nominated To John Muir Hospital Board

Five persons have been nominated as trustees of the John Muir Memorial Hospital. They are: Incumbents Eugene C. Harter and District Attorney John Nejedly; and Arthur M. Flint, Orinda; F. Carl Merner, Lafayette; and Edson O. Sessions, Lafayette.

Three incumbents who asked not to be reelected at the November 25 annual meeting are Ivan Chappell, Dr. Howard Flanders and Frank A. Marshall.

Keep your crankcase oil at full level, advises the National Automobile Club.

Imperial, located in Imperial County, is reported by the National Automobile Club to be the oldest city in Imperial Valley.

## ARROYO NURSING HOSPITAL

For both convalescent and aged patients we emphasize restoration to maximum potential. We provide the finest of professional nursing care with registered nurses on duty around the clock and skilled therapy programs. But we go beyond that. We take every opportunity to make Arroyo a pleasant place in which to live. The delightful setting of great oak trees; the homelike, restful atmosphere of the tastefully furnished ranch-style building; the instinctive understanding and warmth of the carefully-selected staff; the recreation keyed to individual interests—all contribute to a program restoring both body and spirit. With capacity limited to 42, our staff of over 25 has ample opportunity to carry out this program.

NEWELL at CALIFORNIA, WALNUT CREEK

### Officer Says Heart Assn. Income Grows

A report from the treasurer of the Contra Costa County Heart Association at the end of the 1962-63 fiscal year brings out

the fact that the local chapter's income increased 13 percent over that of the previous year.

According to Mrs. W. B. Marschner, treasurer, income for the past year rose to \$77,872.94 from \$68,106.30 in 1961-62. The greatest increase shown by the figures is in contributions to the Heart Fund drive held in February. These contributions totaled \$58,863.71 for the past year, which is up from \$50,920.82 for the preceding year. Added to this amount is another \$14,610.98 in memorial gifts and \$3,826.50 from other sources.

A portion of the income derived is allocated to the American Heart Association and the California Heart Association for nationwide and statewide programs. This past year, allocations to these organizations totaled \$24,979.08. This left the local chapter with an amount of \$52,322.11 for local programs.

Greatest proportion of disbursements of the chapter went into the programs of research, education and community service. In addition to research funds contributed through the national and state organizations,

the Contra Costa County Heart Association made grants of \$13,300 for research studies in the Bay Area.

#### GRAPE VINES

Cuttings of grape vines from Spain were transplanted to New Mexico in the days of the first missions, according to the National Automobile Club.

#### YUBA CITY

Yuba City, located in Sutter County, is reported by the National Automobile Club to have been founded in 1849 on the site of an ancient Indian village.

### Cancer Exhibit Comes to Contra Costa County

"The American Cancer Society's traveling scientific exhibit coming to Contra Costa County communities Nov. 8 through Dec. 6 shows graphically how cancer can be cured," says county exhibit chairman Mrs. Lyle Palmer of Pleasant Hill.

Contained in a red and white trailer for easy access, the exhibit features an 11-step flasher panel illustrating contrasts between the orderly growth of normal cells and the disorderly growth of cancer cells.

Life-size anatomical drawings by Andreas Vesalius are silk-screened on clear plastic, with circles of red plastic superim-

posed to indicate the most commonly occurring types of cancer in men and women in another phase of the exhibit.

"Transparencies and scale models in the mobile unit are used to show how your doctor finds and treats cancer," Mrs. Palmer said.

Designed to carry vital information about cancer to people where they live and work, the traveling exhibit is scheduled in Contra Costa as follows:

Today there is a preview opening from 4 until 8 p.m. for American Cancer Society Volunteer leaders at the Payless Shopping Center in Pleasant Hill.

Saturday and Sunday, the unit will be open to the public at the Payless Shopping Center in Pleasant Hill, staffed by American Cancer Society volunteers, with take-home leaflets available on "Cancer Facts for Men," "Cancer Facts for Women" and "Is Smoking Worth It?"

Monday and Tuesday at Broadway Plaza in Walnut Creek, near the Lucky Market; Nov. 14 at Pleasant Hill High School; Friday and Saturday, Nov. 15-16, at Concord Shopping Center; Sunday, Nov. 17, through Thursday, Nov. 21 at Antioch and Pittsburg residents at the ABC Shopping Center in Antioch.

Saturday, Nov. 23 in Brentwood; Monday, Nov. 25 at Diablo Valley College in Concord; Tuesday, Nov. 26, at Martinez, in front of the Hall of Records; Wednesday, Nov. 27, at Pinole-Hercules, at No. 10 Lucky Store; Friday and Saturday, Nov. 29-30, at El Cerrito Plaza; Sunday, Dec. 1, at Seven Oaks Shopping Center, Richmond; Monday, Dec. 2 at Contra Costa Junior College, San Pablo; Tuesday, Dec. 3, at Richmond Union High School; Wednesday, Dec. 4, at Richmond Health Department Center; Thursday, Dec. 5, at Willamette Steel Shipyard, Richmond; Friday, Dec. 6, at Montgomery-Ward, MacDonald Ave., Richmond, and Saturday,

#### SMART STORAGE

To hide an unsightly rear door entrance where garbage cans, milk bottles and home deliveries clutter things, some architects are building a compact wood storage unit which contains garbage cans in one unit, a space for milk bottles in another and sometimes top them off with a flower planter.

#### DEADLY

Botulism toxin is the most deadly poison known to man. One one-hundred billionth (1/100,000,000,000) of a gram will kill a man.

Dec. 7, at El Portal Shopping Center, Richmond.

## To Do Play of 'ngry Young Man

DVC Viking players will perform the English hit play, "Look Back in Anger," this Friday and Saturday and the following two weekends in the Viking Theatre.

Written by John Osborne, Britain's first "angry young man" who sees no future for himself and looks back in anger because his past was no brighter than his future.

The cast includes Dalziel Leite as Jimmy Porter; Sandy Adams as his wife, Alison; Dennis Schmidling as Alison's best friend, Helena Charles, and Ed Gould as Alison's father, Colonel Redfern.

Tickets for the production may be reserved by phoning the college at MU 5-1230, or may be purchased at the door. Seating is limited to 100 per performance.

**ROAD SIGNS**

No citizen who has any consideration for his own safety or the safety of motorists will deface or destroy road signs, points out the National Automobile Club.

Put up for the protection of both pedestrians and motorists, these signs cannot fulfill their function if they are defaced or destroyed.

## Sale of Xmas Cards Offered

Christmas toys are being shown during November and December at the Garrett thrift shop along with Christmas cards at pre-season rates.

The shop is located at 3331 Mt. Diablo Boulevard in Lafayette, and is staffed by members of the guilds of the women's auxiliary of the John Muir Memorial Hospital.

Donations are received on Wednesday, Thursday and Friday of each week when the shop is open to the public from 10 to 4. Winter woollens are also going on sale at this time. For the month of November.

## 'The Best'—That's Shoppers' Word

Now's the time for storing summer clothes and putting fall apparel in order. But don't forget that your jewelry wardrobe needs change-of-season attention, too. Follow these cleaning and sorting tips to put "all that glitters" in top working order for fall and winter.

First, clear out an costume jewelry which is designed just for summer wearing and is taking up valuable space in your jewel box or drawer. For example, chalky white beads won't see the light of fashion until it's straw hat time again. (You might store summer jewelry and hats in the same box.)

Next, discard chipped and broken jewelry or have it repaired. If you can't wear it, don't keep it.

Now for the fall cleaning. Jewelry — real or frankly fake — is as susceptible to dirt as its owner. Give each item a careful bath in luke-warm suds, rinse thoroughly and use this quick-dry method.

Wrap each item of jewelry immediately in a tissue. Place all of the individually-wrapped items in a hairnet and hang or hold in front of your hair dryer. The stronger tissues will hold the jewelry without breaking through, and even cords of neck-

**NEW MEXICO**

Less than 50 years after the sailing of Columbus, according to the National Automobile Club, Spanish soldiers were riding up the valleys of New Mexico, bearing European metals, ideas, language and religion.

**PELICAN**

The pelican derives its name from Greek, according to the National Automobile Club. It has a huge beak, shaped like a great Greek pelekus or ax.

laces will dry quickly. When you put jewelry back in your jewel drawer or box, wrap each in a fresh tissue. This will prevent the tangles and scratches of jewel-box jumble.

**LOOK BACK IN ANGER**—Sandra Adams of Pleasant Hill and Dalziel Leite of Walnut Creek, leads in the Diablo Valley College production of the English hit play, "Look Back in Anger," mark time while stage technicians William Oswald of Concord and Michael Sigari of Antioch apply finishing touches to a stage prop. Harvey Berman's Viking Players will present eight performances of the play starting tonight.

MEAT PRICES EFFECTIVE NOV. 6-7-8-9 Except Lessed Depts.

## It's a small wonder!

A model airplane kit, a razor blade and a tube of glue are the necessary raw materials. Combine these with the dexterity, determination and desire of a young boy and you have the makings of a model airplane. To view the finished product you would agree, he is a small wonder. An other small wonder is a Sun Want Ad. Small in size, it is capable of performing big tasks when it comes to selling no longer needed items around the home. Call 934-5000 or 234-4444 today and a friendly ad-taker will be happy to assist you in wording your ad. Then you'll agree, a Sun Want Ad is truly a small wonder.
